Reliable Testimony. We call the attention of the reader to the following letter from President Smith, formerly of Wesleyan

University, and now of Annapolis, Md. BIIDDLETOWN, Conn., Feb. 28, 1859. SETH W. FOWLE & Co. - Gentlemen : - I first made use of the Orygenatal Bitters some seven or eight years since. Having ablieved for twenty years from a form of dyspepsia, which was attended with a necessary beadache, on an average of not less than one day in a week, I was induced, by the unpretending recommendation of Dr. Green, "to try one bottle, and if no benefit was received to discontinue the use." The use of one bottle warranted a further trial, to the extent of some three or four, with a careful observance of the accompanying directions. The result was, an almost entire relief from the usual dyspeptic symptoms and their depressing, painful consequences. I believe these fliwers produced an entire change in the habits of my system, and upon the active energies of the digestive organs. I now deem myself an exempt from Dyspopsia as most persons. These Bitters have also been of service to other members of my family.

Very respectfully yours, AUGUSTUS W. SMITH:
