STOMACH BITTERS.

The proprietors and manufacturers of HOS-TETTER'S CELEBRATED STOMACH BIT-TERS can appeal with perfect confidence to physicians and citizens generally of the United States, because the article has attained a reputation heretofore unknown. A few facts upon this point will speak more powerfully than volumes of bare assertion or blazoning puffery. The consumption of Hostetter's Stomach Bit-The consumption of Hostelter's Stomach ters for the last year amounted to over a halfmillion bottles, and from its manifest steady increase in times past, it is evident that during near one million bottles. This immense amount could never have been sold but for the rare medicinal properties contained in the prepara-tion, and the sanction of the most prominent physicians in those sections of the country physicians in those sections of the country where the article is best known, who not only recommend the Bitters to their patients, but are ready at all times to give testimonials to its efficacy in all cases of stomachic derangements and the diseases resulting, therefrom

And the diseases resuting therefrom.

5 This is not a temporary popularity, obtained
by extraordinary efforts in the way of trumpeting the qualities of the Bitters, but a solid
estimation of an invaluable medicine, which is destined to be as enduring as time itself.

Hostetter's Stomach Bitters have proved a Godsend to regions where fever and ague and various other billous complaints have counted their victims by hundreds. To be able to state confidently that the "Bitters" are a certain cure for the Dyspepsia and like diseases, is to the proprietors a source of un-nlloyed pleasure. It removes all morbid matter from the stomach, purifies the blood, and imparts renewed vitality to the nervous system, imparts renewed visinity to the nervous system, giving it that tone and energy indispensable for the restoration of health. It operates upon the stomach, liver, and other digestive organs, mildly but powerfully, and soon restores them to acquilition essential to the healthy discharge

of the functions of nature.

Elderly persons may use the Bitters daily as per directions on the bottle, and they will find in it a stimulant peculiarly adapted to comfort declining years, as it is pleasant to the palace, invigorating to the boxels excellent as a tonic. invigorating to the bowels, excellent as a tonic, and rejuvenating generally. We have the evi-dence of thousands of aged men and women who have experienced the benefit of using this preparation while suffering from stomach de-rangements and general debility; acting under the advice of physicians, they have abandoned all deleterious drugs and fairly tested the merits of this article. A few words to the rate the energies of the system, and enable the

gentler sex. There are certain periods when their cares are so harassing that many of them sink under the trial. The relation of mother sink under the trial. The relation of mother and child is so absorbingly tender, that the mother, especially if she be young, is, apt to forget her own health in her extreme anxiety for her infant. Should the period of maternity arrive during the sumiler season, the wear of body and mind is generally aggravated. Here, then, is a necessity for a stimulant to recupemother to hear up under her exhausting trials and responsibilities. Nursing mothers gene-rally prefer the Bitters to all other invigorators' that receive the endorsement of physicians, because it is agreeable to the taste as well as certain to give a permanent increase of bodily strength.

All those persons, to whom we have particularly referred above, to wit; sufferers from fever and ague, caused by malarin, diarrhica, dysentery, indigestion, loss of appetite, and all diseases or derangements of the stomach, superannuated invalids, persons of sedentary occupation, and nursing mothers, will consult their own physical welfare by giving to Hostetter's Celebrated Stomach Bitters a trial. CAUTION.—We caution the public against using any of the many imitations or counterfeits, but ask for Hostetter's Celebrated Stomach Bitters, and see that each bottle has the words "Dr. J. Hostetter's Stomach Bitters" blown on the side of the bottle, and stamped on the metallic cap covering the cork, and

Too much cannot be said of your Pills for the cure of costireness. If others of our fraternity have found them as efficacious as k have, they should join me in proclaiming it for the benefit of the multitudes who suffer from that complaint, which, although bad enough in itself, is the progenitor of others that are worse. I believe costireness to originate in the liver, but your Pills affect that often and since the disease. From Mrs. E. Stuart, Physician and Midwife, Boston. I find one or two large descriptions of your Pills, taken at the proper time, are excellent promotives of the natural secretion when wholly or partially suppressed, and also very effectual to change the stomach and repel norms.
