HOSTETTER'S STOMACH BITTERS.

The proprietors and manufacturers of HOS-TETTER'S CELEBRATED STOMACH BIT-TERS can appeal with perfect confidence to physicians and citizens generally of the United States, because the article has attained a repu-tation heretofore unknown. A few facts upon this point will speak more powerfully than volumes of bare assertion or blazoning pulsery. The consumption of Hostetter's Stomach Bit-ters for the last year amounted to over a half-million bottles, and from its manifest steady increase in times past, it is evident that during million bottles, and from its manifest steady increase in times past, it is evident that during the coming year the consumption will reach near one million bottles. This immense amount could never have been sold but for the tare medicinal properties contained in the preparation, and the sauction of the most preminent physicians in those sections of the country where the article is best known; who not only where the article is best known; who not only recommend the Bitters to their patients, but are ready at all times to give testimonials to its efficacy in all cases of stomachic derangements

amency in all cases of stomachic usrangements and the diseases resulting therefrom.

1 This is not a temporary popularity, obtained by extraordinary efforts in the way of trumpeting the qualities of the Birters, but a solid estimation of an invaluable medicine, which is estimation of an invaluable medicine, which is destined to be as enduring as time itself. Hostetter's Stomach Bitters have proved a Godsend to regions where fever and ague and various other bilious complaints have counted their victims by hundreds. To be able to state confidently that the "Bitters" are a certain cure for the Dyspepsis and like diseases, is to the proprietors a source of unalloyed pleasure. It removes all morbid matter from the stomach, purifies the blood, and alloyed pleasure. It removes all morbid materials from the stometh, purifies the blood, and imparts renewed witality to the nervous system, giving it that tone and energy indispensable for the restoration of health. It operates upon the stomath, liver, and other digestive organs, mildly but powerfully, and soon restores them to a condition essential to the healthy discharge

of the functions of nature.

Elderly persons may use the Bitters daily as per directions on the bottle, and they will find in it a stimulant peculiarly adapted to comfort in it a stimulant peculiarly adapted to comfort declining years, as it is pleasant to the palata, invigorating to the bowels, excellent as a tonic, and rejuvenating generally. We have the evidence of thousands of aged men and women who have experienced the benefit of using this preparation, while suffering from stomach derangements and general debility; acting under the advice of physicians, they have shandoned all deleterious drugs and fairly tested the merits of this article. A few words to the gentler sex. There are certain periods when their cares are so harassing that many of them gentler sex. There are certain periods when their cares are so harassing that many of them sink under the trial. The relation of mother and child is so absorbingly tender, that the mother, especially if she be young, is apt to forget her own health in her extreme anxiety for her infant. Should the period of maternity arrive during the summer season, the wear of body and mind is generally aggravated. Here, then, is a necessity for a stimulant to recuperate the encreise of the system and enable the rate the energies of the system, and enable the mother to bear up under her exhausting trials and responsibilities. Nursing mothers generally prefer the Bitters to all other invigorators that receive the endorsement of physicians, because it is agreeable to the taste as

well as certain to give a permanent increase of bodily strength:

All those persons, to whom we have particularly referred above, to witz sufferers from faver and ague, caused by malaria, diarrhosa, dysentery, indigestion, loss of appetite; and all diseases or derangements of the stomach, superannuated invalids, persons of sedentary, conventions and presents will comply occupation, and nursing mothers, will consult their own physical welfare by giving to Hos-tetter's Celebrated Stomach Bitters a trial. CAUTION.—We caution the public against using any of the many imitations or counterfeits, but ask for Hosterten's Celebrates STOMACH, BITTERS, and see that each bottle has the words "Dr.J. Hostetter's Stomach Bitters" blown on the side of the bottle, and stamped

on the metallic cap covering the cork, and observe that our autograph signature is on the label.

Ayer's Sarsaparilla, FOR PURIFYING THE BLOOD,
And for the spendy care of the subjected varieties

And for the speedy care of the subjected varieties of Phonese:

Severalla and Severallone Affections, such as Tuniors, Ulevel, Soyes, Eguptions, Finantes, Blate, Blatches, Boils, Blains, and all Skin Diseases.

J. C. Ayer & Co. Gents: I feel it my duty to acknowledge what your Sevenantilla has done for me. Having, interiest a Seventions infection, i have suffered from it in various ways for years. Sometimes it burst out in Ulevra on my hands and arms; sometimes it terned inward and distressed me at the stomach. Two years got broke out on my head and covered my scalp and care with one sore, which was painful; and leathsome beyond description. I tried may medicine and severiphysicians, but without much relief from any thing. I have the first the discorder grew worse. At length I was rejoked to read in the Gospel Messenger that you had prepared in alternative (Sarasparilla), for I knew from your requision that any thing you made must be good. I sent to Charlmall and got if, and used almost three bottles. New and healthy with soon began to form under the seab, which after a while fell of. My skin is now clear, and I know by melling that the disease is gone from my system. You can well believe that I feel what I am saying when I tell you, that I hold you to be one of the speedse of the age, and remain ever gratefully.

Laweageheen or Whites: Overlam Tumor, Uterime Ulceration, Female Diseases. Dr. J. R. S. Channing, of Kew York City, writes: "I must cheerfully comply with the request of your agent to saying I have found your Saraparilla a most excellent alterative in the numerous complaints for which we employ such a remedy, but especially in Francie Diseases of their Secretarious disthesis. I have cured many inveterate cases of Leacorriesa by it, and some where the complaint was caused by nierrofun of the uterus. The ulceration itself was soon cured. Nothing within my knowledge equals it for these female derapagements."

Edward R. Marrow, of Newhury, Ala, writes: "A dangrous oversim tumor on one of the females in my family, which had defied all the remedies we could employ, has at print before outled, but he advised the trial of your apparilla. Our physician thought nothing but extipation could afford relief, but he advised the trial of your Raysaparilla as the last resort before cutting, and it proved effectual. After taking your remedy eight wocks no symptom of the disease remine."

Syphatic and Mercurial Disease.

Byphtile and Merenrial Disease.

New Onleans, 20th Angust, 1839.

Dr. J. C. Ayre. Sir 1 cheerfully comply with the request of your agent, and report to you some of the effects I have realized with your Sarasparilla.

I have cured with it, in my practice, mbs to of the complaints for which it, is a resommended, and have found its effects truly wonderful in the rure of Feneral and Mercirial Disease. One of my patients had Syphilitic ulcers in his throat, which were consuming his palaste and the top of his menth. Your Sarasparilla, steadily taken, cared him in five weeks. Another was attacked by secondary symptoms in his none, and the ulceration had caten away a considerable part of it, so that I believe the disorder would soon reach his brain and kill him. But it yielded to my administration of your Sarasparilla; the ribers healed, and he is well again, not off-course without some disfiguration of the face. A woman who had been treated for the same disorder by mercury was suffering from this paison in her bones. They had become so sensitive to the weather that on a damp day he suffered exercialing pain in her joints and hours. She no, was cured entirely by your Sarasparille in a few weeks. I know from its formula, which your agent gave me, that that Freparalton from your laboratory must be a great remedy; consequently, these truly remarkable results with it have not surprised ne.

Fraternally yours. G. V. LARIDEER, M. D. Syphilis and Mercurial Disease.

Rhoumatism, Gout, Liver Complaint.

INDEPENDENCE, Freston Co., Va., 6th July, 1850.

DELJ. C. Aver. Sir: I have been afflicted with a painhit chronic Ricementism for a long time, which baffled the
skill of physicians, and stock to me inlapite of all the
remedies I could find, until I tried your Sarsaparilla. One
hostic cured me in two weeks, and reastored my general
health so much that I am far better than before I was
stacked. I think it a wanterful medicine, J. FREAM.
Jules Y. Getchell, of St. Lauls, writes; "I have been
afflicted for years with an affection of the Liver, which
destroyed my health. I tried every thing, and every thing
failed to relieve me; and I have been a broken-down man
for some years from no other cause than demongement of
the Liver. My beloved pastor, the Rev. Mt. Eapy, advised
me to try your Sarsaparilla, because he said he knew you,
and any thing you made was worth trying. By the blees
ing of field thas cured me, and has so purified my blood
as to make a now man of me. I feel young again. The
best that can be said of you is not half good enough."

Schlirmus, Cancer Tumors, Enlargement, Ulceration, Carles, and Exfeliation of the Bones.

A great variety of cases have been reported to mawhere cures of these formelable complaints have resulted from the use of this refired, but our space here will not admit them. Some of them may be found in our American Almanac, which the agents below named are pleased to furnish gratis to all who call for them. Dyspepsia, Heart Disease, Flis, Epliepsy, Melancholy, Neuralgia. Many remarkable cures of these affections have been made by the alterative power of this medicine. It stimulates the vital functions into vigorous action, and thus overcomes disorders which would be supposed beyond its reach. Such a remedy-has long been jrequired by the necessities of the people, and we are consident that this will do for them all that medicine can do.

FOR THE BAPID CURE OF Coughs, Colds, Inducara, Hoarseness, Croup, Bronchitis, incipient Consump-sion, and for the Bellef of Consump-tive Patients, in advanced stages of the Disease. stages of the Disease.

This is a remedy so universally known to surpass anyother for the cure of throat and lung complaints, that it is useless here to publish the evidence offits virtues. Its unrivalled excellence for coughs and colds, and its truly wonderful cures of pulmonary disease, have made it known throughout the evilized nations of the earth. Few are the communities, or even families; among them who have not some personal experience of its effects—some living trophy in their mist of its alcory over the subtle and dangerous disorders of the throat and lungs. As all know the dreadful fatality of these disorders, and as they know, too, the effects of this remedy, we need not do more than to assure them that it has now all the virtue's that it did have when making the cures which have won so strongly upon the confidence of mankind.
