BY GILBERT J. BEEBE. BY GILBERT J. BFEBE.

THUS PAMPHLET, consisting of 61 double column ages, was originally published pending the political curvas of 1800. The "impending Crisis," is a compilation of all the sophisms and malicious doctrines by which the public mind of the North had been so far poise and as to produce the triumph of the Presidential candidate of the sectional party lest fall. It was widely circulated gratuiously, by means of large contributions of money, and did more than any other thing to deceive the masses of our people. In this Review and Reduction, we take up each of its chapters separately, and every important assumption in detail, and refute them so completely that no intelligent person, can read the pamphlet without being convinced of the faisity of all the wicked assumptions of the Helper book and of the faily of the section all strike which has culminated in civil war. As there is no probability that peace will be permanently restored to our distracted land until the public mind at the Northiadisabased of its erroneous impressions relative to the trace thereof our Southern sister States, most of whom are now in rebellion scainst our general government, as the result of the triumph of sectional faunticies hoth North and South, and there is probably no more effected in means of accomplishing this result, than by general circulation of our Retainson of Alleper. It contains a large amount of valuable statistics, worth, for occasional reference, several times the price of the pamphlet, to all intelligent citizens. Price 25 cents per copy, or 25 per docen—sent by mail, postage prepaid.

HOSTETTER'S STOMACH BITTERS.

The proprietors and manufacturers of IIC S-TETTER'S CELEBRATED STOMACH FIT-TERS can appeal with perfect confidence to physicians and citizens generally of the United States, because the article has attained a repu-States, because the article has attained a reputation heretofore unknown. A few facts upon this point will speak more powerfully than volumes of bare assertion or blazoning puffery. The consumption of Hostetter's Stomach Bitters for the last year amounted to over a half-million bottles, and from its manifest steady, increase in times past, it is evident that during the coming year the consumption will reach near one million bottles. This immense amount could never have been sold but for the rare reclicing properties contained in the preparamedicinal properties contained in the propera-tion, and the sanction of the most prominent physicians in those sections of the country where the article is best known, who not only recommend the Bitters to their patients, but are ready at all times to give testimonials to its efficacy in all cases of stomachic derangements and the diseases resulting therefrom. and the diseases resulting therefrom.

This is not a temporary popularity, botained by extraordinary efforts in the way of trumpeting the qualities of the Eitters, but a solid estimation of an invaluable medicine, which is

destined to be as enduring as time itself.

Hostetter's Stomach Bitters have proved a Godsend to regions where fever and ague and various other billions complaints have counted their victims by hundreds. To be able to state confidently that the "Bittera". and to state conductive that the Interest and like diseases, is to the proprietors a source of uncloyed pleasure. It removes all morbid matter from the stometh, purifies the blood, and imparts renewed vitality to the nervous system. giving it that tone and energy indispensable for the restoration of health. It operates upon the stomach, liver, and other digestive organs, mildly but powerfully, and soon restores them to a condition essential to the healthy discharge

of the functions of nature. of the functions of nature.

Elderly persons may use the Bitters daily as per directions on the bottle, and they will find in it a stimulant peculiarly adapted to comfort declining years, as it is pleasant to the palate, invigorating to the bowels, excellent as a tonic, and rejuvenating generally. We have the cyl-dence of thousands of aged men and women who have experienced the benefit of using this preparation while suffering from stomach de-rangements and general debility; acting under-the navice of physicians, they have abandoned all deleterious drugs and fairly tested the nerits of this article. A few words to the gentler sex. There are certain periods when gertler sex. There are certain periods when their cares are so harassing that many of them sink under the trial. The relation of mother and child is so absorbingly tender, that the mother, especially if she be young, is apt to forget her own health in her extreme anxiety for her infant. Should the period of maternity arrive during the summer season, the wear of body and mind is generally aggravated. Here, then, is a necessity for a stimulant to recupe-red the approxime of the system and enable the then, is a necessity for a stimulant to recuperate the energies of the system, and enable the mother to bear up under her exhausting trials and responsibilities. Nursing mothers generally prefer the Bitters to all other invigorators that receive the endorsement of physicians, because it is agreeable to the taste as well as cortain to give a permanent increase.

well as certain to give, a permanent increase of bodily strength.

All those persons, to whom we have particularly referred above, to wit: sufferers from fever and ague, caused by malaria, diarrhoa, dyseniery, indigestion, loss of appetite, and all diseases or derangements of the stomach, superannuated invalids, persons of sedentary occupation, and nursing mothers, will consult their own physical welfare by giving to Hostetter's Celebrated Stomach Bitters a trial.

CAUTION.—We caution the public against using any of the many initiations or counterfetts, but ask for Hostetter's Celebraten Stomach Bitters, and see that each bottle has well as certain to give a permanent increase STOMACH BITTERS, and see that each bottle has the words "Dr. J. Hostetter's Stomach Bitters" blown on the side of the bottle, and stamped on the metallic cap covering the cork, and observe that our autograph signature is on the

Reliable Testimony. We call the attention of the reader to the following letter from President Smith, formerly of Wesleyan University, and now of Annopolis, Md.

MIDDLETOWS, Conn., Feb. 28, 1859. SETH W. FOWLE & Co. - Gentlemen: - I first made use of the Oxygenated Bitters some neven or eight years since. Having suffered for twenty years from a form of dyspessia, which was attended with a nervous headache, on an average of not less than one day in a week, I was induced, by the unpretending rec ommendation of Dr. Green, "to try one buttle, and if no benefit was received to discontinue the me.

The use of one bottle warranted a further trial, to the extent of some three or four, with a careful obse of the accompanying directions. The result was, an almost entire relief from the usual dyspeptic symptoms and their depressing, painful consequences. I believe these Bitters produced an entire chapge in the habits of my system, and upon the active energies of the digestive organs. I now door myself as exempt from Dyspepsia as most persons. These Bitters have also been of service to other members of my family. Very respectfully yours,

RICHMOND, Tioga Co., Pa., Aug. 25, 1858. pure with Dyspenia, and trying many remedies recommended for that disease without any good result, I was induced, by Dr. F. II. White of Manafield, to give the Organized Bitters a trial. I took two bottles, which gave me so much relief that I purchased two more, which have nearly or quite effected a cure. I am now nearly seventy-five years of age, and for three months past have felt no inconvenience from my food. I take great pleasure in recommending the Bitters to all afficted with Dyspopsia and its concomitant diseases.

From Dr. White. MARSVIELD, Tiogs Co., Pa., Aug. 26, 1858. I have used the Organized Sitters in my practice with decided success in debility and general prostration, &c., and confidently recommend them in general debility, and diseases of the digestive organs. F. H. WHITE, M. D.
