PORTRAITS, PORTRAITS! NEW ARRANGEMENTS IN THE BRICK BLOCK. THE undersigned having taken the Rooms formerly accupied by W. B. DKANS, is now prepared to furnish all who may desire with a good and fruthful Portrait.

Being, well posted in the production of the various kinds of Pictures of the day, I fatter myself that my work is not excelled by any in this section of the country.

Among the various kinds taken at my Rooms are the

AMBROTYPE, PHOTOGRAPH, MELAINOTYPE, NEILLOGRAPII. MELAINOTYPE, NEILLOGRAPH.

Locket Pictures down to the smallest sized miniature Ring. Transferred Ambrotypes—the finest thing ont, for souding by Post to any part of the World without extra postage. My Pictures are bold, rigorous, and expressive unot those faint, lifeless shadows often sold about the country. Pictures taken in all kinds of weather, equally well, except those of young children. No picture need to taken unless perfect satisfaction is given.

In dressing for a picture, avoid light colors,—such as blue, purple, scarlet, pink, etc. Most others take well; as green, black, red, smill, brown, orange, yellow, etc., EXT Remember that the place to get your "picture" is in the Brick Block, over Read, Watcone & Foster's store.

All descriptions of sores are remediable by the prop-All descriptions of sores are remediable by the prop-All descriptions of sores are remediable by the prop-reserved and diligent use of this inestimable preparation. To attempt to cure bad legs by platering the edges of the wound together is a folly; for should the skin unite, a boggy diseased condition remains underneath to break out with tenfold fury in a few days. The only rational and successful ireatment, as indicated by nature, is to re-duce the indiamnation in and about the wound, and to southe the neighboring parts by rubbling in plenty of the Olutment as sent is forced into meat.

Ointment us, sait is forced into meat.

Diptheria, Ulcorated Sore Throat, and Scarlet and other Fevers.

Ny of the above diseases may be cured by well rubbling the Ointment, three times a day, into the chest, throat and nick of the patient; it will mon penetrate and give immediate relief. Medicine taken by the mouth must operate upon the whole system ere its influence can be felt in any local part, whereas the Ointment will do its work at once. Whoever tries the unguent in the above manner for the diseases named, or any similar disorders affecting the chest and throat, will find themselves relieved as by a charm. Piles, Fisstula, Strictures.

THE above class of complaints will be removed be nightly fomenting the parts with warm water, an then most effectually rubbing in the Ointment. Person autering from these directly complaints should lose not then most effectually rubbing in the Ointment. Persons suffering from these directal complaints should lose not a moment in arresting their progress. It should be understood that it is not sufficient merely to smear the Ointment on the affected parts, but it must be well rubbed in for some considerables time two or three times a day, that it may taken into the system, whence it will remove any hidden sore or wound as effectually as though palpable to the eye. There again broad and water poultices, after the rubbing in of the Ointment, will do great service. This is the only sure treatment for females, cases of cancer in the stomach, or where there may be a general bearing down. Indiscretions of Youth ;--- Sores and Ulcers.

Indiscretions of Youth;—Sores and Ulcars.

Diotches, as also swellings, can, with certainty, be radically cured if the Ontment be used freely, and the Pills be taken night and morning as recommended in the in the printed instructions. When treated in any other way they only dry up in one place to break out in another; whereas this Ontment will remove the humor from the system, and leave the patient a vigorous and healthy being. It will require, time with the use of the Pills to ensure a lasting dure.

Dropsical Swellings; Paralysis and Stiff Joints.

A LTHOUGH the above complaints differ widely in A their origin and nature, yet they all require local freatment. Beliable Testimony. We call the attention of the reader to the following letter from President Smith, formerly of Wesleyan

University, and now of Annapolis, Md. MIDDLETOWN, Conn., Peb. 28, 1850. SETH W. POWLE & CO. - Gentlement - 1 first made use of the Orygenated Bitters some seven or eight years since. Having suffered for twenty years from a form of dyspepsia, which was attended with a nervous headache, on an average of not less than one day in a week, I was induced, by the unpretending rec-ommendation of Dr. Green, "to try one bottle, and if no benefit was received to discontinuo the use."

The use of one bottle warranted a further trial, to the extent of some three or four, with a careful observance of the accompanying directions. The result was, an almost entire relief from the usual dyspeptic symptoms

my system, and upon the active energies of the digestive organs. I now deem myself as exempt from Dyspensia as most persons. These Bitters have also been of service to other members of my family. Very respectfully yours,

RICHMOND, Tioga Co., Pa., Aug. 25, 1858. GENTLEMEN, - After suffering for more than thirty years with Dysperie, and rrying many remedies recommended for that disease without any good result, I was induced, by Dr. F. H. White of Mansfeld, to give the Oxygenated Bitters a trial. I took two bottles, which gave me so much relief that I purchased two more, which have nearly or quite effected a cure. I am now nearly seventy-five years of age, and for three months past have felt no inconvenience from my food. I take great pleasure in recommending the Bitters to all afflicted with Dyspepsia and its concomitant diseases.

AYER'S CATHARTIC PILLS.

Dysentery, Diarrhea, Relax, Worms. From Dr. J. G. Green, of Chicago.

Your Pills have had a leng trial in my practice, and I hold them in esteem as one of the best aperients I have ever found. Their alterative effect upon the liver makes them an excellent remedy, when given in small doses for billiods dysentery and diarrhea. Their sugar-coating makes them very acceptable and convenient for the uso of women and children.
