MISCELLANEOUS.

THE AMALGAMATION OF LANGUAGES. There is a growing tendency in this age to appropriate the most expressive words of other languages, and after a while to incorporate them into our own; thus the word Cephalic, which is from the Greek, signifying " for the head," is now becoming popularized in connection with Mr. Spalding's great Headache remedy, but it will soon be used in a more general way, and the word Cephalic will become as common as Electrotype andmany others whose distinction as foreign words has been worn away by common usage until they seem 'native to the manor born,"

HEADACHE is the favorite sign by which nature makes known any deviation whatever from the natural state of the brain, and viewed in this light it may be looked on as a safeguard intended to give notice of disease which might otherwise escape attention, till too late to be remedied; and its indications should never be neglected. Headaches may be classified under two names, viz: Symptomatic and Idiopathic. Symptomatic Headacho is exceedingly common and is the prea great variety of diseases, among which are Apoplexy, Gout, Rheumatism and all febrile diseases. In its nervous form it is sympathetic of disease of the stomach constituting sick headache, of hepatic disease constituting billious headache, of worms, constipation and other disorders of the bowels, as well as renal and uterine affections. Diseases of the heart are very frequently attended with Headiaces: Anæmia and plethora are also affect one which frequently occasion headache. Idiopathic Headache is also very common, being usually distinguished by the name of nervous headache, sometimes coming on suddenly in a state of apparently sound health and prostrating at once the mental and physical energies, and in other instances it comes on slowly. heralded by depression of spirits or acerbity of temper. In most instances the pain is in the front part of the head, over one or both eyes, and sometimes provoking vomiting; under this class may also be named Neuralgia.

Constipation or Costiveness.

No one of the "many ills flesh is heir to" 15 so prevalent, so little understood, and so much neglected as Costiveness. Often originating in carelessness, or sedentary habits; it is regarded as a slight disorder of too little consequence to excite anxiety, while in reality it is the precursor and companion of many of the most fatal and dangerous diseases, and unless early eradi-cated it will bring the sufferer to an untimely grave. Among the lighter evils of which costiveness is the usual attendant are Headache, Colic, Rheumatism, Foul Breath, Piles and others of like nature, while a long train of frightful diseases such as Malignant Fevers, Abcesses, Dysentary, Diarrhea, Dyspepsia, Apoplexy, Epilepsy, Paralysis, Hysteria, Hypochondriasis, Melancholy and Insanity, first indriasis, Melancholy and Insanity, first in-dicate their presence in the system by this alarming symptom. Not unfequent-Wash Stands, Card Stands, Corner and Square ly the disease's named originate in Constipation, but take on an independent existence unless the cause is eradicated in an early stage. From all these considerations it follows that the disorder should receive immediate attention whenever it occurs, and no person snould neglect to Cane, Flag, and Wood Scats, Rockers—Cane, Plag, and Wood Scats, of every variety get a box of Cephalic Pills on the first appearance of the complaint, as their timely use will expel the insidious approaches of disease and destroy this dangerous foe to human life.

If there is one thing more than another for which these Pills are famous, it is their purifying properties, especially their power of cleansing the blood from all impurities, & removing dangerous and suspended secretions. Univer-sally adopted as the grand remedy for female complaints, they never fail; never weaken the system, and always bring about what is required.

Sick Headache and Want of Appetite. These feelings which so sadden us, most frequently arise from annoyances or trouble, from perspiration, or from eating and drinking what is unfit for us, thus disordering the stomach and liver. These organs must be regulated if you wish to be well. The Pills, if taken according to the printed instructions, will quickly restore a healthy action to both liver and itomach, whence follow as a natural consequence, a good appetite and a clear head. In the East and West Indies scarcely any other medicine is ever used for these disorders.

DISORDERS OF THE KIDNEYS. In all diseases affecting these organs, whether they se-crete too much or too little water; or whether they be af-flicted with stone or gravel, or with aches and pains settled in the loins over the regions of the kidneys, these Pills should be taken according to the printed directions, and the Ointment should be well rubbed into the small of the back at bed time. This treatment will give aimost imme-ate relief when all other means have falled.

For Stomachs out of Order. No medicine will so effectually improve the tone of the stomach as these Pills; they remove all acidity, occasion either by intemperance or improper diet. They reach the liver and reduce it to a healthy action; they never fail in curing all disorders of the liver and stomach.

This is to vertify, that Mrs. Emory has been afflicted for years past with that distressing complaint known as the "Piles," and that having failed in securing relief from various Physicians, she was induced from reports to try Mr. Williams' "Pile Solution," which we obtained at one of his Agencies in Tunkhannock, Pa. The result has been he most favorable. The trial was made with it last fall, and after using as directed for a few days, what we have good reason to think was a permanent cure was effected. Several other cases of a similar nature in this vicinity have used it with like results. With Mr. Williams motto "no cure no pay" every one thus afflicted will certainly do well to tryit.

Reliable Testimony.

We call the attention of the reader to the following letter from President Smith, formerly of Wesleyan University, and now of Annapolis, Md.

MIDDLETOWN, Conn., Feb. 28, 1859. RETH W. FOWLE & Co .- Gentlemen: - I first made use of the Oxygenated Bitters some seven or eight years since. Having suffered for twenty years from a form of dyspepsia, which was sittended with a nervous headache, on an average of not less than one day in a week, I was induced, by the unpretending recommendation of Dr. Green, "to-try one bottle, and if no benefit was received to discontinue the use." The use of one bottle warranted a further trial, to the extent of some three or four, with a careful observance of the accompanying directions. The result was, an almost entire relief from the usual dyspeptic symptoms. and their depressing, painful consequences. I believe these Bitters produced an entire change in the habits of my system, and upon the active energies of the digestive organs. I now deem myself as exempt from Lyspepsia.

as most persons. These Bitters have also been of service to other members of my family. Very respectfully yours, AUGUSTUS W. BUITH.

THE OXYGENATED BITTERS. THE OXYGENATED BITTERS.

RICHMOND, Tioga Co., Pa., Aug. 25, 1858. GENTLEMEN, - After suffering for more than thirty years with Dyspepsia; and trying many remedies rec-ommended for that disease without any good result, I was induced, by Dr. F. H. White of Mansfield, to give the Organated Bitters a trial. I took two bottles, which gave me so much relief that I purchased two more, which have nearly or quite effected a cure. I am now nearly seventy-five years of age, and for three months past have felt no inconvenience from my food. I take great pleasure in recommending the Bitters to all afflicted with Dyspepsia and its concomitant direkses.

From Dr. White. MANSFIELD, Tioga Co., Pa., Aug. 26, 1858. I have used the Oxygeneted Bitters in my practice with decided success in debility and general prostration, &c., and confidently recommend them in general debility, and diseases of the digestive organs.

These symptoms are often the prelude to serious illness? Some you, and should be averted by a timely use of the right remedy. While in this condition, oppressed by the derangements, take Ayer's Pills, and see how directly they restore the matural action of the system, and with if the buoyant feeling of health again. What is true and so apparent in this trivial and common complaint, is also true in many of the depsented and dangerous distempers. The same purgative effect expels them. Billous Disorders—Liver Complaints.

From Dr. Theodore Bell, of New York City.

Not only are your Pills admirably adapted to their purpose as an aperient, but I find their beneficial effects upon the Liver very marked indeed. They have in my practice proved more effectual for the cure of bilious complaints than any one remedy I can mention. I sincerely rejoice that we have at length a purgative which is worthy the confidence of the profession and the people.

DEPLATMENT OF THE INTERIOR.

Washington, D. C., 7th Feb., 1852.

Sir.: I have used your Pills in my general and hospital practice over since you made them, and do not hesitate to say they are the best cathartic we comploy. Their regulating action on the liver is quick and decided, consequently they are an admirable remedy for derangements of that organ. Indeed, I have seldom found a case of billous disease so obtainate that it did not readily yield to them. Fraternally yours, ALONZO BALL, M. D., Physician of the Marine Hospital.

Dysentery, Diarrhea, Relax, Worms. From Dr. J. G. Green, of Chicago.
Your Pills have had a long trial in my practice, and I hold them in esteem as one of the best aperients I have ever found. Their alterative effect upon the liver makes: them an excellent remedy, when given in small doses for billous dysentery and diarrhea. Their sugar-coating makes them very acceptable and convenient for the use of women and children.

JOHN G. MEACHAM, M. D. Constipation, Costiveness, Suppression, Rheumatism, Gout, Neuralgia, Dropsy, Paralysis, Fits, etc.

From Dr. J. P. Vaugin, Montreal, Canada.

Too much cannot be said of your Fills for the cure of costireness. If others of our fraternity have found them as efficacious as I have, they should join me in proclaiming it for the benefit of the multitudes who suffer from that complaint, which, although bad enough in itself, is the progenitor of others that are worse. I believe costiceness to originate in the liver, but your Fills affect that organ and cure the disease.

From Mrs. E. Stuart, Physician and Midwife, Boston.
I find one or two large doses of your Pills, taken at the proper time, are excellent promotives of the natural secretion when wholly or partially suppressed, and also very effectual to dearnse the stomach and expet worms. They are so much the best physic we have that I recommend no other to my patients.

From the Rev. Dr. Hawkes, of the Methodist Epis. Church.

PULASKI HOUSE, Savannah, Ga., Ján. 6, 1856.

HONDRED SIR: I should be ungrateful for the relief your skill has brought me if I did not report my case to you. A cold settled in my limbs and brought on excruciating neuralgic pains, which ended in chronic rheumatism. Notwithstanding I had the best of physicians, the disease grew worse and worse, until by the advice of your excellent agent in Baltimore, Dr. Mackenzie, I tried your Pills. Their effects were slow, but sure. By persevering in the use of thent, I am now entirely well.

SENATE CRAMMER, Baton Rouge, La., 5 Dec., 1855.

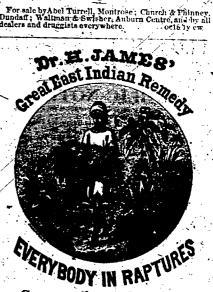

DR. AYER: I have been entirely cured, by your Pills, of Rheumatic Gout—a painful disease that had afflicted me for years.
