s squandered it is his right and his duty to protest. The planderers may prejest, but that is to be expected. They, may prescribe hanging, but what of it? While law governs there is not much danger.--It is trug that in these times, when the habeos corpus is a practical nullity, the citizen is not entirely secure against illegal incarceration-but this power has been exercised in so few cases that it has hardly chused a perceptible flutter. Men still dare to regard themselves as free citizens of a free and enlightened country, and so long as they respect the laws and perform all their obligations, they will continue to form and express their own opinions, unawed by power and unrestrained by the treats of violence from pseudo Patriots .-Patriot and Union.

The Princeton Ill. Democrat, published in the Third district of Illinois, says some hard things of its representative, Hon. Owen Lovejoy. The Democrat says that during his boisterous an abusivespeeches the other day, he was very careful not to mention how he defrauded the disconsolate widow of his brother out of the small estate left by her husband, leaving her dependant upon the cold charities of the world.

#### Holloway's Ointment!

Bad Legs, Bad Broasts, Sores and Uloors. A LL descriptions of sores are remediable by the prop-tor and diligent use of this inestimable preparation. To attempt to cure bad logs by plastering the edges of the wound together is a folly; for should the skin unite, a bogy discased condition remains underneath to break ont with tendoid fury in a few days. The only rational and successful treatment, as indicated by nature, is to re-duce the inflammation in and about the wound, and to such the neighboring parts by rubbing in plenty of the Ointment as salt is forced intoiment.

Diptheria, Ulcerated Sore Throat, and Scarlet and other Fevers.

NY of the above discases may be cured by well rub-bing the Ontonent, three times a day, into the chest, thront and neck of the patient; it will soon penetrate and give immediate relief. Medicine taken by the month must operate upon the whole system ere its influence can be felt in any local part, whereas the Ointment will do its work at once. Whoever tries the ungment in the above manner for the discases named, or any similar disorders affecting the sheet and throat, will find themselves reliev-ed as by a charm.

## Piles, Fisstula, Strictures.

Piles, 'FisStnla, Strictures. Tilf: above class of complaints will be removed by injuly founching the parts with warm water, and then most effectually rubbing in the Ointment. Persons sufficing from these direful complaints should lose not a moment 'n arcesting their progress. It should be under-sload that it is not sufficient merely to summar the Oint-ment on the affected parts, but it must be well rubbed in for some considerable time two or three times a day, that it may taken into the eveten, whence it will remove any hidden sore or wound as effectually as though palable to the eye. There again bread and water ponities, after the rubbing in of the Ointment, will: do creat service. This is the only sure treatment for females, cases of cancer in the stomach, or where there may be a general bearing down. Indiscretions of Youth;--Sores and Closes.

SETE W. FOWLE & CO. -- Goutlemen : -- I first

made use of the Orygeneted Bitters some seven or eight years since. Having suffered for twenty years

from a form of dyspensia, which was attended with #

nervous besdache, on an average of not less than one

day in a week, I was induced, by the unpretending ret-

commendation of Dr. Green, " to try one bottle, and if no benefit was received to discontinue the use."

The use of our bottle warranted a further trial, to the

extent of some three or four, with a careful observance

of the accompanying directions. The result was, an almost intire relief from the usual dyspeptic symptome

and their depressing, painful consequences. I believe these Bitters produced an entire change in the habits of

my system, and upon the active energies of the digestive

organs, I now deem myself as exempt from Dyspepsi as most persons. These Bitters have also been of set

vice to other members of my family.
