## HOSTETTER'S STOMACH BITTERS.

The proprietors and manufacturers of HOS-TETTER'S CELEBRATED STOMACH BIT-TERS can appeal with perfect confidence to physicians and citizens generally of the United States, because the article has attained a reputation heretofore unknown. A few facts upon this point will speak more powerfully than volumes of bare assertion or blazoning puffery. The consumption of Hostetter's Stomach Bit-ters for the last year amounted to over a halfmillion bottles, and from its manifest steady increase in times past, it is evident that during the coming year the consumption will reach near one million-bottles. This immense amount could never have been sold but for the rare medicinal properties contained in the properation, and the sauction of the most prominent thon, and the sanction of the most promined physicians in those sections of the country where the article is best known, who not only recommend the Bitters to their patients, but are ready at all times to give testimonials to its efficacy in all cases of stomachic derangements and the diseases resulting therefrom.

This is not a temperary popularity, obtained by extraordinary efforts in the way of trum-

peting the qualities of the Bitters, but a solid estimation of an invaluable medicine, which is destined to be as enduring as time itself. Hostetter's Stomach Bitters have proved a Godsend to regions where fever and ague and various other bilious complaints have counted their victims by hundreds. To be able to state confidently that the "Bitters" are a certain cure for the Dyspensia and like diseases, is to the proprietors a source of un-alloyed pleasure. It removes all morbid matter from the stomach, purifies the blood, and imparts renewed vitality to the nervous system,

giving it that tone and energy indispensable for the restoration of health. It operates upon the stomach, liver, and other digestive organs, mildly but powerfully, and soon restores them to a condition essential to the healthy discharge of the functions of nature. Elderly persons may use the Bitters daily as per directions on the bottle, and they will find in it a stimulant peculiarly adapted to comfort

declining years, as it is pleasant to the palate, invigorating to the bowels, excellent as a tonic, and rejuvenating generally. We have the evidence of thousands of aged men and women who have experienced the benefit of using this preparation while suffering from stomach derangements and general debility; acting under the advice of physicians, they have abandoned all deleterious drugs and fairly tested the merits of this article. A few words to the gentler sex. There are certain periods when their cares are so hardssing that many of them sink under the trial. The relation of mother and child is so theoretingly tender, that the mother, especially if she be young, is apt to forget her own health in her extreme anxiety for her infant. Should the period of maternity for her infant. Should the period of maternity arrive during the summer season, the wear of body and mind is generally aggravated. Here, then, is a necessity for a stimulant to recuperate the energies of the system, and enable the mother to bear up under her exhausting trials and responsibilities. Nursing mothers generally prefer the Bitters to all other invigorators that receive the endorsement of physicians beauty in agreement of physicians beauty in the statement. cians, because it is agreeable to the taste as well as certain to give a permanent increase

well as certain to give a permanent increase of beddly strength.

All those persons, to whom we have particularly referred above, to wit: sufferers from fever and ague, caused by malaria, diarrhœa, dysentery, indigestion, loss of appetite, and all diseases or derangements of the stomach, superannuated invalids, persons of sedentary occupation, and nursing mothers, will consult their own physical welfare by giving to Hostetter's Celebrated Stomach Bitters a trial.

CAUTION.—We caution the public against using any of the many imitations or counterfeits, but ask for Hosterters's Celebrates Stomach Bitters and see that each bottle has STONACH BITTERS, and see that each bottle has the words "Dr. J. Hostetter's Stomach Bitters" blown on the side of the bottle, and stamped on the metallic cap covering the cork, and observe that our autograph signature is on the label. THE OXYGENATED BITTERS, THE OXYGENATED BITTERS

Reliable Testimony.

We call the attention of the reader to the following letter from President Smith, formerly of Wesleyan University, and now of Annopolis, Md.

MIDDLETOWN, Conn., Feb. 28, 1859. SETH W. FOWLE & Co.—Gentlemen:—I first. made use of the Orygenated Bitters some seven or eight years since. Having suffered for twenty years from a form of dyspepsia, which was attended with a nervous headache, on an average of not less than one nervous headache, on an average of not less tan one day in a week, I was induced, by the unpretending rec-ommendation of Dr. Green, "to try one bottle, and if no benefit was received to discontinue the use." The use of one bottle warranted a further trial, to the

extent of some three or four, with a careful observance of the accompanying directions. The result was, an almost entire relief from the usual dyspeptic symptoms and their depressing, painful consequences. I believe these Bitters produced an entire change in the habits of my system, and upon the active energies of the digestive organs. I now deem myrelf as exempt from Dyspepsia as most persons. These Bitters have also been of service to other members of my family. Very respectfully yours,

AUGUSTUS W. SMITH.

RICHMOND, Tioga Co., Pa., Aug. 25, 1858. GENTLEMEN, - After suffering for more than thirty years with Dyspepsia, and trying many remedies recommended for that disease without any good result, I was induced, by Dr. F. H. White of Mansfield, to give the Oxygenated Bitters a trial. I took two bottles, which gave me so much relief that I purchased two more, which have bearly or quite effected a cure. I am now nearly seventy-five years of age, and for three months past have felt no inconvenience from my food.

I take great pleasure in recommending the Bitters to all afflicted with Dyspepsia and its concomitant diseases. A. HEBARD From Dr. White.

Yours with great respect, ED. W. PREBLE, Clerk of Steamer Clarion. Bilious Disorders - Liver Complaints. From Dr. Theodore Bell, of New York City.

From Dr. Theodore Bell, of New York City.

Not only are your Pills admirably adapted to their purpose as an aperient, but I find their beneficial effects upon the Liver very marked indeed. They have in my practice proved more effectual for the cure of bilious complaints than any one remeity I can mention. I sincerely rejoide that we have at length a purgative which is worthy the confidence of the profession and the scopic.

DEFARTMENT OF THE INTERIOR,
Washington, D. C., 7th Peb. 1854.

SIR: I have used your Pills in my general and hospital practice ever since you made them, and do not hesitate to say they are the best eathartle we employ. Their regulating action on the liver is quick and decided, consequently they are an admirable remedy for derangements of that organ. Indeed, I have seldom found against of billous disease so obtinute that it did not readily yield to them. Fraternally yours, ALONZO BALL, M. D., Physician of the Marine Hospital.

Dysentery, Diagraces, Relax, Worms.

Dysentery, Diarrhoa; Relax, Worms. From Dr. J. G. Green, of Chicago.
Your Pills have had a long trial in my practice, and I hold them in esteem as one of the best aperients I have ever found. Their alterative effect upon the liver makes them an excellent remedy, when given in small doses for billous dysentery and diarrhea. Their sugar-coating makes them very acceptable and convenient for the use of women and cilildren. Dyspepsia, Impurity of the Blood. rom Rev. J. V. Himes, Pastor of Advent Church, Boston.

Dr. Aven: I have used your Pills with extraordinary success in my family and among those I am called to visit in distress. To regulate the ergans of digrestion, and purify the blood, they are the very best remedy I have ever known, and I can confidently recommend them to my friends.

Wansaw, Wyoming Co., N. Y., Oct. 24, 1855.

Dran Sin: I am using your Cathartic Pills in my practice, and find them an excellent purgative to cleanse the system and purify the fountains of the blood.

JOHN G. MEACHEAM, M. D.

Constipation, Costiveness, Suppression, Rheumatism, Gout, Neuralgia, Dropsy, Paralysis, Fits, etc.
From Dr. J. P. Vaughn, Montreal, Canada. From Dr. J. P. Vaughn, Montreal, Canada.

Too much cannot be said of your Pill for the cure of conference. If others of our fraternity have found them as efficacious as I have, they should join me in proclaiming it for the benefit of the multitudes who suffer from that complaint, which, although bad enough in fiself, is the progenitor of others that are worse. I believe continues to originate in the liver, but your Pills affect that organ and cure the disease.

From Mrs. E. Stuart, Physician and Midwife, Boston I find one or two large doses of your Pills, taken at the proper time, are excellent promotives of the natural secretion when wholly or partially suppressed, and also very effectual to cleanse the stomach and expel tearms. They are so much the best physic we have that I recommend no other to my patients.

mend no other to my patients.

Prom the Rev. Dr. Hawkes, of the Methodist Epis. Church.

PULASKI HOUSE, Savannah, Ga., Jan. 6, 1856.

Hoxonen Siz: I should be ungrateful for the relief your skill has brought me if I did not report my case to you. A cold sattled in my limbs and brought on excruciating neuralgic pains, which ended in chronic rheumatism. Notwithstanding I had the best of physicians, the disease grew worse and worse, until by the advice of your excellent agent in Baltimore, Dr. Mackenzie, I tried your Pilis. Their effects were slow, but sure. By persevering in the use of them, I am now entirely well.

Express Charing, Baton Romes La., 5 Dec., 1855. SENATE CHAMBER, Baton Ronge; La., 5 Dec., 1855.
DR. AYER: I have been entirely cured, by your Pills, of Rheumatic Gout—a painful disease that had afflicted me for years.

The IRRN being absorbed by the blood, and thus circulating through the whole system, no part of the body can escape their truly wenderful influence.

The experience of thousands daily presses that no preparation of Iron can for a moment be compared with it. Impurities of the blood, depression of vital energy, pale and otherwise sickly complixions indicate its necessity in almost every conceivable case. In all cases of finals dability (floor albus, chlorosis, etc.), its effects are delightfully renovating. No remedy has ever been discovered, in the whole history of medicine, which exerts such prompt, happy, and fully restorative effects. Good appetite, complete digestion, rapid acquisition of strength, with an innumal disposition for active and cheerful exercise, immediately follow its use, As a grand atomachic and general restorative it has no superior and no substitute.
