## HOSTETTER'S STOMACH BITTERS.

The proprietors and manufacturers of HOS-TETTER'S CELEBRATED STOMACH BIT-TERS can appeal with perfect confidence to physiciaus and citizens generally of the United States, because the article has attained a repu-tation heretofore unknown. A few facts upon this point will speak more powerfully than volumes of bare assertion or blazoning puffery. The consumption of Hostettar's Stomach Bit-ters for the last year amounted to over a half-million bottles, and from its manifest steady million bottles, and from its manifest steady increase in times past, it is evident that di the coming year the consumption will reach near ene million bottles. This immense amount could never have been sold but for the rare medicinal properties contained in the preparation, and the sanction of the most prominent physicians in those sections of the country where the article is best known, who not only recommend the Bitters to their patients, but are ready at all times to give testimonials to its efficacy in all cases of stomachic derangements and the diseases resulting therefrom.

This is not a temporary popularity, obtained by extraordinary efforts in the way of trumpeting the qualities of the Bitters, but a solid estimation of an invaluable medicine, which is destribed to be as enduring as time itself.

estimation of an invaluable medicine, which is destined to be an enduring as time itself.

Hostetter's Stomneli Bitters have proved a Godsend to regions where fever and ague and various other billious complaints have counted their victims by hundreds. To be able to state confidently that the "Bitters" are a certain cure for the Dyspepsia and like discoverage to the proprietors a cource of undiseases, is to the proprietors a source of un-alloyed pleasure. It removes all morbid matter from the stomach, purifies the blood, and imparts renewed vitality to the nervous system, giving it that tone and energy indispensable for the restoration of health. It operates upon the stomach, liver, and other digestive organs, mildly but powerfully, and soon restores them to a condition essential to the healthy discharge.

to a condition essential to the healthy discharge of the functions of nature.

Elderly persons may use the Bitters daily as per directions on the bottle, and they will find in it a stimulant peculiarly adapted to comfort declining years, as it is pleasant to the pulate, invigorating to the bowels, excellent as a tonic, and rejuvenating generally. We have the evidence of thousands of aged men and women who have a vereigned the herefits of using this who have experienced the benefit of using this preparation while suffering from stomach derangements and general debility; acting under the advice of physicians, they have abandoned and debility in the standard the standard that the standard the standard that the standard the standard that the standard the standard the standard that the standard the stan all delectrious drugs and fairly tested the merits of this article. A few words to the gentler sex. There are certain periods when their cares are so harassing that many of them sink under the trial. The relation of mother sink under the triat. The relation of montes and child is so absorbingly tender, that the mother, especially if she be young, is apt to forget her own health in her extreme anxiety for her infant. Should the period of maternity arrive during the summar season, the wear of hody and mind is generally aggravated. Here, then, is a necessity for a stimulant to recupe-rate the energies of the system, and enable the rate the energies of the system, and enable into mother to bear up under her exhausting trials and responsibilities. Nursing mothers gene-rally prefer the Bitters to all other invigora-tors that receive the colorement of physi-cians, because it is agreeable to the taste as

cians, because it is agreeable to the taste as well as certain to give a permanent increase of bodily strength.

All those persons, to whom we have particularly referred above, to wit: sufferers from fever and ague, caused by malaria, diarrhea, dysentery, indigestion, loss of appetite, and all diseases or derangements of the stomach, superannuated invalids, persons of sedentary occupation, and nursing mothers, will consultable out the stomach and superannuated by giving to Hostheir own physical welfare by giving to Hos-tetter's Celebrated Stomach Bitters a trial. CAUTION.—We caution the public against using any of the many imitations or counterfeits, but ask for Hostetten's Chlebrates STOMACH BITTLES, and see that each house has the words. Dr. J. Some it of slekues is errepting upon you, and should be averted by a timely size of the right remedy. Take Ayer's Phile, and cleanse out the disordered humers—perify the blood, and let the fauctions of the body into vigorous activity, purify the aystem from the obstructions which make disease. A cold active some where in the body, and obstruct a condition, oppressed by the derangements, take Ayer's Phile, and see how directly they prestore the hatural action of the system, and with it the buoyant feeling of health again. What is true and so apparent in this trivial and common complaint; is also true in many of the deepsends and dargerous distempers. The same purguis effect expels them. Caised by similar obstructions and derangements of the marrial functions of the body, they are spaidly, and thany of them surely, cared by the same means. DR. AYER: Your Pills are the paragon of all that is great in medicine. They have cured my little daughter of ulcerous sores agon her hands and feet that had proved incurable for years. Her mother has been long grievously afflicted with blotches and pimples on her akin and in her kair. After our child was cured, she also tried your Pills, and they have cured her.

Headache, Sick Headache, Foul Stomach. From Dr. Edward Boyd, Baltimore.

DEAR BRO. AYER: Il-cannot answer you what complaints I have cured with your Pills better than to say all that ree ever treat with a purgative medicine. I place great dependence on an effectual eathartic in my daily contest with disease, and believing as I do that your Pills afford us the best we have, I of course value them highly.

Pirtsmung, Pa., May I, 1895.

DR. J. C. AYER. Bir I have been repeatedly qured of the worst headache any body can have, by a dose or two of your Pills. It seems to arise from a foul stomach, which they cleanse at once.

Yours with great respect,

Bilious Disorders - Liver Complaints. Hilious Disorders — Liver Complaints.

From Dr. Theodore Bell, of New York City.

Not only are your Fills admirably adapted to their purpose as an aperient, but I find their beneficial effects upon the Liver very marked indeed. They have in my practice proved more effectual for the cure of bilious complaints than any one remedy I can mention. I sincerely rejoise that we have at length a purgative which is worthy the confidence of the profession and the people.

From Dr. J. G. Green, of Chicago.
Your Pills have had a long trial in my practice, and I hold them in exteem as one of the best aperients I have ever found. Their alternitive effect upon the liver makes them an excellent remedy, when given in small doses for bilious dysentery and diarrhæd. Their sugar-coating makes them very acceptable and convenient for the use of women and children.

Constipation, Costiveness, Suppression, Rheumatism, Gout, Neuralgia, Dropsy, Faralysis, Fits, etc.

From Dr. J. P. Yaughn, Montreal, Canada.

Too much cannot be said of your Pills, for the cure of costiveness. If others of our fraternity have found them as efficacious as I here, they should join me in proclaiming it for the benefit of the multitudes who saffer from that complaint, which, although bad enough in itself, is the progenitor of others that are worse. I believe concenses to originate in the liver, but your Pills affect that organ and cure the disease.

HONGRED Sir.: I should be ungrateful for the relief your skill has brought me if I did not report my ease to you. A cold settled in my limbs and brought on exercicating neuralgic pains, which ended in chronic rheumatism: Notwithstanding I had the best of physicians, the disease grew worse and worse, until by the advice of your excellent agent in Baltimore, Dr. Mackenzie, I tried your Pills. Their effects were alow, but sure. By persevering in the use of them, I am now entirely well.
