OAKEAND, Ind., cth Juny, 1859.

J. C. Ayric & Co. Gentr: I field it my duty to acknowledge what your Sarsaparilla has done for me. Having inherited a Secondous-Infection, I have suffered from it in various ways for years. Sometimes it burst out in Ulcers on my lands and parms; sometimes it turned inward and distressed me at the stomach. Two years ago it broke out on my kend and enverying scalp and cars with one-sore, which was painful and leathsome beyond description. I tried many medicines and several physicians, but without numbriels, from any thing. In fact, the discorder grew worse. At length I was rejoiced to read in the Gospel Messenger that you had perpared an alteralize (Sarsaparilla), for I knew from your reputation that any thing you made must be good. I sent to Cincinnati and got it, and used it till it cured me. I took it, as you advise, in small doses of a texpoonful over a month; and used almost three bottles. New and healthy skin soon began to form under the seab, which after a while foll off. My skin is now clear, and I know be my feelings that the discuse is gone from my system. You can well believe that I feel what I am saving when I tell you, that I hold you to be one of the aposition of the age, and remain ever gratefully, Yours.

Syphilis and Mercurial Disease.

New Onleans, 25th August, 859.

Dr. J. C. Ayen, Sig: I cheerfully comply with the request of your agent, and report to you some of the effects I have realized with your Sagsaparilla.

I have cured with it, in my practice, most of the complaints for which it is recommended, and have found its effects truly wonderful in the cure of Peneral and Mercurial Disease. One of my patients shall Syphillite aleers in his threat, which were consuming his palate and the top of his mouth. Yours Sarsaparilla, steadily taken, cared him in the weeks. Another was attacked by see ondary symptoms in his nose, and the devention had enten away a considerable part of it, so that I, helieve the disorder twould soon reach his brain and kill him. But it yielded to my administration of your Sarsaparilla; the theers healed, and he is well again, not of course without some disfiguration of the face. A woman who had been treated for the same disorder by neverty was suffering from this poissor in her bours. They had become so sensitive to the weather that on a dampt day she suffered excentising pain in her joints and bones. She too, was cared entirely by your Sarsaparilla in a few weeks. I know from its formula, which your areast gave me, that this Preparation from your laboratory must be a great remedy; consequently, these truly remarkable results with it have not surprised me.

Fraternally yours. G. V. LARIMER, M.D. Syphilis and Mercurial Disease.

This is a remedy so universally known to surpass any other for the cure of throat and lung complaints, that it is useless here to publish the evidence of its virtues. Its unrivalled-excellence for coughs and colds, and its truly wonderful cures of pulmonary disease, have made it known throughout the civilized pations of the learth. Few are the communities, or even families, among them who have not some personal experience of its effects—some living trophy in their midst of its victory over the subtle and dangerous disorders of the throat and lungs. An aperient and stomachic preparation of IRON purified of Oxygen and Carbon by com-bustion in Hydrogen, of high medical author-ity and extraordinary efficacy in each of the Ollowing complaints, viz.:
DEBILITY, NERVOUS AFFECTIONS, EMA-

MENSTRUATION, WHITES, CHLOROSIS, etc., PIMPLES ON THE FACE, ROUGHNESS OF THE SKIN, etc.

The IRON being absorbed by the blood, and thus circulating through the whole system, no part of the body can escape their truly wonderful influence.

The experience of thousands daily proves that no preparation of Iron can for a moment be compared with it. Impurities of the blood, depression of vital energy, pale and otherwise sickly complexions indicate its necessity in almost every conceivable case, In all cases of female debility (fluor albus, chlorosia, etc.), its effects are delightfully renovating. No remedy has eyer been discovered, in the whole history of medicine, which exerts such prompt, happy, and fully restorative effects. Good appetite, complete digestion, rapid acquisition of strength; with an unusual disposition for active and cheerful exercise, immediately follow its use. As a grand stomachic and general restorative it has no superior and no substitute.

Reliable Testimony.

We call the attention of the reader to the following letter from President Smith, formerly of Wesleyon University, and now of Annapolis, Md.

.. MIDDLETOWN, Conn., Peb. 28, 1859. FETH W. FOWLE & Co. - Gentlemen : - I flot made use of the Orygenated Bitters some seven or eight years since. Having suffered for twenty years from a form of dyspepsia, which was attended with a us headache, on an average of not less than on day in a week, I was induced, by the unpretending recommendation of Dr. Green, "to try one bottle, and if no benefit was received to discontinue the use." The use of one bottle warranted a further trial, to the

extent of some three or four, with a careful observance of the accompanying directions. The result was, an almost entire relief from the usual dyspeptic symptoms and their depressing, painful consequences. I believe these Bitters produced an entire change in the habits of my system, and upon the active energies of the digestive organs. I now deem myself as exempt from Dyspepsia as most persons: These Bitters have also been of serrice to other members of my family. Very respectfully yours,

AUGUSTUS W. SMITH.

RICHMOND, Tioga Co., Pa., Aug. 25, 1852. GENTLEMEN, -- After suffering for more than thereig years with Dyspepsia, and trying many remedies recommended for that disease without any good result, I was induced, by Dr. F. H. White of Mansfield, to give the Ocygenated Bitters a trial. I took two bottles, which gave me so much relief that I purchased two more, which have nearly or quite effected a cure. I am now hearly seventy-five years of age, and for three months past have felt no inconvenience from my food. afflicted with Dyspensia and its concomitant diseases. A. HEBARD

SAYRE & BRO , Agents, Montrose. (dec22 HOSTETTER'S STOMACH BITTERS.

The proprietors and manufacturers of HOS-TETTER'S CELEBRATED STOMACH BIT-TERS can appeal with perfect confidence to physicians and citizens generally of the United States, because the article has attained a reputation heretofore unknown. A few facts upon this point will speak more powerfully than volumes of bare assertion or blazoning puffery. The consumption of Hostetter's Stomach Bitters for the last year amounted to over a half-million bettles and from its manifest steady. million bottles; and from its manifest steady increase in times past, it is evident that during the coming year the consumption will reach near one million bottles. This immense amount could never have been sold but for the rare medicinal properties contained in the prepara-tion, and the sanction of the most prominent physicians in those sections of the country where the article is best known, who not only recommend the Bitters to their patients, but are ready at all times to give testimonials to its efficacy in all cases of stomachic derangements and the diseases resulting therefrom.

This is not a temporary popularity, obtained by extraordinary efforts in the way of trumpeting the qualities of the Bitters, but a solid estimation of an invaluable medicine, which is destined to be as enduring as time itself.

Hostetter's Stomach Bitters have proved a Godsend to regions where fever and ague and various other billous complaints have counted their victims by hundreds. To be able to state confidently that the "Bitters" are a certain cure for the Dyspepsia and like diseases, is to the proprietors a source of unalloyed pleasure. It removes all morbid matter from the stomach, purifies the blood, and imparts renewed vitality to the nervous system, giving it that tone and energy indispensable and the diseases resulting therefrom.

giving it that tone and energy indispensable for the restoration of health. It operates upon the stomach, liver, and other digestive organs, mildly but powerfully, and soon restores them to a condition essential to the healthy discharge of the functions of nature.

Elderly persons may use the Bitters daily as per directions on the bottle, and they will find in it a stimulant peculiarly adapted to comfort declining years, as it is bleasant to the palate, invigorating to the bowels, excellent as a tonic, and returnating generally. We have the ovi-

invigorating to the bowels, excellent as a tonic, and rejuvenating generally. We have the ovidence of thousands of aged men and women who have experienced the benefit of using this preparation while suffering from stomach derangements and general debility; acting under the advice of physicians, they have abandoned all deleterious drugs and fairly tested the merits of othis article. A few words to the gentler sex. There are certain periods when their cares are so harassing that many of them their cares are so harassing that many of them sink under the trial. The relation of mother and child is so absorbingly tender, that the mother, especially if she be young, is apt to forget her own health in her extreme anxiety for her infant. Should the period of maternity arrive during the summer season, the wear of arrive during the summer season, the wear of body and mind is generally aggravated. Here, then, is a necessity for a stimulant to recuperate the energies of the system, and enable the mother to bear up under her exhausting trials and responsibilities. Nursing mothers generally prefer the Bitters to all other invigorators that receive the endorsement of physicians, because it is agreeable to the taste as well as certain to give a permanent increase

cians, because it is agreeable to the taste as well as certain to give a permanent increase of bodily strength.

All those persons, to whom we have particularly referred above, to wit: sufferers from fever and ague, caused by malaria, diarrhœa, dysentery, indigestion, loss of appetite, and all diseases or derangements of the stomach, superannuated invalida, persons of sedentary occupation, and nursing mothers, will consult their own physical welfare by giving to Hostetter's Celebrated Stomach Bitters a trial.

CAUTION.—We caution the public against. CAUTION.-We caution the public against using any of the many imitations or counterfeits, but ask for Hospetynes's Celenratzio Stomach Bitters, and see that each bottle has the words "Dr. J. Hostetter's Stomach Bitters" blown on the side of the bottle, and stamped on the metallic cap covering the cork, and observe that our autograph signature is on the label.
