HOSTETTER'S STOMACH BITTERS.

The proprietors and manufacturers of HOSTETTER'S CELEBRATED STOMACH BIT-TERS can appeal with perfect confidence to physicians and citizens generally of the United States, because the article has attained a reputation heretofore unknown. A few facts upon tation heretotore unknown. A rew lacts spont this point will speak more powerfully than volumes of bare assertion or blazoning puttery. The consumption of Hostetter's Stomach Bit-ters for the last year amounted to over a half-million bottles, and from its manifest stendy million bottles, and from its manifest steady increase in times past, it is evident that during the coming year the consumption will reach near one million bottles. This immense amount could never have been sold but for the rare medicinal properties contained in the preparation, and the sanction of the most prominent physicians in those sections of the country where the article is best known who not only where the article is best known, who not only recommend the Bitters to their patients, but are ready at all times to give testimonials to its efficacy in all cases of stomachic derangements and the diseases resulting therefrom. 3 This is not a temperary popularity, obtained by extraordinary efforts in the way of trumering the qualities of the Bitters, but a solid stimution of an invaluable medicine, which is

destination of an invaluable medicine, which is destined to be as enduring as time itself.

Hostetter's Stomach Bitters have proved a Godsend to regions where fever and ague and various other billious complaints have counted their victims by hundreds. To be able to state confidently that the "Bitters" are a certain cure for the Dyspepsia and like diseases, is to the proprietors a source of un-alloyed pleasure. It removes all morbid matter from the stomach, purifies the blood, and imparts renewed vitality to the nervous system, giving it that tone and energy indispensable for the restoration of health. It operates upon the stomach, liver, and other digestive organs, mildly but powerfully, and soon restores them

mining but powerfully, and soon restores tagen to a condition essential to the healthy discharge of the functions of nature.

Elderly persons may use the Bitters daily as per directions on the bottle, and they will find in it a stimulant peculiarly adapted to comfort declining years, as it is pleasant to the palate, invigorating to the bowels, excellent as a tonic, and other than the palate. and rejuvenating generally. We have the evi-dence of thousands of aged men and women who have experienced the benefit of using this preparation while suffering from stomach de-rangements and general debility; acting under the advice of physicians, they have abandoned all deleterious drugs and fairly tested the merits of this article. A few words to the gentler sex. There are certain periods when their cares are so barassing that many of them sink under the trial. The relation of mother sink under the trial. The relation of mother and child is so absorbingly tender, that the faother, especially if she be young, is apt to forget her own health in her extreme anxiety for her infant. Should the period of maternity nrrive during the summer season, the wear of hody and mind is generally aggravated. Here, then, is a necessity for a stimulant to recuperate the energies of the system, and enable the mother to bear up under her exhausting trials and responsibilities. Nursing mothers generally prefer the Bitters to all other invigorators that receive the endorsement of physics. tors that receive the endorsement of physicians, because it is agreeable to the taste as well as certain to give a permanent increase

well as certain to give a permanent increase of bodily strength.

All those persons, to whom we have particularly referred above, to wit: sufferers from fever and ague, caused by melaria, diarrhea, dysentery, indigestion, loss of appetite, and all diseases or derangements of the stomach, superannuated invalids, persons of sedentary occupation, and nursing mothers, will consult their own physical welfare by giving to Hostetter's Celebrated Stomach Bitters a trial.

CAUTION.—We caution the public against using any of the many imitations or counterusing any of the many imitations or counterfeits, but ask for Hostetter's Criestatus Stowage Britters, and see that each bottle has the words "Dr. J. Hostetter's Stomach Bitters" blown on the side of the bottle, and stamped on the metallic cap covering the cork, and observe that our autograph signature is on the

Reliable Testimony.

We call the attention of the reader of the following letter from President Smith, formerly of Wesleyan University, and now of Annapolis, Md.

MIDDLETOWN, Conn., Feb. 28, 1853.

SETH W. FOWLE & CO.—Gentlemen:—I first made use of the Orygenated Bitters some seven or eight years since. Having suffered for twenty years from a form of dyspepsis, which was attended with a nervous headache, on an average of not less than one day in a week, I was induced, by the unpretending rec-ommendation of Dr. Green, "to try one bottle, and if no benefit was received to discontinue the use."

The use, of one bottle warranted a further trial, to the extant of some three or four, with a careful observance of the accompanying directions. The result was, an almost entire relief from the usual dyapeptic symptoms and their depressing, painful consequences. I believe these Bittors produced an entire change in the babits of my system; and upon the active energies of the digestive organs. I now deem myrelf as exempt from Dyspepsia as most persons. These Bitters have also been of service to other members of my family.

Very respectfully yours, AUGUSTUS W. BMITEL

RICHMOND, Tiogs Co., Pa., Aug. 25, 1858. GENTLEMEN, - After suffering for more than thirty was taken and related the transfer of the transfer person with Dyroposia, and trying many remedies recommended for that disease without any good result, I was induced, by Dr. F. H. White of Mansfield, to give the Orygeneted Bitter à trial. I took two bottles, which gave me so much relief that I purchased two more, which have nearly or quite effected a cure. I amnow nearly seventy-five years of age, and for three mouths past have felt no inconvenience from my food. I take great pleasure in recommending the Bitters to all afflicted with Dyspepsia and its concomitant diseases. A. HEKARD

Manufitzid, Tioga Co., Pa., Aug. 26, 1858. I have used the Orygensted Bitters in my practice with decided success in debility and general prostration, &c., and confidently recommend them in general debility, and diseases of the digestive organs. F. IL WHITE, M. D.

DEPARTMENT OF THE INTERIOR.

Washington, D. C., 7th Feb., 1856.

BIR: I have used your Fills in my general and hospital practice ever since you made them, and do not hastisate to say thoy are the best cathartic we employ. Their regulating action on the liver is quick and decided, consequently they are an admirable remedy for derangements of that organ. Indeed, I have seldom found a case of billous disease so obstinate that it did not readily yield to them. Fraternally yours, ALONZO BALL, M. D., Physician of the Marins Hospital. Dysontery, Diarrhaa, Relax, Worms.

From Dr. J. G. Green, of Chicago.

Your Pills have had a long trial in my practice, and I hold them in esteem as one of the best sperients I have ever found. Their alterative effect upon the liver makes them an excellent remedy, when given in small doses for hillous dysentery and diarrham. Their sugar-coating makes them very acceptable and convenient for the use of women and children. Dyspepsia, Impurity of the Blood. From Bev. J. V. Himes, Pastor of Advent Church, Boston

South and party discontinuous Constitution, Contiveness, Suppression, Rheumatism, Gout, Neuralgia, Dropsy, Paralysis, Fits, etc.

From Dr. J. P. Vengan, Montregl, Canada.

Too much cannot be said of your Pills for the cure of coticeness. If others of our fraternity have found them as effications as I have, they should join me in proclaiming it for the benefit of the multitudes who suffer from that complaint, which, although bad enough in itself, is the programitor of others that are worse. I believe conficeness to originate in the liver, but your Pills affect that organ and cure the disease.

From Mrs. E. Stuart, Physician and Midwife, Besten.

I find one or two large doses of your Pills, taken at the proper time, are excellent premotives of the natural secretion when wholly or partially suppressed, and also very effectual to cleanse the stomach and expel worse.

They are so much the best physic we have that I recommend no other to my patients.

Depend upon it, mothers, it will give rest to you, and RELIEF AND HEALTH TO YOUR INFANTS. RELIEF AND HEALTH TO YOUR INPARTS.

We haveput up and sold this article for over tenyears, and can say IN CONFIDENCE AND TRUTH of it, what we have never been able to say of any other medicine—NEVER HAS IT FALLED, in a SINGLE HYSTANCE, to EFFECT A CUIKE, when timely used. Never did we know an instance of dissatisfaction by anyone who had used it. On the contrary, all are delighted with its operations, and speak in terms of commendation of its magical effects and medical virtues. We say in this matter "WHAT WEDO KNOW," after ten years' experience, and PLEDGE OUR REPUTATION for the fulfillment of what we here declare. In almost every instance where the infant is suffering by pain and exhaustion, relief will-be found in afteen to a minates after the syrup is administered.

This valuable preparation is the prescription of one of the most EXPERIENCED and SKILLFUL NURSES in New England, and has been used with NEVER YALLING SUCCESS in

THOUSANDS OF CASES. It not only relieves the child from pain, but invigorate; the stomach and bowels, corrects acidity, and gives to lead to energy to the whole system.
