## HOSTETTER'S STOMACH BITTERS.

The proprietors and manufacturers of HOSTETTER'S CELEBRATED STOMACH BIT-TERS can appeal with perfect confidence to physicians and citizens generally of the United States, because the article has attained a reputation heretofore unknown. A few facts upor tation heretotore unknown. A tew incis spout this point will speak more powerfully than volumes of bare assertion or blazoning puffery. The consumption of Hostetter's Stomach Bit-ters for the last year amounted to over a half-million bottles, and from its manifest steady increase in times past, it is evident that during the coming year the consumption will reach near one million bottles. This immense amount could never have been sold but for the rare medicinal properties contained in the prepara-tion, and the sanction of the most prominent physicians in those sections of the country where the article is best known, who not only recommend the Bitters to their patients, bu are ready at all times to give testimonials to its efficacy in all cases of stomachic derangements and the diseases resulting therefrom.

This is not a temporary popularity, obtained by extraordinary efforts in the way of trumpeting the qualities of the Bitters, but a solid extinction of an invaluable medicine, which is

estimation of an invaluable medicine, which is destined to be as enduring as time itself. Hostetter's Stomach Bitters have proved a Godsend to regions where fever and ague and various other bilious complaints have counted their victims by handreds. To be able to state confidently that the "Bitters" are a certain curo for the Dyspepsia and like diseases, is to the proprietors a source of un-alloyed pleasure. It removes all morbid matter from the stomach, purifies the blood, and imparts renewed vitality to the nervous system, giving it that tone and energy indispensable for the restoration of health. It operates upon the stomach, liver, and other digestive organs, mildly but powerfully, and soon restores them to a condition essential to the healthy discharge

to a condition essential to the healthy discharge of the functions of nature.

Elderly persons may use the Bitters daily as per directions on the bottle, and they will find in it a stimulant peculiarly adapted to comfort declining years, as it is pleasant to the palate, invigorating to the bowels, excellent as a lonic, and rejuvenating generally. We have the evidence of thousands of aged men and women who have according the thought of pring this who have experienced the benefit of using this preparation while suffering from stomach derangements and general debility; acting under the advice of physicians, they have abandoned all deleterious drugs and fairly tested the merits of this article. A few words to the gentler sex. There are certain periods when their cares are so harssing that many of them sink under the trial. The relation of mother and child is so absorbingly tender, that the mother, especially if the be young is apt to forget her own health in her extreme anxiety for her infant. Should the period of maternity arrive during the summer season, the wear of body and mind is generally aggravated. Here, then, is a necessity for a stimulant to recupe-rate the energies of the system, and enable the mother to bear up under her exhausting trials and responsibilities. Nursing mothers gene-rally prefer the Bitters to all other invigorators that receive the endorsement of physicians, because it is agreeable to the taste as

cians, because it is agreeable to the taste as well as certain to give a permanent increase of hodily strength.

All those persons, to whom we have particularly referred above, to wit: sufferers from fever and ague, caused by malaria, diarrhæs, dysentery, indigestion, loss of appetite, and all diseases or derangements of the stomach, superannuated invalids, persons of sedentary occupation, and nursing mothers, will consult their own physical welfare by giving to Hostetter's Celebrated Stomach Bitters a trial.

CAUTION.—We caution the public against using any of the many imitations or counterusing any of the many imitations or counterfeits, but ask for Hostetter's Celebrates STORACH BITTERS, and see that each bottle has the words "Dr. J. Hostetter's Stomach Bitters" blown on the side of the bottle, and stamped on the metallic cap' covering the cork, and observe that our autograph signature is on the

Reliable Testimony.

We call the attention of the reader to the following letter from President Smith, formerly of Wesleyan Unicersity, and now of Annapolis, Md.

MIDDLETOWN, Conn., Feb. 26, 1859. BETH W. FOWLE & Co.—Gentlemen:—I first made use of the Orygeneted Bitters some seven or eight years since. Having suffered for twenty years from a form of dyspepsia, which was attended with a nervous headache, on an average of not less than one day in a week, I was induced, by the unpretending recommendation of Dr. Green, "to try one bottle, and if no benefit was received to discontinue the use."

The use of one bottle warranted a further trial, to the

extent of some three or four, with a careful observance extent of some three or four, with a careful observance of the accompanying directions. The result was, an almost entire relief from the usual dyspeptic symptoms and their depressing, painful consequences. I believe these Bitters produced an entire change in the habits of my system, and upon the active energies of the digestiv organs. I now deem myrelf as exempt from Dyspepsia as most persons. These Bitters have also been of ser-vice to other members of my family. Very respectfully yours,

AUGUSTUS W. SMITH THE OXYGENATED BITTERS. THE OXYGENATED BITTERS.

RICHMOND, Tioga Co., Pa., Aing. 25, 1858. GERTLENER, - After suffering for more than thirty. years with Dyspressa, and trying many remedies recommended for that disease without any good result, I was induced, by Dr. P. H. White of Manafield, to give the Oxygeneted Bitters a trial. I took two bottles, which gave me so much relief that I purchased two more, which have nearly or quite effected a cure. I am now nearly seventy-five years of age, and for three months past have felt no inconvenience from my food. take great pleasure in no inconvenience from my food.

I take great pleasure in recommending the Bitters to all afflicted with Dyspesia and its concentrate diseases.

AYER'S CATHARTIC PILLS.

Are you sick, feeble, and com-plething? Are you out of order, with your system deranged, and your feelings uncomfortable? These symptoms are often the preinde to serious illness. Some

its natural functions. These, if not relieved, react upon themselves and the surrounding organ, producing general aggravation, suffering, and disease. While in this condition, oppressed by the derangements, take Ayer's Fills, and see how directly they restore the natural section of the system, and with it the buoyant feeling of health again. What is two and so apparent in this trivial and common complaint, is also true in many of the deep-serted and dangerous distempers. The same pargalive offert expels thous. Caused by similar obstractions and derangements of the natural functions of the body, they are rapidly, and many of them surely, cared by the same means. Those who know the virtues of these Pills, will neglect to employ them when suffering from the disorders they cure. Statements from leading physicians in some of the principal cities, and from other well known public persons.

DR. AYER: Your Fills are the paragon of all that is great in medicine. They have cured my little daughter of ulcerous sores upon her hands and feet that had practice related to the sore when the same feet had been long from outly afflicted with blotches and pimples on her akis act in her hair. After our child was cured, also also tried your Fills, and they have cured her.

Tour Pilla are the prince of purges. Their excellent qualities surpass any cathartic we possess. They are mild, but very certain and effectual in their action on the bowels, which makes them invaluable to us in the daily treatment of disease. Headache, Sick Headache, Foul Stomach. From Dr. Headache, Both Schmache, Form Pr. Edward Boyd, Ballimore.

DEAR BRO. AYER: I cannot answer you what complaints I have cured with your Pills better than to say all that we ever treat with a purpative medicine. I place great dependence on an effectual cathartic in my daily contest with disease, and believing as I do that your Pills afford us the best we have, I of course value them highly.

PITTSBURG, Pa., May 1, 1855.
DR. J. C. AYER. Sir: I have been repeatedly cured of the worst headache any body can have, by a dose or two of your Pilis. It seems to arise from a foul stomach, which they cleanse at once.

Yours with great respect, ED. W. PREBLE, Clerk of Steamer Clarion. Billous Disorders—Liver Complaints.

From Dr. Theodore Bell, of New York City.

Not only are your Fills admirably adapted to their purpose as an aperient, but I find their beneficial effects upon the Liver very marked indeed. They have in my practice proved more effectual for the cure of billous complaints than any one remedy I can mention. I sincerely reloise that we have at length a purgative which is worthly the confidence of the profession and the people.

SiB: I have used your Pills in my general and hospital practice ever since you made them, and do not he state to any they are the best cathartic we employ. Their regulating action on the liver is quiek and decided, consequently they are an admirable remedy for derangements of that organ. Indeed, I have seldom found a case of billious disease so obstinate that it did not readily yield to them. Fraternally yours, ALONZO BALL, M. D., Physician of the Marins Hospital. Dysentery, Diarrhoa, Relax, Worms.

From Dr. J. G. Green, of Chicago.
Your Pills have had a long trial in my practice, and I hold them in esteem as one of the best sperients I have ever found. Their alterative effect upon the liver makes them an excellent remedy, when given in small doses for billous dysentery and diarrhoa. Their sugar-coating makes them very acceptable and convenient for the use of women and children. Dyspepsis, Impurity of the Blood. From Rev. J. V. Himes, Pastor of Advent Church, Boston

DR. AYER: I have used your Pills with extraordinary success in my family and among those I am called to visit in distress. To regulate the organs of digestion and purify the blood, they are the very best remedy I have ever known, and I can confidently recommend them to my friends.

From Dr. J. P. Vaughs, Montreal, Canada.

Too much cannot be said of your Pills for the cure of costivenest. If others of our fraternity have found them as efficacious as I have, they should join me in proclaiming it for the benefit of the multitudes who suffer from that complaint, which, although bad enough in itself, is the progenitor of others that are worse. I believe costiceness to originate in the liver, but your Pills affect that original than the liver, but your Pills affect that original than the liver, but your Pills affect that original than the liver, but your Pills affect that From Mrs. E. Stuart, Physician and Midwife, Beston.

I find one or two large doses of your Pills, taken at the proper time, are excellent promotives of the natural secretion when wholly or partially suppressed, and also very effectual to cleause the stomack and expel worms. They are so much the best physic we have that I recommend no other to my patients.

A cold-settled in my limbs and brought on exeruciating neuralgic pains, which ended in chronic rheumatism. Notwithstanding I had the best of physicians, the disease grew worse and worse, until by the advice of your excellent agent in Baltimore, Dr. Mackenzie, I tried your Pills. Their effects were alow, but sure. By persevering in the use of them, I am now entirely well.
