ASA MORGRIDGE. From Dr. E. W. Cartwright, New Orleans.

Your Pills are the prince of purges. Their excellent qualities surpass any cathartic we possess. They are mild, but very certain and effect all in their action on the bowels, which makes them invaluable to us in the daily treatment of disease.

Billows Disorders Liver Complaints.

From Dr. Theodore Bell, of New York City.

Not only are your Fills admirably adapted to their purpose as an apericut, but I find their beneticial effects upon the Liver very marked indiced. They have in my year citize proved more effectual for the cure of billows complaints than any one remedy I can mention. I alacerely rejoice that we have at length a purgative which is worthy the coundence of the profession and the people.

DEPARTIENT OF THE INTERNOR.

Sin: I have used your Fills in my general and hospital practice ever since you make them, and do not hesitate to say they are the best eithartie we employ. Their regulating action on the liver is quick and decided, consequently they are an atmirable remedy for deraugements of that organ. Indeed, I have seldom found a case of billows disease so obstinate that it did not readily yield to them. Fraternally yours, ALONZO BALL, M. D., Physician of the Marine Hospital.

Your Pills have had a long trial in my practice, and I hold them in cateem as one of the best aperients I have ever found. Their alterative effect upon the liver makes them an excellent remedy, when given in, small doses for billous dijentery and diarrhea. Their sugar-coating makes them very acceptable and convenient for the use of women and children.

Too much cannot be said of your Pills for the care of costiveness. If others of our fraternity have found them as efficacious as I have, they should join me in proclaiming it for the beneit of the multitudes who suffer from that complaint, which, although bad enough in stack, is the progenitor of others that are worre.
