A cr and diligent use of this inestimable preparation.

To attempt to cure bad legs by plastering the edges of the wound together is a folly; for should the skin unite, a begry diseased condition remains underneath to break out with tenfold fary in a few days. The only rational and successful treatment, as indicated by nature, is to reduce the inflammation in and about the would, and to soothe the neighboring parts by rabbing in plenty of the Ointment as sait is forced into meat. Other Fevers.

A NY of the above diseases may be cured by well rabAbing the Ointment, three times a day, into the chest,
throat and neck of the patient; it will soon penetrate and
give immediate relief. Medicine taken by the month
must operate upon the whole system ere its infinence can
be felt in any local part, whereas the Ointment will do its
work at once. Whoever tries the ungnent in the above
manner for the diseases named, or any similar disorders
affecting the chest and throat, will find themselver relieved as by a charm.

MIDDLETOWN, Conn., Feb. 28, 1859. SETH W. FOWLE & Co. - Gentlemen; - I first made use of the Originated Billers some seven of eight years since. Having suffered for twenty years from a form of dyspepsia, which was attended with a nervous headache, on an average of not less than one day in a week, I was induced, by the unpretending recommendation of Dr. Green, to try one bottle, and if no benefit was received to discontinue the use." The use of one bottle warranted a further trial, to the except of some three or four, with a careful observance f the accompanying directions. The result was, an almost entire relief from the usual dyspeptic symptoms and their depressing, painful consequences. I believe these Bitters produced an entire change in the habits of my system, and upon the active energies of the digestive organs. I now deem myself as exempt from Dyspepsia as most persons. Having inherited a Scrofulous infection; I have safered from it in various ways for years: Sometimes it burst out in Ulcers on my hands and arms; sometimes it turned inward and distressed me at the stomach. Two years ago it broke out on my head and covered my scalp and ears with one sore, which was pulnful and leathsome beyond description. I tried many medicines and severely physicians, but without much rulef from any thing. In fact, the disorder grow worse. At length, I was rejoiced to read in the Gospel Messenger that you had prepared an alterative (Sarsaparilla, for I knew from your reputation that any filing you nade nause be good. Syphilis and Hercurial Disease.

New Onleast 20th August, 1859.

Dr. J. C. Ater. Sir: I cheerfully comply with the request of your agent, and report to you some of the effects I have realized with your Sarsaparilla.

I have cured with it, in my practice, most of the complaints for which it is recommended, and have found its effects truly wonderful in the cure of Fenereal and Mercurial Disease. One of my patients had Syphillitic ulcers in his threat, which were consuming his palate and the top of his month. Your Sarsaparilla, standly taken, cared him in fire weeks. Another was attacked by seed and you symptoms in his vibose, and the ulceration has eaten away a considerable part of it, so that I believe the disorder would soon reach his brain and kell him. But in yielded to jay administration of your Sarsaparilla; the ulcers heated, and he is well again, not of course without toone disfiguration of the face. A woman who had been treated for the same disorder by mercury was suffering from this poisson in her bones. They had become so sensitly to the yeather that out a damp day also suffered excruenting pain in her joints and hones. Sine, tod, was expect entirely by your Sarsaparilla in a few weeks. I show from its formula, which your sign gave me, that this Preparation from your laboratory must be a great remedy, consequently, these truly remarkable results with it have not surprised me.
