THE AMALGAMATION OF LANGUAGES .-There is a growing tendency in this age to appropriate the most expressive words of other languages, and after a while to incorporate them into our own's thus the word Cephalic, which is from the Greek, signifying "for the head," is now becom-ing popularized in connection with Mr. Spalding's great Headache remedy, but it will soon be used in a more general way. and the word Cephalic will become as common as Electrotype andmany others whose distinction as foreign words has been worn away by common usage until they seem , native to the manor born."

HEADACHE is the favorite sign by which nature makes known any deviation whatever from the natural state of the brain, and viewed in this light it may be looked on as a safeguard intended to give notice of disease which might otherwise escape attention, till too late to be remedied; and its indications should never be neglected. Headaches may be classified under two'names, viz: Symptomatic and Iliopathic. Symptomatic Headache is exceedingly common and is the pre-cursor of a great variety of diseases, among which are Apoplexy, Gout, Rheu-matism and all febrile diseases. In its nervous form it is sympathetic of disease of the stomach constituting sick headache, of hepatic disease constituting billious heudache, of worms, constipation and other disorders of the bowels, as well as renal and uterine affections. Diseases of the heart are very frequently attended with Headiaces; Anæmia and plethora are also affect ons which frequently occasion head-ache. Idiopathic Headache is also very common, being usually distinguished by the name of nervous headache, sometimes coming on suddenly in a state of appa-rently sound health and prostrating at once the mental and physical energies, and in other instances it comes on slowly, beralded by depression of spirits or acerbity of temper. In most instances the pain s in the front part of the head, over one

or both eyes, and sometimes provoking romiting; under this class may also be named Neuralgia. For the treatment of either class of

Headache the Cephalic Pills have been found a sure and safe remedy, relieving the most acute pains in a few minutes, and by its subtle power cradicating the diseases of which Headache is the unerring iadex.

NERVOUS DISORDERS. WHAT is more fearful than a breaking down of the nerrous system? To be excitable or nervons in a small degree is most distressing, for where can a remedy be found? There is one:-drink but little wine, beer, or spirite, or far better, none; take no coffee,-weak tab being preferable; get all the fresh alr you can; take three or four Pills every nicht; cat plenty of solids, avoiding the use of slops; and if these goiden rules are followed, you will be happy in mind, strong in body, and forget you have pervee. Mothers & Daughters, If there is one thing more than another for which these Pills are famous, it is their purifying properties, especially their power of cleansing the blood from all impurities, & removing dangerous and suspended secretions. Univer-sally adopted as the grand remedy for female complaints, they never fail, hever weaken the system, and slaways bring about what is required. Sick Headache and Want of Appetite.

These feelings which so sadden us, most frequently arise from annovances or trouble, from perspiration, or from enting and drinking what is unfit for us, thus disordering the stomach and liver. These corgans must be regulated if you wish to be well. The Pills, if taken according to the printed instructions, will quickly restore a healthy action to both liver, and itomach, whence follow as a natural con-sequence, a good appetite and a clear head. In the Bast and West Indiës scarcely any other medicine is ever used for these disorders.

DISORDERS OF THE KIDNEYS.

In all discass affecting these organs, whether they se-crete too much or too illie water; or whether they be af-flicted with atome or gravel, or with aches and pains actifed in the loins over the regions of the kidneys, these Pills should be taken according to the printed directions, and the Olatment should be well rubbed into the small of the back at bed time. This treatment will give almost imme-ate relief when all other means have failed.

For Stomachs out of Order.

No medicine will so effectually improve the tone of the, stomach as these Pills; they remove all acidity, occasiond either by intemperance or improper dist. They reach the liver and reduce. It to a healthy action; they never fail in curing all disorders of the liver and stomach.
