MISCELLANEOUS.

THE AMALGAMATION OF LANGUAGES. There is a growing tendency in this age to appropriate, the most expressive words of other languages, and after a while to incorporate them into our own; thus the word Cephalic, which is from the Greek, signifying "for the head," is now becoming popularized in connection with Mr. Spalding's great Headache remedy, but it will soon be used in a more general way, and the word Cephalic will become as common as Electrotype andmany others whose distinction as foreign words has been worn away by common usage until they seem , native to the manor born."

'ardly Realized.
Hi 'ad 'n 'orrible 'eadache this hafternoon, hand I stepped into the hapothecaries hand says hi to the man, "Can you hease me of an 'eadache?" "Does it hache 'ard," says 'e. Hexceedingly," says hi, hand upon that 'e gave me a Cephalic Pill, hand 'pon me 'onor it cured me so quick that I 'ardly realized I 'ad 'ad an 'cadache.

HEADACHE is the favorite sign by which nature makes known any deviation whatever from the natural state of the brain, and viewed in this light it may be looked on as a safeguard intended to give. notice of disease which might otherwise escape attention, till too late to be remedied; and its indications should never be neglected. Headaches may be classified under two names, viz: Symptomatic and Idiopathic Symptomatic Headache is exceedingly common and is the precursor of a great variety of diseases, cursor of a great variety of diseases, among which are Apoplexy, Gout, Rheumatism and all febrile diseases. In its nervous form it is sympathetic of disease of the stomach constituting sick headache, of hepatic disease constituting billious billious disease constituting billious billious disease constituting billious and other description and other description and other description and other descriptions. headache, of worms, constipation and other disorders of the bowels, as well as renal and uterine affections. Diseases of the heart are very frequently attended with Headiaces; Anamia and plethora are also affect ons which frequently occasion headache. Idiopathic Headachet is also very common, being usually distinguished by the name of nervous headache, sometimes coming on suddenly in a state of apparently sound health and prostrating at once the mental and physical energies, and in other instances it comes on slowly heralded by depression of spirits or acerbity of temper. In most instances the pain is in the front part of the head, over one or both eyes, and sometimes provoking vomiting; under this class may also be named Neuralgia.

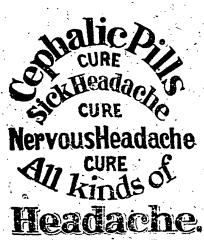

For the treatment of either class of Headache the Cephalic Pills have been found a sure and safe remedy, relieving the most acute pains in a few minutes, and by its subtle power eradicating the diseases of which Headache is the unerring index

Constipation or Costiveness!

No one of the "many ills flesh is heir to is so prevalent, so little understood, and so much neglected as Costiveness. Often originating in carelessness, or sedentary habits; it is regarded as a slight disorder of too little consequence to excite anxiety while in reality it is the precursor and companion of many of the most fatal and ity that they are constantly making and keep on dangerous diseases, and unless early eradinand the LARGEST and BEST assortment of companion of many of the most fatal and cated it will bring the sufferer to an untimely grave. Among the lighter evils of which costiveness is the usual attendant are Headache, Colic, Rheumatism, Foul Breath, Piles and others of like nature, while a long train of frightful diseases such as Malignant Fevers, Abcesses, Dysthis alarming symptom. Not unfequently the diseases named originate in Constipation, but take on an independent existence unless the cause is eradicated in an early stage. From all these considerations it follows that the disorder should receive immediate attention whenever it occurs, and no person should neglect to get a box of Cephalic Pills on the first and style. appearance of the complaint, as their timely use will expel the insidious approaches of disease and destroy this dangerous fee to human life. <

By the use of these Pills the periodicattacks of Nerrous or Sick Headache may be prevented: and if taken at the commencement of an attack, immediate relief from pain and sickness will be obtained.

They evidom fall in removing the Nausea and Headache to which females are so subject.

They are gently upon the bowels,—removing Costiveness. For Literary Men. Students, Delicate Females, and all persons of redordery hable, they are valuable as lazadite, improving the appelle, giving tone and vigor to the digestive organs, and restoring the natural elasticity and strength of the whole system.

The CEPHALIC PILLS are the result of long investigation and carefully conducted experiments, having been in use many rears, during which time they have prevented and relieved a vast amount of pain and suffering from Meadache, whether originating in the nervous system or from a deranged state of the stomach.

They are entirely regetable in their composition, and aymbe taken at allitmes with perfect safery without making any change of diet, and the absence of any disagreeable laster readers at easy to administer them to children.

HOLLOWAY'S PILLS

NERVOUS DISORDERS.

WHAT is more fearful than h breaking down of the mert one system? To be excitable or nervous in a small degree is most distressing, for where can a remedy be found? There is one:—drink but little wine, beer, or spirits, or far better, none; take no coffee,—weak tea being preferable; get all the fresh air you can; take three or four Pills every night; cat plenty of solids, avoiding the use of alone; and if these golden rules are followed, you will be happy in mind, strong in body, and forget you have nerves. Mothers & Daughters. If there is one thing more than another for which these Pills are famous, it is their purifying properties, especially their power of cleansing the blood from all impurities, & removing dangerous and suspended secretions. Univer-sally adopted as the grand remedy for female complaints, they never fail, never weaken the system, and always bring about what is required.

Sick Headache and Want of Appetite. These feelings which so sadden us, most frequently arise from annoyances or trouble, from perspiration, or from eating and drinking what is unfit for us, thus disordering the stomach and liver. These organs must be regulated if you wish to be well. The Pills, if taken according to the printed instructions, will quickly restore a healthy action to both liver and itomach, whence follow as a natural consequence, a good appetite and a clear head. In the East and West Indies searcely any other medicine is ever used for these disorders.

DISORDERS OF THE RIDNEYS.

In all diseases affecting these organs, whether they se-crete too much or too little water; or whether they be af-flicted with stone or gravel, or with aches and pains settled in the loins over the regions of the kidneys. these Fills should be taken according to the printed directions, and the Olntment should be well rubbed into the small of the back at bed time. This treatment will give almost imme-ate relief when all other means have failed.

For Stomachs out of Order. No medicine will so effectually improve the tone of the stomach as these Pills; they remove all acidity, occasiond either by intemperance or improper diet. They reach the liver and reduce it to a healthy action; they never fall in caring all disorders of the liver and stomach.

Holloway's Pills are the best remedy known in the world for the following discases: Ague, Fite, Gout, Store Threats, Asthms, Head-ache, Billona Complaints, Head-ache, Blotches on Skin. CERTIFICA TE.

This is to certify, that Mrs. Emory has been afflicted for years past with that distressing complaint known as the "Pilea," and that having failed in securing relief from various Physicians, she was induced from reports to try Mr. Williams "Pile Solution," which we obtained at one of list Agencies in Tunkhannock, Pa. The result has been the most favorable. The trial was made with it last fall, and after using as directed for a few days, what we have good reason to think was a permanent cure was effected. Several other cases of a similar nature in this vicinity have used it with like results. With Mr. Williams motto "no cure no pay" every one thus afflicted will certainly do well to try it.

MIDDLETOWN, Conn., Feb. 28, 1859. SETH W. FOWLE & Co. - Gentlemen :- I first made use of the Organized Butters some seven or eight years since. Having suffered for twenty years from a form of dyspepsia, which was attended with a nervius headache, on, an average of not less than one day in a week, I was induced, by the unpretending secndation of Dr. Green, " to try one bettle, and if to benefit was received to discontinue the use." The use of one bottle warranted a further trial, to the extent of some three or four, with a careful cliservance of the accompanying directions. The result was, an almost entire relief from the usual dyspeptic symptoms and their depressing painful consequences. I believe these Bitters produced an entire change in the kabits of my system, and upon the active energies of the digestive organs. I now deem myself as exempt from Dyspresia vice to other members of my family. Very respectfully yours,

AUGUSTUS W. SMITIL

RICHMOND, Tioga Co., Pa., Aug. 25, 1858. GENTLEMEN, - After suffering for more than thirty years with Dyspersia, and trying many remedies recommended for that disease without any good result, I was induced, by Dr. E. H. White of Mansfield, to give which gave me so much telief that I purchased two more, which have nearly or quite effected a curg. I am now nearly seventy-five years of age, and for three months past have left no inconvenience from my food. I take great pleasure in recommending the Bitters to all afflicted with Dyspepsia and its concomitant diseases.

J. C. Ayen & Co. Gents: I feel if my duty to saknowledge what your Sarsaparilla has done for me. Having inherited a Scrofulous infection; I have anferred from it in various ways for years. Sometimes it burst out in Ulcers on my hands and drins; sometimes it turned inward and distressed me at the stomach. Two years ago it books out on my head and covered my scalp and cars with one sore, which was painful and loatinsome beyond description. I tried many medicines and severy physicians, but without much relief from miy thing. It fact, the disorder grew worse! At length I was rejoiced to read in the Gospiel, Messenger that you had prepared an alterative (Sarsaparilla), for I knew from your requiration that any thing you made must be good. I sent to Cinciunali and got fi, and used it iffil it cared me. I took it, as you advise, in small doses of a temponful over a month, and used almost these bottles. Nevs and healthy akin soon began in form under the legab, which after a white fell.off. My skin is now clear, and I know by my feelings that the disease is gone from my system.
