## HOSTETTER'S STOMACH BITTERS.

The proprietors and manufacturers of HOS-TETTER'S CELEBRATED STOMACH BITl'ERS can appeal with perfect confidphysicians and citizens generally of the United States, because the article has attained a reputation heretefore unknown. A few facts upon this point will speak more powerfully than volumes of bare assertion or blazoning puffery. The consumption of Hostetter's Stomach Bitters for the last year amounted to over a half-million bottles, and from its manifest steady increase in times past, it is evident that during the coming year the consumption will reach near one million bottles. This immense amount could never have been sold but for the ray tion, and the safetion of the most prominent physicians in these sections of the country where the article is best known, who not only recommend the Bitters to their patients, but are ready at all times to give testimonials to its efficacy in all cases of stomachie derangements and the diseases resulting therefrom. FThis is not a temporary popularity, obtained by extraordinary efforts in the way of trum-geting the qualities of the llitters, but a solid extinction of an include. estimation of an invaluable medicine, which is destined to be as enduring as time itself.

Hostetter's Stomach Bitters have proveda Godselter's Stomach Bitters have proved-a Godsend to regions where fever and ague and various other biliqus complaints have counted their victims by hundreds. To be able to state confidently that the "Bitters" are a certain cure for the Byspepsia and like diseases, is to the proprietors a source of un-alloyed pleasure. It removes all morbid matter from the stomach purifies: the blood and alloyed pleasure. It removes all morbid matter from the stomach, purifies the blood, and imparts renewed vitality to the nervous system, giving it that tone and energy indispensable for the restoration of health. It operates upon the stomach, liver, and other digestive organs, mildly but powerfully, and soon restores them

to a condition essential to the healthy discharge of the functions of nature. Elderly persons may use the Bitters daily as per directions on the bottle, and they will find anit a stimulant peculiarly adapted to comfort declining years, as it is pleasant to the palate, invigorating to the bowels, excellent as a tonic, and column the state of and rejuvenating generally. We have the evidence of thousands of aged men and women who have experienced the behefit of using this preparation while suffering from stomach de-rangements and general debility; acting under the advice of physicians, they have abandoned all deleterious drugs and fairly tested the merits of this article. A few words to the gentler sex. There are certain periods when heir cares are so harassing that many of them sink under the trial. The relation of mother sink under the trial. The relation of mother and child is so absorbingly tender, that the mother, especially if she be young, is apt to forget her own health in her, extreme anxiety for her infant. Should the period of maternity arrive during the summer season, the wear of body and mind is generally aggravated. Here, is a necessity for a stimulant to recurse. then, is a necessity for a stimulant to recupe rate the energies of the system, and enable the mother to bear up under her exhausting trials and responsibilities. Nursing mothers generally prefer the Bitters to all other invigora-

tors that receive the endorsement of physicians, because it is agreeable to the taste as cians, because it is agreeable to the taste as well as certain to give a permanent increase of bodily strength.

All those persons, to whom we have particularly referred above, to wit: sufferers from fever and ague, caused by malaria, disrrhœa, dysentery, indigestion, loss of appetite, and all diseases or derangements of the stomach, superannuated invalids, persons of sedentary occupation, and nursing mothers, will consult their own physical welfare by giving to Hostetter's Celebrated Stomach Ritters a trial.

CAUTION.—We caution the public against CAUTION .- We caution the public against using any of the many imitations or counterfeits, but ask for Hospetter's Celebrated Bromach Bitters, and see that each bottle has the words "Dr. J. Hostetter's Stomach Bitters" blown on the side of the bottle, and stamped on the metallic cap covering the cork, and

observe that our autograph signature is on the label.

Syphilis and Mercurial Disease.

New Orlicuss, 23th Ameris, 1879.

Du. J. C. Ayin. Sir: I cheerfully comply with the request of your agent, and report to you sons of the effects I have realized with your Sarsagarilla.

I have cured with it, in my practice, most of the complaints for which it is recommended, and have found its effects truly wonderful in the cure of Tenered and Mercurial Disease. One of my patients had Syphillite alers in his throat, which were consuming his pather and the top of his mouth. Your Sursagarilla, steadily taken, cared him in the weeks. Another, was attacked by secondary symptoms in his nows, and the abereation had eaten away a considerable part of R, so that I believe the disorder would soon reach his brain and kill him. But it yielded to my administration of your Sarsagarilla; the disorder would soon reach his brain and kill him. But it yielded to my administration of your Sarsagarilla; the resteaded of the same disorder by mercary was suffering from this perison in her bones. They had become so sensitive to the weather that on a damp day she suffered grain to the lay your Sarsagarilla in a few weeks. I know from its formula, which your agent gave me, that this Preparation from your laboratory must be a great reinedy; consequently, these truly comarkable results with it have not surprised me.

Fraternally yours, G. V. LARIMER, M. D. Syphilis and Mercurial Disease.

One bottle cured me in two weeks, and restored my general health so main blact. I am far better than before I was attacked. I think if a wonderful medicine. J. PREAM.

Jules Y. Getchell, of St. Lenis, writes: "I have been affilted for years with an offection of the Liver, which destroyed my health. I tried every thing, and every thing failed to relieve me; and I have been a broken-down man for some years from no other cause than derangement of the Liver. My beloved pastor, th. Itev. Mr. Espy, advesed me to try your Sarsaparilla, because he sail he knew you, and any thing you made was worth trying. By the blessing of God it has cured me, and has so particled my blood as to make a new man of me. I feel your gargain. The best that can be said of you is not half good cough.
