No picture need be taken unless perfect eatisfaction is given.

In dressing for a picture, avoid light colors,—such as blus, purple, scarlet, pink, etc. Most others take well; as green, black, red, smill, brown, orange, yellow, etc.

A REVIEW AND REFUTATION HELPER'S IMPENDING CRISIS. BY GILBERT J. BEEBE.

BY GILBERT J. BEEBI.

Third shall have a consisting of 64 double column pages, was originally published pending the political canvase of 1880. The "impending Crisis, is a compliant of all the sophisms and maticious dectrines by which the public mind of the North had been sirfar poisoned as to produce the triumph of the Presidential candidate of the sectional party last fall. It was widely circulated gratuitons by by means of large contributions of money, and did more than any other thing to deceive the misses of our people. In this Review and Reduction, we sake up ends of its chapters separately, and every important as-Emption is detail, and reture them so completely that ind intelligent person can read the pamphlet without their geouviaced of the falsity of all the wicked assumptions of the Heiger book and of the folly of the sectional strife which has caliminated in civil war. As there is no probability that peace, will be permanently restored to our distracted land until the public mind at the North is disabased of its erroneous impressions relative to the true character of our Southern sister Stues, most of whom are now in rebellion against our general government, as the result of the triumph of sections-Launticism both North and South,—it becomes the dury of all time patriots to do all in their power, to remove unjust prejudices between the North and South, and there is probably no more efficient means of accomplishing the result, than by general virculation of our Refutation of Helper. It contains a large arount of valuable statistics, worth, for occasional reference, several times the price of the pamphlet, to all intelligent citizens. Price 25 cents per copy, or 82 per dozen—sent by mail, postage prepaid.

HOSTETTER'S STOMACH BITTERS.

P. DUFF & SON.

The proprietors and manufacturers of HOS-TETTER'S CELEBRATED STOMACH BIT-TERS can appeal with perfect confidence to physicians and citizens generally of the United States, because the article has attained a repu-States, because the article has attained a reputation heretofore unknown. A few facts upon this point will speak more powerfully than rolumes of bare assertion or blazoning-pullery. The consumption of diestetter's Stomach Bitters for the last year amounted to over a half-million bottles, and from its manifest steady increase in times past, it is evident that during the coming year the consumption will reach near one million bottles. This immense amount could never have been sold but for the rare medicinal properties contained in the preparation, and the sanction of the most prominent physicians in those sections of the country where the article is best known, who hat only recommend the Bitters to their patients, but are ready at all times to give testimonials to its are ready at all times to give testimonials to its efficacy in all cases of stomachic derangements and the diseases resulting therefrom. and the diseases resulting therefrom.

1 This is not a temporary popularity, obtained by extraordinary efforts in the way of trumpeting the equalities of the Bitters, but a solid estimation of an invaluable medicine, which is destined to be as enduring as time itself.

Hostetter's Stomach Bitters have proved

a Golsenter's Stomach Inters nave proven a Golsend to regions where fever and ague and various other bilious complaints have counted their victims by hundreds. To be able to state confidently that the "Bitters" are a certain cure for the Dyspepsia and like diseases, is to the proprietors a cource of un-alloyed pleasure. It removes all morbid matter from the stomach, purifies the blood, and imparts renewed vitality to the nervous system, giving it that tone and energy indispensable for the restoration of health. It operates upon the stomach, liver, and other digestive organs, mildly but powerfully, and soon restores them to a condition essential to the healthy discharge

of the functions of nature.

Elderly persons may use the Bitters daily as per directions on the bottle, and they will find in it a stimulate peculiarly adapted to comfort declining years, as it is pleasant to the palate, invigorating to the bowels, excellent as a tonic, and solven the research. and rejuvenating generally. We have the evidence of thousands of aged men and women who have experienced the kenefit of using this was nave experienced the center of using the reparation while suffering from stomach derangements and general debility; acting under the advice of physicians, they have abandoned all delectroing drugs and fairly tested the merits of this article. A few words to the merits of this article. A few words to the gentler sex. There are certain periods when their cares and so harassing that many of them sink under the trial. The relation of mother and child is to absorbingly tender, that the mother, especially if she be young, is apt to forget her own health in her extreme anxiety for her infant. Should the period of maternity arrive during the summer season, the wear, of body and mind is generally aggravated. Here, then, is a necessity for a stimulant to recorderate the energies of the system, and enable the mother to hear up under her exhausing trials and responsibilities. Nursing mothers generally prefer the Bitters to all other invigorators that receive the endorsement of physicians, because it is agreeable to the taste as well as certain to give a permanent increase of bodily strength.

well as certain to give a permanent increase of bodily strength.

All those peisons, to whom we have particularly referred above, to wit: sufferers from fever and ague, caused by malaria, diarrhosa, dysentery, indigestion, loss of appetite; and all diseases or derangements of the stomach, superannuated invalids, persons of sedentary occupation, and nursing mothers, will consult their own physical welfare by giving to Hostetter's Celebrated Stomach Bitters a trial.

CAUTION.—We caution the public against using any of the many imitations or counterfeits, but ask for Hostetter's Celebrater Stomach Bitters at the Brokket Bitters and Stomach Bitters and Stomach Bitters are supplied to the second state of the second sec STOMACH DITTENS, and see that each bottle has the words "Dr.J. Reliable Testimony. We call the attention of the reader to the following letter from President Smith, formerly of Wesleyan University, and now of Annapolis, Md.

MIDDLETOWN, Conn., Feb. 28, 1859. SETH W. FOWLE & Co. — Gentlemen: — I first made use of the Organized Bitters some seven or eight years since. Having suffered for twenty years from a form of dyspepsia, which was attended with a nervous headache, on an average of not less than one dsy in a week, I was induced, by the unprotending recommendation of Dr. Green, "to try one bottle, and if no benefit was received to discontinuo the use."

The use of one bettle warranted a further trial, to the extent of some three or four, with a careful observance of the accompanying directions. The result was, an almost entire relief from the usual dyspeptic symptoms and their depressing, painful consequences. I believe these Bitters produced an entire change in the habits of my system, and upon the active energies of the digestive organs. I now deem myself as exempt from Dyspepsia as most persons. These Bitters have also been of service to other members of my family.

Very respectfully yours, AUGUSTUS W. SMITH.

RICHMOND, Tioga Co., Pa. Aug. 25, 1858. GENTLEMEN, - After Suffering for more than thirty years with Dyspepsia, and trying many remedies rec-ommended for that disease without any good result, I.s. was induced, by Dr. F. H. White of Manufield, to give the Organized Editors a trial. I took two bottles, which gave me so much relief that I purchased two more, which have nearly or quite effected a cure. I am now nearly seventy-five years of age, and for three months past have felt no inconvenience from my food. I take great pleasure in recommending the Bitters to all affilted with Dyspepsia and its concomitant diseases. A. HEBARD From Dr. White.

MANSFIELD, Tioga Co., Pa., Aug. 20, 1858. I have used the Organated Bilters in my practice with decided success in ability, and general prostration, &c., and confidently recommend them in general debility, and diseases of the digestive ergans. F. H. WHITE, M. D.
