NEW ARRANGEMENTS IN THE BRICK BLOCK. HE universigned having taken the Rooms formerly occapion by W. B. DE INS. Is now prepared to furnish all who may desires with a good and truttful Portrait.

B high well posted in the production of the various kinds of Pict trees of the day, I flatted myself that my work is not excelled by any in this section of the country.

Among the various kinds taken at my Rooms are the AMBROTYPE, PHOTOGRAPH. MELAINOTYPE, NEILLOGRAPH MELAINOTYPE: NEILLOGRAU-II.
Locket Pictures down to the smallest sized miniature.
Ring. Transferred Ambrotypos—the finest thing out, for sunding by Post to any part of the World without extra po-ray. Mr Pictures save boil, victorous, and expressive—out those drint, lifeless shadows often sold about the condity. Pictures taken in all kinds of weather, requally well, except those of young children. No picture need be taken unless perfect satisfaction is given.
In drossing for a picture, avoid light colors,—such as blue, purple, scarlet, pink, etc. Most others take well; as green, black, red, smill, prown, torange, yellow, etc.

P. Duff & sox. HOSTETTER'S STOMACH BITTERS.

The proprietors and manufacturers of HOS-TETTER'S CELEBRATED STOMACH BIT-TERS can appeal with perfect confidence to physicians and citizens generally of the United States, because the article has attained a repu-States, because the article and attain heretofore unknown. A few facts upon this point will speak more powerfully than volumes of bare assertion or blasoning puffery. The consumption of Hostetter's Stomach Bitters for the last year amounted to over a pairmillion bottles, and from its manifest steady million bottles, and from its manifest steady increase in times past, it is evident that during the coming year the consumption will reach near one million bottles. This immense amount could never have been gold but for the rare miedicinal properties contained in the prepraction, and the sanction of the most prominent physicians in those sections of the country where the extinct and the sanction of the most prominent physicians in those sections of the country where the extinct and the sanction of the most prominent physicians in those sections of the country where the extinct and the sanction of the most prominent physicians in those sections of the country where the extinct and the sanction of the sanction of the sanction of the country where the extinct and the sanction of the sanctio where the article is best known, who not only recommend the Bitters to their patients, but are ready stall times to give testimonials to its ellicacy in all-cases of stomachic derangements and the diseases resulting therefrom This is not a temporary popularity, obtained by extraordinary efforts in the way of trum-fering the qualities of the Bitters, but a solid district of the bitters, but a solid estimation of an invaluable medicine, which is destined to be as enduring as time itself.

Hostetter's Stomach Bitters have proved a Godsend to regions where fever, and ague and various other billous complaints have counted their victims by hundreds. To be able to state confidently that the "Bitters" are a certain cure for the Pyspepsia and like diseases, is to the proprietors a source of unalloyed pleasure. It removes all morbid matter from the stomach, purifies the blood, and imparts renewed vitality to the nervous system, giving it that tone and energy indispensable for the restoration of health. It operates upon the stomach, liver, and other digestive organs,

mildly but powerfully, and soon restores them to a condition essential to the healthy discharge of the functions of mature. of the functions of nature.

Liderly persons may use the Bitters daily as per directions on the bottle, and they will find in it a stimulant peculiarly adapted to comfort declining years, as it is pleasant to the palate, invigorating to the bowels, excellent as a tonic, and rejuvenating generally. We have the evidence of thousands of aged men and women who have experienced the benefit of using this preparation while suffering from stomach defrequential of white statering from stomach de-fine advice of physicians, they have abandoned all deleterious drugs and fairly tested the merits of this article. A few words to the centler sex. There are certain periods when their cares are so harassing that many of them sink moder the trial. The relation of mother and child is so absorbingly tender, that the mother, especially if the be joung, is ant to forget her own health in her extreme anxiety for her infant. Should the period of materially narive during the summer season, the wear of ody and mind is generally aggravated. Here, then, is a necessity for a stimulant to recuperate the energies of the system, and enable the maker to been up under her exhausting trials and, responsibilities. Nursing mothers generally prefer the Bitters to all other ingigorators that receive the endorsement of julysicians, because it is agreeable to the taste as

well as certain to give a permanent increase well as certain to give a permanent increase of hodi'v strength.

All those persons, to whom we have particularly referred above, to wit: sufferers from fever and ague, caused by malaria, diarrhea, dysentery, indigestion, loss of appetite, and all diseases or derangements of the stomach, superannuated invalids, persons of sedemary occupation, and nursing methers will consult. superannuated invalues, persons of sedernary occupation, and nursing mothers, will consult their own physical welfare by giving to Hostetter's Celebrated Stomach Bitters a trial. CAUTION.—We caution the public against using any of the many imitations or counterfeits, but ask for Hostetter's Celebrated Stomach Butterna and see that each bottle has STONACH BITTERS, and see that each bottle has the words "Dr. J. Hostetter's Stomach Bitters" blown on the side of the bottle, and stamped on the metallic cap covering the cork, and observe that our autograph signature is on the

label.

We call the attention of the reader to the following letter from President Smith, formerly of Wesleyan University and now of Annopolis, Md. MIDDLETOWN, Conn., Feb. 28, 1859. SETH W. FOWLE & Co. -- Gentlement -- I first made use of the Orygensted Bitters same neven or eight years since. Having suffered for twenty years from a form of dyspepsia, which was attended with a

pervous headache, on an average of not less than one dry in a week, I was induced, by the unpeateding recommendation of Dr. Green, A to try one hattle, and if no benefit was received to discontinue the use. The use of one bottle warranted a further trial, to the extent of some three or four, with a careful observance of the accompanying directions. The result was, an almost entire relief from the usual dyspeptic symprome almost enter reject from the usual dyspects, symptoms, and their depressing, painful consequences. I believe these Bitters produced as entire change in the habits of my system, and upon the active energies of the figestive organs. I now does myself as exempt from Dyspepala as most persons. These Bitters have also been of service to other members of my family.

RICHMOND, Tioga Co., Pa., Aug. 25, 1858. GENTLEMEN, - After suffering for mean than there years with Dypressa, and trying many remedies recommended for that disease without any good result, I was induced, by Dr. F. 11. White of Mansfield, to give the Organized Bitters a trial. I took two bottles, which gave me so much relief that I purchased two more, which have nearly or quite effected a circ. I am now nearly seventy-five years of age, and for three months past have felt no inconvenience from any feed. I take great pleasure in recommending the Bitters to all afflicted with Dyspensis and its concomitant diseases. A. HEBARD
