#### HOSTETTER'S STOMACH BITTERS.

The proprietors and manufacturers of HOS-TETTER'S CELEBRATED STOMACH BIT-TETTER'S CELEBRATED STOMACH BITTERS can appeal with perfect confidence to
physicians and citizens generally of the United
States, because the article has attained a reputation herefolder unknown. A few facts upon
this point will speak more powerfully than
folumes of bare assertion or bitzoning puffery.
The consumption of Hostetter's Stomach Bitters for the last year amounted to over a halfmillion bottles, and from its manifest steady
increase in times past, it is evident that during
the coming year the consumption will reach
near one million bottles. This immense amount
could never have been sold but for the rare
medicinal properties contained in the preperamedicinal properties contained in the prepara-tion, and the sanction of the most prominent physicians in those sections of the country where the article is best known, who not only recommend the Bitters to their patients, but are ready at all times to give testimonials to its

efficacy in all cases of stomachio derangements and the diseases resulting therefrom.

This is not a temporary popularity, obtained by extraordinary efforts in the way of trumpeting the qualities of the Bitters, but a solid estimation of an invaluable medicine, which is destined to be as enduring as time itself.

Hostetter's Stomach Bitters have proved Ilostetter's Stomach Bitters have proved a Godsend to regions where fever and ague and various other billions complaints have counted their victims by hundreds. To be able to state confidently that the "Bitters" are a certain cure for the Dyspepsia and like diseases, is to the proprietors a source of unalloyed pleasure. It removes all morbid matter from the stomach, purifies the blood, and imparts renewed vitally to the nervous system, entire it that tone and energy indispensable giving it that tone and energy indispensable for the restoration of health. It operates upon the stomach, liver, and other digestive organs, mild'y but powerfully, and soon restores them ion essential to the healthy discharge

of the functions of nature. of the functions of nature.

Elderly persons may use the Bitters daily as per directions on the lettile, and they will find in it a stimulant peculiarry adapted to comove declining years, as it is pleasant to the palate, invigorating to the bowels, excellent as a tone, and rejuvenaling generally. We have the exidence of thousands of aged men and women who have experienced the benefit of using this preparation while suffering from stowesh depreparation while suffering from stomach de-rangements and general debility; acting under the advice of physicians, they have abandoned the advice of physicians, they have abandoned all deleterious drugs and fairly tested the merits of this article. A few words to the gentler sex. There are certain periods when their cares are so harassing that many of them sink under the trial. The relation of mother and child is so absorbingly tender, that the mother, especially if she be young, is apt to forget her own health in her extreme anxiety for her infant. Should the period of maternity arrive during the summer season, the wear of body and mipd is generally aggravated. Here, then, is a necessity for a stimulant to recuperate the energies of the system, and enable the mother to bear up under her exhausting trials and responsibilities. Nursing mothers geneand responsibilities. Nursing mothers generally prefer the Bitters to all other invigorators that receive the endorsement of physicians, because it is agreeable to the taste as well as certain to give a permanent increase of bodity strength. All those persons to whom we have particu-

All those persons to whom we have particularly referred above, to wit: sufferes from fever and name, caused by malarin, distribus, dyseniery, indigestion, loss of appetite, and all diseases or derangements of the stomach, superannuated invalids, persons of sedentary occupation, and nursing mothers, will consult their own physical welfare by giving to Hostetter's Celebrated Stomach Bitters a trial.

CAUTION—We caution the public against using any of the many imitations or coungerfeits, but ask for Hostetter's Celebraten Stomach Bitters, and see that each bottle lies. AYER'S CATHARTIC PILLS.

Are you sick, feebic, and complaining? Are you out of order, with your system deranged, and your feelings uncomfortable? These aymptoma are often the preliade to serious illness. Some lit of alckness is ereeping upon you, and should be averted by a timely use of the right remody. Take Ayer's Fills, and cleanse out the disordered innora—purify the blood, and let the fluids move on unobstructed in health again. They stimulate the functions of the hody into vigorous activity, purify the system from the obstructions which make disease. A cold settles somewhere in the body, and obstruct its matural functions. These, if not relieved, react upon themselves and the surrounding organs, producing general aggravation, suffering, and disease. While in this eral aggravation, suffering, and disease. While in this eral aggravation, and with it the buoyant feeling of health again. What is true and so apparent in this trivial and common complaint, is also true in many of the deep seated and dangerous distempers. The same purgative effect expels them. Caused by similar obstructions and derangements of the natural functions of these body, they are rapidly, and many of them surely, cured by the same means. None who know the virtues of these Fills, will neglect to employ them when suffering from the disorders they cure.

Too much cannot be said of your Pills for the cure of continenss. If others of our fraternity have found them as efficacious as I have, they should join me in proclaiming it for the benefit of the multitudes who suffer from that complaint, which, although bad enough in itself, is the progenitor of others that are worse.
