BY GILBERT J. BEEBE,
THIS FAMPHLET, consisting of 64 double column
1 pages, was originally published pending the political
cauvass of 1830. The "Imponding Crisis," is a compilation of all the sophism and malicious doctrines by
which the public mind of the North had been so (arpoisoned as to produce the triumph of the Presidential candidate of the sectional party last fail. It was widely circulated graintiously, by means of large contributions of
mancy, and did more than any other thing: to deceive the
masses of our people. In this Review and Refutation, we
take up each of its chapters separately, and every important assumption in deful, and refute them so completely
thin no intelligent person can read the pamphles without
being coardined of the failsity of all the wicked assumpitons of the Hisper book and of the folly of the sectional
strife which has culmanted in civil war. As there is no
probability that peace will be permanently restored to
out distracted land until the public mind at the North is
disabased of its erroneous impressions relative to the true
character of our Southern sister States, most of whom are
now in rabellion against our general government, as the
result of the primpt of Sectional fanaticism both North
and South,—it becomes the daty of all true patriots to do
all in their power to remove unjust prejudices between
the North and South, and there is probably no more efficient means of accompulsing this result, than by general
frical situation of ear Refutation of Refuer. It contains a
area amont of valuable statistics, worth, for occasional
reference, several times the price of the pamphlet, to all
intelligent cilizens. Price 25 cents per copy, or \$2 per
der masses and the second of the power to the price of the pamphlet, to all
intelligent cilizens. Price 25 cents per copy, or \$2 per

HOSTETTER'S STOMACH BITTERS.

The proprietors and manufacturers of HOS-The proprietors and manufacturers of HOST TETTER'S CELEBRATED STOMACH BIT-TERS can appeal with perfect confidence to physicians and citizens generally of the United States, because the article has attained a repu-tation heretofore unknown. A few facts uponthis point, will speak more powerfully than volumes of bare assertion or blazoning puffery. The consumption of Hostetter's Stomach Bitters for the last year amounted to over a half-million bottles, and from its manifest steady million bottles, and from its manifest steady increase in times past, it is evident that during the coming year the consumption will reach near one million bottles. This immense amount could never have been sold but for the rare medicinal properties contained in the preparation, and the sanction of the most prominent physicians in those sections of the country where the article is best known, who not only recommend the Bitters to their patients, but are ready at all times to give testimonials to its efficacy in all cases of stomachic derangements and the diseases resulting therefrom.

This is not a temporary popularity, obtained by extraordinary efforts in the way of trumpering the qualities of the Bitters, but a solid estimation of an invaluable medicine, which is destined to be as enduring as time itself.
Histelter's Stomach Bitters have proved a Godsend to regions where fever and ague and various other bilious complaints have, counted their victims by hundreds. To be able to state, confidently that the "Bitters" are a certain cure for the Dyspepsia and like-diseases, is to the proprietors a source of un-alloyed pleasure. It removes all morbid matter from the stomed, purifies the blood, and imparts renewed vitality to the nervous system, giving it that tone and energy judispensable for the restoration of health. It operates upon the stomach, liver, and other digestive organs, mildly but powerfully, and soon restores them tha condition essential to the healthy discharge

of the functions of nature. Elderly persons may use the Bitters daily as per directions on the bottle, and they will find in it a stimulant peculiarly adapted to comfort declining years, as it is pleasant to the palate, invigorating to the bowels, excellent as a tonic, and rejuvenating generally. We have the evidence of thousands of aged men and women who have experienced the benefit of using this preparation while suffering from stomach de-rangements and general debility; acting under cians, they have ab all deleterious drugs and fairly tested the merits of this article. A few words to the merits of this article. A few words to the gentler sex. There are certain periods when their cares are so-harassing that many of them sink under the trial. The relation of mother and child is so absorbingly tender, that the mother, especially if she be young, is apt to forget her own health in her extreme anxiety for her infant. Should the period of maternity arrive during the summer season, the wear of body and mind is generally aggravated. Here, then, is a necessity for a stimulant to recupethen, is a necessity for a stimulant to recune then, is a necessity for a stimulant to recuperate the energies of the system, and enable the mother to bear up under her exhausting trials and responsibilities. Nursing mothers generally prefer the Bitters to all other invigorators that receive the endorsement of physi-

cians, because it is agrecable to the taste as well as certain to give a permanent increase of bodily strength.

All those persons, to whom we have particularly referred above, to wit: sufferers from fever and ague, caused by malaria, diarrhoza, dyseniery, indigestion, loss of appetite, and all diseases or derangements of the stomach, superannuated invalids, persons of sedentary occupation, and nursing mothers, will consultable of the sedentary occupation, and nursing mothers, will consultable over the sedentary occupation. And nursing mothers, will consultable over the sedentary occupation. We caution the public against using any of the many imitations or counterfeits, but ask for Hosterter's Celebraten Stomach Bitters, and see that each bottle has dily strength. STOMACH BITTERS, and see that each bottle has the words "Dr. J. Hostetter's Stomach Bitters" blown on the side of the bottle, and stamped on the metallic cap covering the cork, and observe that our autograph signature is on the

Reliable Testimony.

We call the attention of the reader to the following letter from President Smith, formerly of Wesleyan University, and now of Annapolis, Md.

MIDDLETOWN, Conn., Feb. 26, 1859. SETH W. FOWLE & Co. -- Gentlemen : -- I first made use of the Orygeneted Bitters some seven or eight years since. Having suffered for twenty years eight years since. Having sunered for twenty years from a form of dyspepsia, which was attended with a nervous headache, on an average of not less than one day in a week, I was induced, by the unpretending rec-ommendation of Dr. Green, "40 try one bottle, and if no benefit was received to discontinue the use."

The use of one bottle warranted a further trial, to the extent of some three or four, with a careful observance of the accompanying directions. The result was, an almost entire relief from the usual dyspeptic symptoms amout entire relief from the usual syspepite symposus-and their depressing, painful consequences. I believe these litters produced an entire change in the habits of my system, and upon the active energies of the digestive organs. I now doesn myself as exampt from Dyspepsia as most persons. These litters have also been of secvice to other members of my family.

Very respectfully yours, AUGUSTUS W. SMITH.

AYER'S CATHARTIC

PILLS.

Are you sick, feeble, and complaining? Are you out of order, with your system deranged, and your feelings uncomfortable. These symptoms are often the prelade to serious litheas. Some it of sickness is errepting mean you, and should be averted by a limely use of the right renowly. Take Ayer's Pills, and cleanes out the disordered hanners—parily the blood, and let the finish move on unobstructed in health again. They stimulate the functions of the body into vigorous activity, purify the system from the obstructions which make disease. A cold settler some where in the bady, and obstruct in salivity, purify the system from the obstructions which make disease. A cold settler some where in the bady, and obstruct in the sarguration, suffering, and disease. While in this condition, oppressed by the derangements, take Ayer's Pills, and see how directly they restore the natural action of the system, and with it the biogram feeling of health again. What is true and so apparent in this trivial and common complaint, is also true in many of the despectation of the body, they are rapidly, and many of thermsurely, cured by the same means. None who know the virtues of these Pills, will neglect to employ them when suffering from the direct they cure.
