HEADACHE is the favorite sign by which nature makes knówn any deviation whatever from the natural state of the brain, and viewed in this light it may be looked on as a safeguard intended to give notice of disease which might otherwise escape attention, till too late to be remedied; and its indications should never be neglected. Headaches may be classified under two names, viz: Symptomatic and Idiopathic. Symptomatic Headache is exceedingly common and is the pre-cursor of a great variety of diseases, among which are Apoplexy, Gout, Rheumatism and all febrile diseases. In its nervous form it is sympathetic of disease of the stomach constituting sick headache, of hepatic disease constituting billious headache, of worms, constipation and other disorders of the bowels, as well as renal and uterine affections. Diseases of the heart are very frequently attended with Headiaces; Anamia and plethora are also affect ons which frequently occasion headsche. Idiopathic Headache is also very common, being usually distinguished by the name of nervous headache, sometimes coming on suddenly in a state of apparently sound health and prostrating at once the mental and physical energies, and in other instances it comes on slowly, heralded by depression of spirits or acerbi ty of temper. In most instances the pain is in the front part of the head, over one or both eyes, and sometimes provoking by practical accountants expressly for this lawomiting; under this class may also be stitution and embrace all the recent improves named Neuralgia:

For the treatment of either class of Headache the Cephalic Pills have been department of business. The learner will be found a sure and safe remedy, relieving the most acute pains in a few minutes. and by its subtle power eradicating the diseases of which Headache is the unorring

## Constipation or Costiveness.

No one of the "many ills flesh is heir to" is so prevalent, so little understood, and so much neglected as Costiveness. Often originating in carclessness, or sedentary habits; it is regarded as a slight disorder of too little consequence to excite anxiety, while in reality, it is the precursor and companion of many of the most fatal and FIFTH STREET PITTSBURG, PA. dangerous diseases, and unless early eradicated it will bring the sufferer to an untimely grave. Among the lighter evils of which costiveness is the usual attendant are Headache, Colic, Rheumatism, Foul Breath, Piles and others of like nature, while a long train of frightful diseases such as Malignant Fevers, Abcesses, Dysentary, Diarrhea, Dyspepsia, Apoplexy, Epilepsy, Paralysis, Hysteria, Hypochondriasis, Melancholy and Insanity, first indicate their presence in the system by this alarming symptom. Not unfequently the diseases named originate in Constipation, but take on an independent existence unless the cause is eradicated in an early stage. From all these considerations it follows that the disorder should receive immediate attention whenever it occurs, and no person should neglect to get a box of Cephalic Pills on the first appearance of the complaint, as their Dr. ROBAN'S RHEUMATIC CURE timely use will expel the insidious approaches of disease and destroy this dan-

By the use of these Pills the periodic stracks of Nerro or Sick Headache may be prevented; and if taken at the commencement of an attack, immediate reliaf from pain and sickness will be obtained. They seldom fall in removing the Names and Headsche

For Literary Men, Students, Delicate Females, and all persons of sedentary habits, they are valuable as a lazatise. improving the appetits, giving tone and vigor to the digestive organs, and restoring the natural elasticity and strength of the whole system.

The CEPHALIC PILLS are the result of long investi-

gation and carefully conducted experiments, having been in use many years, during which time they have prevented and relieved a vast amount of pain and suffering from Headacha, whether originating in the nerrow system or

from a deranged state of the stomack. They are entirely regetable in their composition, and may be taken at alltimes with perfect safety without mak-

states, because the article has attained a requi-tation licercofore unknown. A few facts upon this point will speak more powerfully than volumes of bare assertion or blizoning puffery. The co-sumption of Hostetter's Stomach Bit-ters for the last year amounted to over a half-

million bottles, and from its manifest steally

increase in times past, it is evident that during the coming year the consumption will reach near one million bottles. This immense amount could never have been sold but for the rare

physicians in these sections of the country

where the article is best known, who not only recommend the Bitters to their patients, but

are ready at all times to give testimonials to its efficacy in all cases of stomachic derangements and the diseases resulting therefrom.

This is not a temporary popularity, obtained by extraordinary efforts in the way of trumpeting the qualities of the Bitters, but a solid

estimation of an invaluable medicine, which is

estimation of an invaluable medicine, which is destined to be as enduring as time itself. Hostetter's Stomach Bitters have proved a Godsend to regions where fever and ague and various other bilious complaints have counted their victims by hundreds. To be able to state confidently that the "Bitters" are a certain cure for the Dyspepsia and like diseases, is to the proprietors a source of unalloyed pleasure. It removes all morbid matter from the stomach, purifies the blood, and

RICHMOND, VA., Fab. 23, 1860. Mosers, S. W. FOWLE & Co., Boston, ... Gentlemen: I with pleasure testify to the great merit of your in-valuable lung medicine, Dr. WISTAR'S BALSAR OF WILD CHERRY, which is likewise highly valued by many of our esteemed citizens, who have tested its

virtues by trial. I first made use of this Balsam some three years since for a violent and distressing cough which baffled the skill of physicians, and, to my joy, experienced such akill of physicians, and, or my 107, separations are gratifying rolled as to induce me to persevere in its use. I always keep it by me, and ever find it to be unfailing in its effects. No medicine that I have ever used has given such speedy relief. Yours truly, NORRORNE NORTON.

The New American Cyclopædia is popular without being superficial, learned but not pe-dantic, comprehensive but sufficiently detailed, free from personal pique and party prejudice, fresh yet accurate. It is a complete statement of all that is known upon every important topic within the scope of human intelligence. Every important article in it has been specially written for its pages by men who are authorities upon the topics of which they speak. They are required to bring the subject up to the present moment; to state just how it stands now. All the statistical information is from the latest research ports; the geographical accounts keep pace with the latest explorations; historical matter include the freshest just views; the biographical notices not only speak of the dead, but also of the living. It is a library of itself.

Scrofula and Scrofulous Affections, such as Tumors, Vicers, Sores, Eruptions. Pimples, Pustules, Blotches, Boils, Blains, and all Skin Diseases.

OAKLAND, Ind., 6th June, 1869.

J. C. Ayen & Co. Gents: I feel it my duty to acknowledge what your Saraaparilla has done for me. Having inherited a Scrofulous infection. I have suffered from it in various ways for years. Sometimes it burst out in Alecrs on my hands and arms; sometimes it turned inward and distressed me at the stoniach. Two years ago it broke out on my head and covered my scalp and ears with one sore, which was painful and leathsome beyond description. I tried many medicines and several physicians, but without much relief from any thing. In fact, the disorder grew worse. At length I was rejuded to read in the Gospel Messenger that you had prepared an alterative (Sarsaparilla), for I knew from your reputation that any thing you made must be good. I sent to Cincinnait and got it, and used it till it curred me. I took it, as you advise, in small doses of a tearpoonful over a mouth, and used almost three bottles. New and healthy skin soon began to form under the refle, which after a while fell off. My skin if now clean, and I know by my feelings that the disease is gone from my system. You can well believe that I feel what I am saying when I tell you, that, I hold you to be one of the spectics of the age, and remain ever gratefully. Yours.

Bronchocele, Goitre, or Swelled Neck.

Zebulon Sloan of, Prospect, Texas, writes: "Three bottles of your Sarsaparilla cured inc from a feature—a hideous swelling on the neck, which I had suffered from over two years."

Leucorrhora or Whites. Ovarian Tumpr, Uterine Ulceration, Female Disease.

Dr. J. B. S. Channing, of New York City, writes: "I most cheerfully comply with the request of your agoid in saving I have found your Sarsaparilla a most excellent alterative in the numifous complaints for which we employ such a remedial but especially in Female. Diseases of the Scrotuleus distribed in 1 have cured many inveterate cases of Leucorrhora by it, and some where the complaint was caused by interaction of the interns. The ulceration itself was soon cured. Nothing within my knowledge equals it for these female deragements."

Edward S. Morrow, of Newburf, Ala., writes: "A dangerous orarian tumor on one of the females in my family, which had defied all their remedies we could employ, has at learnth been completely cured by your extract of Sarsaparilla. Our physician thought nothing int extignation could afford relief, but he advised the trial of your Sarsaparilla as the last resort before cutting, and it proved effectual. After taking your remedy eight weeks no symptom of the disease remains." Bronchocele, Goltre, or Swelled Neck.

Syphilis and Mercurial Disease.

New Oblease, 22th August, 1852.

Dr. J. C. Ayel. Sir I cheerfully comply with the request of your agent, and report to you some of the effects I have realized with your Sarsaparilla.

I have cured with it, in my practice, most of the complaints for which it is recommended, and have found its effects truly wonderful in the eure of Fenercal and Mercurial Disease. One of my patients had Syphillite ulcers in his throat, which were cansuming his pulate and the top of his mouth. Your Sarsaparilla, steadily taken, exied lim in five weeks. Another was attacked by secondary symptoms in his nose, and the alceration had eaten away a considerable part of it, so that I believe the disorder would soon reach life brain and kill him. But it yielded to my administration of your Sarsaparilla; the ulcars healed, and he is well gain, not of course without some disfiguration of the face. A woman who had been treated for the same disorder by mercury was suffering from this poison in herbones. They had become so sensitive to the weather that no a damp day she suffered exercialing pain in her joints and hones. She, too, was cured eatherly by your Sarsaparilla in a few weeks. I know from its formula, which your agent gave me, that this Preparation from your laboratory must be a great remedy; consequently, these truly remarkable results with it have not surprised me.

Fraternally yours. G. V. LARIMER, M. D.

DR. J. C. AYER. Bri Il line been affilted with a painful chrouic Rheumatism for a long time, which befilted the skill of physicians, and stuck to me in spike of all the remedies I could find, until I tried your Sarsaphrilla. One bottle cured me in two weeks, and restored my general sheath so much that I am far better than before I was attacked. I think it a wonderful medicine. J. FREAM Jules Y. Getchell, of St. Louis, writes: "I have been afflicted for gears with an effection of the Liver, which destroyed my health. I tried every thing, and every thing falled to relieve me; and I have been broken-down man for some years from no other cause than derangement of the Liver. My beloved pastor, the Rev. Mr. Esty, advised me to try your Sarsaparilla, because he said he knew you, and any thit. you made was worth trying. By the blessing of food it has cured me, and has so purified my blood as to make a new man of me. I feel young again. The best that can be said of you is not half good enough."
