This is to certify, that Mrs. Emory has been afflicted for years past with that distressing complaint known as the "Piles," and that having failed in securing relief from various Physicians, she was induced from reports to try, Mr. Williams ""Pile Solution," which we obtained at one of his Agencies in Tankhannock, Pa. The result has been the most favorable. The trial was made with it last fall, and after using as directed for a few days, what we have good reason to think was a permanent cure was effected. Several other cases of a similar nature in this vicinity have used it with like results. With Mr. Williams motito "no cure no pay" every one thus afflicted will certainly do well to try it.

HEALTH AND ITS PLEASURES Or Disease With Its Agonies:

HOLLOWAY'S PILLS

NERVOUS DISORDERS. WHAT is more fearful than a breaking down of the nervous system? To be excitable or nervousing small degree is most distressing for where can a remedy be found? There is one: -drink but little wine, beer, or spirits, or far better, none; take no coffee, --weak tea being preferable; get all the fresh air you can; take three or four Pills every night; cut pleuty of solids, avoiding the use of stops; and if these golden rules are followed, you will be happy in mind, strong in body, and orget you have nerves Mothers & Daughters. If there is one thing more than another for which these Pills are famous, it is their purifying properties, especially their power of cleansing the blood from all impurities, & removing dangerous and suspended secretions. Univer-cally adopted as the grand semedy for female complaints, they never fail, never weaken the system, and always bring about what is required.

Sick Headache and Want of Appetite. These feelings which so sadden us, most frequently arise from annovances or trouble, from perspiration, or from eating and drinking what is unfit for us, thus disordering the stomach and liver. These organs must be regulated if you wish to be well. The Pills, if taken according to the printed instructions, will quickly restore a healthy action to both liver and itomach, whence follow as a matural consequence, a good appetite and a clear head. In the East and West Indies scarcely any other medicine is ever used for these disorders.

DISORDERS OF THE KIDNEYS. In all diseases affecting these organs, 'whether they se-crete too much or too little water, or whether they be af-flicted with stone or gravel, or with aches and pains settled in the Joins over, the regions of the kidneys, these Pills should be taken according to the printed directions, and the Ointment should be well rubbed into the small of the back at bed time. This treatment will give aimost imme-ate relief when all other means have failed.

For Stomachs out of Order. No medicine will so effectually improve the tone of the stomach as these Pills; they remove all acidity, occasiond either by intemperance or improper dict. They reach the liver and reduce it to a healthy action; they never fall in curing all disorders of the liver and stomach.

Holloway's Pills are the best remedy known in the world for the following diseases: Ague, Fits, Gout, Billous Complaints, Head-ache, Blotches on Skin, Indigestion: Bowel Complaints, Inflammation, Janualice, Janualice Sore Throats, Stone and Graval, Sec'ndary symptms Tie-Douloureux, olics Jaindice,

Reliable Testimony. We call the attention of the reader to the following letter from President Smith, formerly of Wesleyan

University, and now of Annapolis, Md. MIDDLETOWN, Conn., Feb. 28, 1859. SETH W. POWLE & Co .- Gentlemen : -- I first made use of the Orygenated Bitters some seven or eight years since. Having suffered for twenty years from a form of dyspepsia, which was attended with a nervous headache, on an average of not less than one day in a week, I was induced, by the unpretending recommendation of Dr. Green, "to try one bottle, and if no benefit was received to disconti

The use of one bottle warranted a further trial, to the extent of some three or four, with a careful observance of the accompanying directions. The result was, an almost entire relief from the usual dyspeptic' symptom and their depressing, painful consequences. I believe these Bitters produced an entire change in the habits of my system, and upon the active energies of the digestive organe. I now deem myself as exempt from Dyspepsis as most persons. These Bitters have also been of service to other members of my family.

Very respectfully yours, AUGUSTUS W. SMITH.

RICHMOND, Tioga Co., Pa., Aug. 25, 1858. GENTLEMEN, - After suffering for more than thirty sis, and trying many remedies rec ommended for that disease without any good result, I was induced, by Dr. F. H. I am now nearly seventy-five years of age, and for three months past have fell no inconvenience from my food. I take great pleasure in recommending the Bitters to all afflicted with Dyspepsia and its concomitant diseases.

From Dr. White. MANSFIELD, Tioga Co., Pa., Aug. 26, 1858. I have used the Orygenated Bitters in my practice, with decided success in debility and general prostration, &c., and confidently recommend them in general debility, and diseases of the digestive organs.

Not only are your Pills admirably adapted to their purpose as an aperient, but I find their beneficial effects upon the Liver vary marked indeed. Their regulating action on the liver is quick and decided, coase-quently they are an admirable remedy for derangements of that organ. Too much cannot be sailed your Pills for the cure of cotificeness. If others of our fraternity have found them as effications as I have, they should join me in proclaiming it for the benefit of the multitudes who suffer from that complaint, which, although bad enough in itself, is the progeniter of others that are worse. I believe coefficients to originate in the liver, but your Pills affect that organ and cure the disease. From Mrs. E. Stuart, Physician and Midwife, Boston.

I find one or two large doses of your Pills, taken at the proper time, are excellent promotives of the natural secretion when wholly or partially suppressed, and also very effectual to cleanse the stomack and capel worms.
