Dandelion Coffee,

THE APPLES OF NEW ENGLAND

The Apples of New England I
How hang their loaded boughs
Over the grey stone reness,
In reach of the dappled cows; Ot every rod-cheeked Baldwin Hath a merry song to sing,

Where the farmer is a King. Tes, the king of his bursting scree,
Whose grain takes a thousand buss
In the wonder-tinting sunshine—
Yes King in his cobbled shoes;
King of the sturdy plowshare;

King of the sickle keen; King over God's full meadows, The Russets of New England What roddy fires they see, Where the crack of the veiny Walnut And the crack of the pine agree; '-Where the herbs hang high in the chimney, And the cat pures on the hearth,

And the rollicking boys guess riddles. With many a shout of mirth. O! the Greenings of New England! Of the old Rhode Island stock— Brought from the English gardens To grace the land of rock ; As fair as Britain's daughters, As hardy as her men, But fairer lade and lasses

Have plucked their fruit since then OI the Pearmain of New England ! With its blended milk and rose, There's a smell of Albion's orchards Wherever the good tree grows ; A stout old Pilgrim brought it, And to cradle its seed he broke The sacred soil of Hartford,

By the root of the Charter Oak ! When their yellow coats in letters Tell tales at the apple bee ; What rosy cheeks at the quilting ! What kisses in busking time! That soon lead off to the parson, Or end in a wedding chime.

O! the apples of New England: They are famous in every land; And they sleep in silver baskets, Or blush in a jeweled hand; They swell in delicious dreaming. On a beautiful, crimson lip,
And taste of the nectared blisses No lover has dared to sip,

They go to the southern islands, They go to the southern island.
They go to he western wild.
And they tell of their glorious birth place.
To every frolicking child.
Of the home where mere noble.
And the women as good as fair:
Of the Applets of New England!
They are welcome everywhere.

Domestic Animals One of the first and most important

duties of the present month is, daily care of domestic animals. We are really in winter quarters now, and every animal must have its allowance dealt out to it. They can no longer obta-in a supply of food in the field; and piercing winds and pelting storms will use up a dollar's worth of fat and flesh in susta-

of a proper supply of food.

Is every animal well fed and properly that can prevent its success unless you underthe present season, all indicate ms made as product the conversation on all sides. "We never any part of the State.

At Mary Barrow's, an old style series woman farmer, done far more than you to prove our deseveral miles south of Mr. Wilson's, we were so particuvotion to the Union and Government of there, so that the cold winds and storms can beat upon the horses? Does every the Constitution. The army was called inmilk cow have a good supply of nutritious food, not less than twice daily? Cows cannot be expected to yield even a toler-

where they can lie during the night, and enjoy quiet rumination and rest? How is it with your calves? Do they have all the good hay they can eat dur-ing the night—and do they get a little mead every day—and have they a comfortable shed or stable? Do they fill themselves well—or do their sides—as my little boy said—"look as if some one had

kicked them all in with a big boot?"
Where are your sheep? Are they

tion, no time should be lost in supplying hese very important items, without de-Is the barnyard in a good condition for the comfort of your animals-or is there nothing but fine manure, mud and water or them to stand or lie down in? Have

all the holes and crevices been stopped about the sheds—or does the cold wind and storms rush through them, and render the shed colder than it would be away from such shed? without delay, if they have not been per-

War for the Union.

OF LUZERNE COUNTY. Drc. 16.-The House of Representatives

but I do propose that the Commons here, in their places, shall furnish the ways and means and the men to carry on the war. the judges as to what number of men and what amount of money is required. I

take it that the members of this House

and of the other branch of Congress, are the sole judges of that question. Sir, if this war is conducted upon legitimate principles, I have no fears in regard to its result. If you will confine yourself to the proclamation of Abraham Lincoln, issued on the 19th of April last, when he made his appeal to the people of this country, saying that he wanted an ormula to nut down insurrection and rebellion, and to protect therights of property and the rights guarantied by the Constitution to the

the principles contained in that proclamation, there is no danger with regard to the result of the war, with the number of the war, with the number of troops we now have in the field. But if it be the desire and the plan to change the object of the war, and make it a war for emancipation, I can tell those gentlebosonment and existence of the Government itself. I do not pretend to sny whether the gentleman of Illinois be of that party or and in France and Germany a maribed is counted on as

not. If gentlemen will confine themselves not. If gentlemen will confine themselves and spread over the field. How much more valuable then the principles of the message which the President sent in at the opening of this session, we need have no fear with regard to the result; but, as the gentlemen from New York [Mr. Steele] obwar, you paralyze the bravery of the army; you present another question; you present a divided North and a South united. That would be the effect of such a the honor of the flag, and not for the emancipation of slaves. I believe that it is the

ranks be filled, and let it be shown to the good stables or sheds, with enough to cat than to leave them where they will be compelled to use up any of the fat they have laid upg during the summer, for want of a proper supply of food.

The overvenimal well fed and properly the summer of the summer of the summer of the substance of the sub to the field to protect the Government, and when the President issued his procla-mation how nobly did the responce come "Yes, but you manured high, we suppore?" wo said incannot be expected to yield even a tolerable supply of milk unless they have a mation how nobly did the responce come up from all the loyal States to that appear animal have a comfortable place, where they can lie during the night, and answered within a period of his months. an army has been brought in the field lar ger than the great Napoleon ever commanded, and as brave, during his brilliant career; that army was brought in the field as the proclamation called it into the down secession and crush out rebellion.

The that issue he maintained and T tell five miles north of Millville, from half to a mile cash of Let that issue be maintained, and I tell

DEC.16.—The House of Representatives having under consideration a bill to authorize the raising of a volunteer force for the better protection of Kentucky. Mr. Wright said:

Now, sir, I do not propose that the House shall be general with regard to the manouvers of the Army upon the field;

Sideration and our gratitude. She is of us and with us; and for one I am ready finer body of men collected into one company than the "Anderson Body Guards," was born, but this unnatural war has which arrived here last night by the mail train on the Pennsylvania Railroad, en destiny to fall in the great struggle for human liberty, and republican government and the Constitution are, who expired before I may grandmother, who expired before I may grandmother. the Government and the Constitution are, general intelligence and soldierly appearthere it is my hope to be, and with them may my lot be east. The bill is right and just, and no candid, considerate man should east his vote against it.

REPORT OF SOLON ROBINSON. OF THE NEW YORK TRIBUNE,

VINELAND SETTLEMENT. 137 The following is an extract from the report of Solon Robinson. Esq., published in the New York. Tribune, in reference to Vineland. All persons can read this report with interest.

in an almost level position, and suitable condition for pleasant farming that we know of this side of the west- will be mounted on fine Kentucky

continued fertility. The whole country is a marine deposit; and all through the soil we found evidences of calcareous substances, generally in the form of indulated calcareous mark, showing many distinct forms of ancient shells, of the tertiary formation: and this marly substance.

served the other day, I repeat, if you idence of fertility of a soil which in our situations, havehange the object and principle of the ing the same general characteristics of at least appearan-

for cultivation of which we have some strong proof.

Our first visit was to William D. Wilson, Franklin change of policy. It is a war for the Au-premacy of the Constitution and laws, and miles north of Milville, about three years ago, for the purpose of establishing a steam mill, to work up the tim-ber into lumber, to send off by the new railroad, as well as the firewood and coal, for which he built a track a sworn duty of this Government to accept all the men who offer to come to our stanthe road whith ties, and had no doubt made the mill

timothe, which eave as a first crop 24 tons per sire.

take to change its object, and say that it is several miles south of Mr. Wilson's, we were so particularly struck with the fine appearance of a field of corn, that we stopped to inquire of the hired man how it was produced. We found that the land had been the year but the Constitution. The army was called in.

The truck consisted of beets, carrots, cabbage, cucumbers, mellous, &c., and a very productive patch of Lima

the railroad, and just about in the centre of Vineland for the Union, and preserved her from the power the baldest pretext. We say that protruded from their sockets as if they you that the destiny of rebellion is sealed; Mr. Sharp commenced work here in December, 1838, np. it is sealed forever. No, sir, I am not one Where are your sheep? Are they of those who would for my life change the away off in some distant field, trying to make a meal by pawing the snow off the grass? Have your lambs been separated long ago form the old sheep—and do they now life the work and a meal by pawing the snow off the grass? Have your lambs been separated long ago form the old sheep—and do they now life the work of the dimentions that we must call it a war. That is now its proper and legitimate to who would for my life change the area leaves the snow this involved in the issue."

It was useless to present the arguments the North that the North t
