CERTIFICATE. This is to certify, that Mrs. Emory has been afficied for years past with that distressing complaint known as the "Piles," and that having failed in securing relief from various Physicians, she was induced from reports to try Mr. Williams. "Pile Solution," which we obtained at one of his Agencies in Tunkhannock, Pa. The result has been the most favorable. The trial was made with it last fall, and after using as directed for a few days, what we have good reason to think was a permanent cire was effected. Several other cases of a similar nature in this vicinity have used it with like results. With Mr. Williams notto "no cure no pay" every one thus afflicted will certainly do well to try it.
