THE OXYGENATED BITTERS, THE OXYGENATED BITTERS.

Reliable Testimony.

We call the attention of the reader to the following letter from President Smith, formerly of Wesleyan

University, and now of Annopolis, Md. MIDDLETOWN, Conn., Feb. 28, 1859. SETH W. POWLE & CO .- Gentlemen: - I first made use of the Oxygenated Bitters some seven or eight years since. Having suffered for twenty years from a form of dyspopsia, which was attended with a nervous headache, on an average of not less than one day in a week, I was induced, by the unpretending recommendation of Dr. Green, "to try one bottle, and if

no benefit was received to discontinue the use."

The use of one bottle warranted a further trial, to the extent of some three or four, with a careful obs of the accompanying directions. The result was, an almost entire relief from the usual dyspeptic symptoms and their depressing, painful consequences. I believe these Bitters produced an entire change in the habits of my system, and upon the active energies of the digestive organs. I now deem myself as exempt from Dyspepsia as most persons. These Bitters have also been of ser vice to other members of my family.

Very respectfully yours. AUGUSTUS W. SMITH.

RICHMOND, Tioga Co., Pa., Aug. 25, 1858. GENTLEMEN, - After suffering for more than thirty years with Dyspesia, and trying many remedies recommended for that disease without any good result, I was induced, by Dr. F. H. White of Mansfield, to give the Orygenated Bitters a trial. I took two bottles, which gave me so much relief that I purchased two more, which have nearly or quite effected a cure. I am now nearly seventy-five years of age, and for three months past have felt no inconvenience from my food. I take great pleasure in recommending the Bitters to all afflicted with Dyspepsia and its concomitant diseases. A. HEBARD

From Dr. White. MANSFIELD, Tiogs Co., Pa., Aug. 26, 1858. I have used the Oxygenated Bitters in my practice with decided success in debility and general prestration, Ec., and confidently recommend them in general de-bility, and diseases of the digestive organs.

OARLAND, Ind., 6th June, 1869.

J. C. Ayer & Co. Gents: I feel it my duty to so-knowledge what your Sarsanzilla has done for me. Having inherited a Scrolulous infection, I have suffered from it in various ways for years. Sometimes it burst out in Ulcers on my hands and arms; sometimes it turned inward and distressed me at the stomach. Two years got broks out on my head and covered my scale and cars with one sore, which was prainful and loadhnome beyond description. I tried many implicious and severy physicians, but without much relief from any thing. In fact, the disorder grew worse. At length I was rejoied to read in the Gospel Messenger that you had prepared an alterative (Barsaparilla), for I knew from your reputation that any thing you made unsat be good. I sent to Checimal and got if, and used it till it cured ms. I took it, as you advise, in small doses of a tempoonful over a month, and used almost three bottles. New and healthy skin soon began to form under the seab, which after a while fell off. Hy skin is now clear, and I know by my feelings that the disease is none from my system. You can well boliave that I feel what I am saying when I tell you, that I hold you to be one-of the aposites of the age, and remain ever gratefully, ALIRED B. TALLEY.

Uterine Ulceration, Female Diseases.

Dr. J. B. S. Channing, of New York City, writes: "I most cheerfully comply with the request of your agent in saying I have found your Sagsaparilla a most excellent alterative in the numerous complaints for which we employ such a remedy, but especially in Female Diseases of the Scrothlous ditathesis. I have curved many inveterate cases of Leucorrhea by it, and some where the complaint was caused by ulceration of the ulcrust. The ulceration liself was soon curved. Nothing within my knowledge equals it for these female derangements." Advangerous orarian tumor on one of the females in my faculty, which had defied all the remedies we could employ, has at length been completely curved by your extract of Sarsaparilla. Our physician thought nothing but extirpation could afford relief, but he advised the trial of your Sarsaparilla as the last resort before cutting, and it proved effectual. After taking your remedy eight weeks no symptom of the disease remains."

Syphilis and Mercurial Disease.

New Orlians, 22th August, 1850.

Dr. J. C. Aver. Sir: It-cheefully comply with the request of your agent, and report to you some of the effects I have realized with your Sarsaparilla.

I have cured with it, in my practice, most of the complaints for which it is recommended, and have found its effects truly wonderful in the cure of Veneral and Mercurial Disease. One of my patients had Syphilittenleers in his throat, which were consumining his palate, and the top of his mouth. Your Sarsaparilla, steadly taken, cared him in five weeks. Another was attacked by secondary symptoms in his nost, and the ulceration had enten away a considerable part of it, so that I believe the disorder would soon reach his bridu and kill him. But it yielded to my administration of your Sarsaparilla; the ulcers healed, and he is well again, not of course without some disfiguration of the face. A woman who had been treated for the, same disorder by mercury was suffering from this poison in her bones. They ind become so senditive to the weather that on a damp day she suffered exercicating pain in her joints and bone. Site, too, was cured entirely by your Sarsaparilla in a few weeks. I know from its formula, which your agent gave me, that this Preparation from your laboratory must be a great remedy; consequently, these truly remarkable results with it have not surprised me.

Dr. J. C. Ayer. Sir: I have been affilted with a painful chronic Rheumatism for a long time, which baffled the skill of physicians, and stuck to me in spite of all the remedica I could find, until I tried your Sarsaparilla. One bottle cured me in two weeks, and restored my general health so much that I am far better than before I was attacked. I think it a wonderful medicine. J. FIRAM. Jules Y. Getchell, of St. Louis, writes: "I have been afflicted for years with an affection of the Liver, which destroyed my health; I tried every thing, and every thing failed to relieve me; and I have been a broken-down man for some years from no other cause than derangement of the Liver. My beloved pastor, the Rev. Mr. Espy, advised me to try your Sarsaparilla, because he said he knew you, and anything you made was worth trying. By the blessing of God it has cored mes and has so purfied my blood as to make a now man of me. I feel young again. The best that can be said of you is not half good cough."
