HOSTETTER'S STOMACH BITTERS.

nov 45 %* P. DUFF & SON.

The proprietors and manufacturers of HOS-TETTER'S CELEBRATED STOMACH BIT-TERS can appeal with perfect confidence to physicians and citizens generally of the United States, because the article has attained a reputation heretofore unknown. A few facts upon this point will speak more powerfully than volumes of bare assertion or blazoning puffery. The consumption of. Hostetter's Stomach Bitters for the last year amounted to over a half-million bottles, and from its manifest steady. increase in times past, it is evident that during the coming year the consumption will reach near one million bottles. This immense amount could never have been sold but for the rare medicinal properties contained in the preparation, and the sanction of the most prophysicians in those sections of the country where the article is best known, who not only recommend the Bitters to their patients, but are ready at all times to give testimonials to its efficacy in all cases of stomachic derangements

emeacy in all cases of stomachic derangements and the diseases resulting therefrom.

1 This is not a temporary popularity, obtained by extraordinary efforts in the way of trumpeting the qualities of the Bitters; but a solid estimation of an invaluable medicine, which is destined to be as enduring as time itself.

Hostetter's Stomach Bitters have proved flostetter's Stomach Bitters nave proved a Godsend to regions where fever and ague and various other bilious complaints have counted their victims by hundreds. To be able to state confidently that the "Bitters" are a certain cure for the Dyspepsia and like diseases, is to the proprietors a source of un-alloyed pleasure. It removes all morbid matter from the stomach, purifies the blood, and imparts renewed vitality to the nervous system, giving it that tone and energy indispensable for the restoration of health. It operates upon the stomach, liver, and other digestive organs, mildly but powerfully, and soon restores them to a condition essential to the healthy discharge

of the functions of nature.

Elderly persons may use the Bitters daily as er directions on the bottle, and they will find in it a stimulant peculiarly adapted to comfort declining years, as it is pleasant to the palate, invigorating to the bowels, excellent as a tonic, and rejuvenating generally. We have the evi-dence of thousands of aged men and women dence of thousands of aged men and women who have experienced the benefit of using this preparation while suffering from stomach derangements and general debility; acting under the advice of physicians, they have abandoned all deleterious drugs and fairly tested the merits of this article. A few words to the gentler sex. There are certain periods when their cares are so harassing that many of them sink under the trial. The relation of mother and child is so absorbingly tender, that the and child is so absorbingly tender, that the mother, especially if she be young, is apt to forget her own health in her extreme anxiety for her infant. Should the period of maternity arrive during the summer season, the wear of arrive during the summer season, the wear of body and mind is generally aggravated. Here, then, is a necessity for a stimulant to recupe-rate the energies of the system, and enable the mother to bear up under her exhausting trials and responsibilities. Nursing mothers gene-rally prefer the lifters to all other invigora-tors that receive the endorsement of physi-cians, because it is agreeable to the taste as well as certain to give a permanent increase

cians, because it is agreeable to the taste as well as certain to give a permanent increase of bodily strength.

All those persons, to whom we have particularly referred above, to wit: sufferers from fever and ague, caused by malaria, diarrhea, dysentery, indigestion, loss of appetite, and all diseases or derangements of the stomach, superannuated invalids, persons of sedentary occupation, and nursing mothers, will consult their own physical welfare by giving to Hostetter's Celebrated Stomach Bitters a trial.

CAUTION.—We caution the public against using any of the many imitations or counter-

using any of the many imitations or counterfeits, but sak for Hostertee's Celebrates Stomach Bitters, and see that each bottle has the words "Dr. J. Reliable Testimony. We call the attention of the reader to the following letter from President Smith, formerly of Wesleyan University, and now of Annapolis, Md.

MIDDLETOWN, Conn., Feb. 26, 1859. SETH W. POWLE & Co. — Gentlamen: —I first made use of the Orygeneted Bitters some seven or eight years since. Having suffered for twenty years from a form of dyspepsia, which was attended with a nervous headache, on an average of not less than one day in a week, I was induced, by the unpretending rec-ommendation of Dr. Green, "to try one bottle, and if

no benefit was received to discontinue the use."

The use of one bottle warranted a further trial, to the extent of some three or four, with a careful observance of the accompanying directions. The result was, an almost entire relief from the usual dyspeptic symptoms and their depressing, painful consequences. I believe these flitters produced an entire change in the habits of my system, and upon the active energies of the digestive organs. I now deem myself as exampt from Dyspepsia as most persons. These Bitters have also been of service to other members of my family.

Very respectfully yours,

AUGUSTUS W. BHITS.

H. White of Manafeld, to give the Orygenated Bitters a trial. I took two bottles, which gave me so much relief that I purchased two more, which have nearly or quite effected a cure. I am now nearly seventy-five years of age, and for three mouths past have felt no inconvenience from my food. CATHARTIC PILLS.

Are you sick, seeke, and complaints of the compl sons. From a Forwarding Merchant of St. Louis, Feb. 4, 1886

Dr. Aven: Your Fills are the paragon of all that is great in medicine. They have cared my little daughter of allocrous sores upon her hands and feet that had proved incurable fee years. Her nother has been long grievously afflicted with blotches and pimples on her skin and in her hair. After our child was cured, she also tried your Fills, and they have cired her.

From Dr. Edward Boyd, Baltimore.

DEAR BRO. AFER: I cannot answer you schaf complaints I have cared with your Fills better than to say all that we ever treat with a purpairie medicine. I place great dependence on an effectual cathartic in my daily contest with disease, and believing as I do that your Fills afford us the best we have, I of course value them highly.

PITTEBURG, Pa., May 1, 1853.
DR. J. C. ATER. Sir: I have been repeatedly cured of the worst handache any body can have, by a dose or two of your Pills. It seems to arise from a foul stomach, which they cleanse at once;

Clerk of Steamer Clarica. Bilious Disorders—Liver, Complaints.

From Dr. Theodors Bell, of New York City.

Not only are your Fills admirably adapted to their purpose as an aperient, but I find their benedicial effects upon the Liver very marked indeed. They have in my practice proved more effectual for the cure of bilious complaints than any one remedy I can mention. I sincerely rejoise that we have at length a puryative which is werthy the confidence of the profession and the people.

Washington, D. C., 7th Feb., 1850.

Sir: I have used your Pills in my general and hospital practice ever since you made them, and do not heritate to say they are the best catherite we employ. Their reguliting action on the liver is quick and deckled, consequently they are an admirable remedy for derangements of that organ. Indeed, I have seldom found a case of this organ. Indeed, I have seldom found a case of billow disease so obstitute that it did not readily yield to them. Fraternally yours, ALONZO BALL, M. D.,

From Dr. J. G. Green, of Chicago.
Your Fills have had a long trial in my practice, and I hold them in eaterm as one of the best specients I have ever found. Their alterative effect upon the liber makes them an excellent remedy, when given in small doses for billious dysentery and diarrhea. Their sugar-coaling makes them very acceptable and convenient for the use of women and children. Dyspensia, Impurity of the Blood

From Dr. J. P. Youghn, Montreal, Canada.

Too much cannot be said of your Fills for the cure of conficeness. If others of our fraternity have found them as efficacious as I have, they should join me in proclaiming the for the benefit of the multitudes who halfer from that complaint, which, although had enough in itself, is the progenitor of others that are worse. Libelieve costieness to originate in the liver, but your Fills affect that organ and cure the disease.

From Mrs. E. Stuart, Physician and Midwige, Boston.
I find one or two large dones of your Fills, taken at the groper time, are scellent promotives of the natural secretion when wholly or partially suppressed, and also very effectual to cleanse the atomach and expel worms. They are so much the best physic we have that I recommend no other to my patients. n the Rev. Drs Hawkes, of the Methodist Epis. Church. From the Rev. Dr. Hawker, of the Methodist Epis. Church.

HONORED SIR: I should be ungrateful for the relief your skill has brought me if I did not report my case to you. A cold settled in my limbs and brought on excrucisting neuralgic poiss, which ended in chronic rheusactism. Notwithstanding I had the best of physicians, the disease grew worse and worse, until by the advice of your excellent agent in Baltimore, Dr. Mackenzic, I tried your Fills. Their effects were slow, but sure. By persevering in the use of them, I am now entirely well.
