PORTRAITS: PORTRAITS! BRICK BLOCK. THE undersigned having taken the Rooms formerly
a occupied by W. B. DEARS, is now prepared to furnish
all who may desire with a good and truthful Portrait.
Being well posted in the production of the various kinds
of Fictures of the day, I faiter myself that my work is not
excelled by any in this section of the country.
Among the various kinds taken at my Rooms are the

AMBROTYPE, PHOTOGRAPH, MELAINOTYPE, NEILLOGRAPH. Locket Pictures down to the smallest sized miniature Ring. Transferred Ambrotypes—the finest thing out, for smaling by Poet to any part of the World without extra postage. My Pictures are bold, vigorous, and expressive —and those faint, lifeless shadows often sold about the sounity? Pictures taken in all kinds of wasther, equally really accept those of young children. No picture need be taken unless perfect satisfaction is given. Back, red, smalf, brown, orange, yellow, etc.

But dressing for a picture, avoid light choirs,—such as less purple, scarlet, pink, etc. Most others take well; as green, black, red, smalf, brown, orange, yellow, etc.

But Benember that the place to get your "picture" is in the Brick Block, over Read, Watron's E-oster's store.

WANTED.

BY GILBERT J. BEEBE.

THESPAMPHLET, consisting of 64 double column Lagres, was originally published pending the political canvass of 1800. The "impending Crisis," is a complisation of all the sophisms and malicions doctrines by which the public mind of the North had been so far poisoned as to produce the triumph of the Presidential candidate of the sectional party isst fall. It was widely circulated gravitiously, by means of large contributions of money, and did more than any, other thing to deceive the masses of our people. In this Review and Refutation, we take up each of its chapters separately, and every important assumption in detail, and refute them so completely that no intelligent person can red the pamphlet without heing convinced of the falsity of all the wicked assumptions of the Helper book and of the folly of the sectional sixtle which has culminated in civil war. As there is no probability that peace will be permanently restored to our distracted land nutil the public mind at the North is disabased of its erroneous impressions relative to the true character of our Southern sixter States, most of whom are mown in rebellion against our general government, as the result of the triumph of sectional fanaticism both North and South,—it becomes the duty of all true patriots to do all in their power to remove unjust, prejudices between the North and South, and there is probably no more efficient means of accomplishing this result, than by general circulation of ont Refutation of Helper. It contains a large amount of whashe statistics, worth, for occasional reference, several times the price of the pamphlet, to all intelligent citizens. Price 25 cents per copy, or \$2 per dozen—searthy mail, postage prepaid.

HOSTETTER'S STOMACH BITTERS.

The proprietors and manufacturers of HOS-The proprietors and manufacturers of HOSTETTER'S CELEBRATED STOMACH BITTER'S CELEBRATED STOMACH BITTERS can appeal with perfect confidence to physicians and citizens generally of the United States, because the article has attained a reputation heretofore unknown. A few facts upon this point will speak more powerfully than volumes of bare assertion or blazoning puffery. The consumption of Hostetter's Stomach Bitters for the last year amounted to over a half-million bottles, and from its manifest steady increase in times past, it is evident that during the coming year the consumption will reach near one million bottles. This immense amount could never have been sold but for the rare medicinal properies contained in the preparation, and the sanction of the most prominent physicians in those sections of the country where the article is best known, who not only recommend the Bitters to their patients, but recommend the Bitters to their patients, but are ready at all times to give testimonials to its are ready at all times to give testimonials to its efficacy in all cases of stomachic derangements and the diseases resulting therefrom.

This is not a temporary popularity, obtained by extraordinary efforts in the way of trumpeting the qualities of the Bitters, but a solid estimation of an invaluable medicine, which is destined to be as enduring as time itself.

Hostetter's Stomach Bitters have proved a Godsend to regions where fever and ague and various other bilious complaints have counted their victims by hundreds. To be able to state confidently that the "Bitters" are a certain cure for the Dyspepsia and like

counted their victims by hundreds. To shall to state confidently that the "Bitters" are a certain cure for the Dyspepsia and like diseases, is to the proprietors a source of un-alloyed pleasure. It removes all morbid matter from the stomach, jurifies the blood, and imparts renewed vitality to the nervous system, giving it that tone and energy indispensable for the restoration of health. It operates upon the stomach, liver, and other digestive organs, mildly but powerfully, and soon restores them to a condition essential to the healthy discharge of the functions of nature.

Elderly persons may use the Bitters daily as per directions on the bottle, and they will find in it a stimulant peculiarly adapted to comfort declining years, as it is pleasant to the palate, invigorating to the bowels, excellent as a tonic, and rejuvenating generally. We have the evidence of thousands of aged men and women who have experienced the benefit of using this preparation while suffering from stomach derangements and general debility; acting under the advice of physicians, they have abandoned all deleterious drugs and fairly tested the the advice of physicians, they have abandoned all deleterious drugs and fairly tested the merits of this article. A few words to the gentler sex. There are certain periods when their cares are so harassing that many of them sink under the trial. The relation of mother and child is so absorbingly tender, that the mother, especially if she be young, is and to forget her own health in her extreme anxiety for her infant. Should the period of maternity arrive during the summer season, the wear of arrive during the summer season, the wear of arrive during the summer season, the wear of body and mind is generally aggravated. Here, then, is a necessity for a stimulant to recuperate the energies of the system, and enable the mother to bear up under her exhausting trials and responsibilities. Nursing mothers generally prefer the Bitters to all other invigorators that receive the endorsement of physicians, because it is agreeable to the taste as well as certain to give a permanent increase

well as certain to give a permanent increase of bedily strength.

All these persons, to whom we have particularly referred above, to wit: sufferers from fover and ague, caused by malaria, diarrhea, dysentery, indigestion, loss of appetite, and all diseases or derangements of the stomach, superannuated invalids, persons of sedentary occupation, and nursing mothers, will consult their own physical welfare by giving to Hostetter's Celebrated Stomach Bitters a trial.

CAUTION.—We caution the public against using any of the many imitations or counterwell as certain to give a permanent increase using any of the many imitations or counterfeits, but ask for Hoszertze's Celebraten Stomach Birriers, and see that each bottle has

J. C. Ayer & Co. Gents: I feel it my duty to seknowledge what your Barssparilla has done for me. Having faberited a Scrofnious infection, I have suffered from it in various ways for years. Sometimes it burst out in Ulcers on my hands and arms; sometimes it turned inward and distressed me at the stomach. Two years ago it broke out on my head and covered my scalp and cars with one sore, which was painthi and loadinous beyond description. I tried many medicines and every physicians, but without much relief from any thing. It fact, the disorder grew worse. At length I was rejoiced to read in the Gospol Measenger that you land prepared an alterative (Sarsaparilla), for I knew from your reputation that any thing you made must be good. I sent to Cincinnati and got it, and used it till it cured me. I took it, as you advise, in small doses of a tearpoonful over a month, and used almost three bottles. New and healthy skin soon began to form under the scale, which siter a while foll off. My skin is now clear, and I know by my feelings that the disease is gone from my system. I have cared many inveterate cases of Leucorrhone by it, and some where the complaint was caused by ulceration of the interns. The ulceration itself was soon cared. Exphilis and Mercurial Disease.

New Onleans, 23th August, 1850.

Dr. J. C. Aver. Sir: I sheerfully comply with the request of your agent, and report to you some of the effects I have realized with your Sarsaparilla.

I have cured with it, in my practice, most of the complaints for which it is recommended, and have found its effects truly wonderful in the cure of Veneral and Mercurial Disease. One of my patients had Syphillite ulcers in his throat, which were consuming his palate and the top of his mouth. Your Sarsaparilla, steadily taken, cured him in five weeks. Another was attacked by soundary symptoms in his nose, and the ulceration had enten away a considerable part of it, so that I leilere the disorder would soon reach his prian and kill him. But it yielded to my administration of your Sarsaparilla: the ulcers healed, and he is well sgain, not of course without some disfiguration of the face. A woman who had been treated for the same disorder by increary was suffering from this poison in her bones. They had become so sensitive to the weather that on a damp day she suffered excruciating pain in her joints and homes. She too, was cured entirely by your Sarsaparilla in a few weeks.
