A. B. Merrill, Hopbottom; A. J. Merrill, Scranton. CERTIFICATE. This is to certify, that Mrs. Emory has been afflicted for years past with that distressing complaint known as the "Piles," and that having failed in securing relief from various Physicians, she was induced from reports to try Mr. Williams "Pile Solution," which we obtained at one of his Agencies in Tunkhannock, Pa. The result has been the most favorable. The trial was made with it last fall, and after using as directed for a few days, what we have good reason to think was a permanent cure was effected. Several other cases of a similar nature in this vicinity have need it with like results. With Mr. Williams motto "no cure no pay" every one thus afficted will certainly do well to try it.

HEALTH AND ITS PLEASURES Or Disease With Its Agonies;

HOLLOWAY'S PILLS

NERVOUS DISORDERS. WHAT is more fearful than a breaking down of the nervous saystem? To be excitable or nervous in a small degree is most disfressing/for where can a remedy be found? There is one:—drink but little wine, beer, or spirits, or far better, none; take no coffee,—weak tea being preferable; get all the fresh air yon can; take three wr four Pilis every night; cat plenty of solids, avoiding the use of slope; and if these golden rules are followed, you will be happy in mind, strong in body, and forget you have nerves. Mothers & Daughters. If there is one thing more than another for which these gills are famous, it is their purifying properties, especially their power of cleansing the blood from all impurities, & removing dangerous and suspended secretions. Universally adopted as the grand remedy for female complaints, they never fail, never weaken the system, and always bring about what is required.

Sick Headache and Want of Appetite. These feelings which so sadden us, most frequently arise from annoyances or trouble, from perspiration, or from eating and drinking what is unfit for us, thus disordering the stomach and liver. These organs must be regulated if you wish to be well. The Pills, it taken according to the printed instructions, will quickly restore a healthy action to both liver and itomach, whence follow as a natural consequence, a good appetite and a clear head. In the East and West Indies scarcely any other medicine is ever used for those disorders.

In all diseases affecting these organs, whether they se-rete too much or too little water; or whether they be af crete foo much or too little water; or whether they be af-flicted with stone or gravel, or with aches and pains settled in the loins over the regions of the kidners, these Fills should be taken according to the printed directions, and the Ontment should be well rubbed into the small of the lack at bed time. This treatment will give almost imme-ate relief when all other means have failed. For Stomachs out of Order.

No medicine will so effectually improve the tone of the stomach as these Pills; they remove all acidity, occasiond either by intemperance or improper diet. They reach the liver and reduce it to a healthy action; they never fall in curing all disorders of the liver and stomach. Holloway's Pills are the best remedy known

in the world for the following diseases : Arne, Fits,
Asthma, Gont,
Ritious Complaints, Head-ache,
Riotches on Skin, Indigestion,
Rowel Complaints, Inflammation,

MIDDLETOWN, Conn., Feb. 28, 1859. RETH W. FOWLE & CO .- Gentlemen: -1 first made use of the Organized Bitters some seven or sight years since. Having suffered for twenty years from a form of dyspepsia, which was attended with a nervous headache, on an average of not less than one day in a weak, I was induced, by the unpretending rec-ommendation of lir. Green, "to try one bottle, and if The use of one bottle warranted a further trial, to the extent of some three or four, with a careful observance of the accompanying directions. The result was, an almost entire rolled from the usual dyspeptic symptoms and their depressing, painful consequences. I believe these Bitters produced an entire change in the habits of my system, and upon the active energies of the digestive organs, I now does myself as exempt from Dyspensia as most persons. These Bitters have also been of vice to other members of my family.

Sometimes it burst out in Uerson my limids such arms; sometimes it urned inward and distressed me at the stomach. Two years ago it broke out on my bead and covered my scalp and ear with one sore, which was painful and loadsome beyond description. I fried many medicines and severiphysicians, but without much relief, from any thing. In fact, the disorder grew worse, A it length I was rejoiced to read in the Gospel Messenger that you had prepared an alterative (Sarasparilla), for I knew from your reputation that any thing you made must be good. I sent to Cheinnail and got it, and used it ill it cared one. I took it, as you advise, in small doises of a feaspoonful over a month, and used almost three bottles. New and healthy skin soon began, to form under the seath which after a while fell off. My skin is now clear, and I know by my feelings that the Misses is greate from my system. You can well believe that I feel what I am saying when I tell you, that I hold you to be one of the apositics of the age, and remain ever gratefully. Yours.

Syphills and Mercurial Disease.

New Onleans, 25th August, 1820.

Dr. J. C. Ater. Sir: I cheerfully comply with the request of your agent, and report to you some of the effects I have realized with your baraparilla.

I have carred with it, in my practice, most of the complaints for which it is recommended, and have found its effects truly wonderful in the cure of Four-curial Microcritic Disease. One of my patients had Syphillife ulcors in his throat, which were consuming his pulate and the top of his mouth. Your Sarsaparilla, steadily taken, cared him in five weeks. Another was attacked by secondary symptoms in his nose, and the ulceration-lad eaten away a considerable part of it, so that I believe the disorder would soon reach his brain and kill him. But it yielded to my administration of your Sarsaparilla; the ulcers leaded, and he is well again, not of course without some disfiguration of the face. A woman who had been treated for the same disorder by mercury was andering from this poison in her bones. They had become so sensitive to the weather that on a damp day she suffered exercinting pain in her joints and hones. She, too, was cared entirely by your Sarsaparilla in a few weeks. I know from its formula, which your agent gave me, that his Preparation from your histortory must be a great remedy; consequently, these truly remarkable results with it have not surprised me.
