HOSTETTER'S STOMACH BITTERS.

The proprietors and manufacturers of HOS-TETTER'S CELEBRATED STOMACH BITTERS can appeal with perfect confidence to physicians and citizens generally of the United States, because the article has attained a reputation heretofore unknown. A few facts upon this point will speak more powerfully than volumes of bare assertion or blatoning puffery. The consumption of Hostetter's Stomach Bitters for the last year amounted to over a half-million bottles, and from its manifest steady increase in times past, it is evident that during the coming year the consumption will reach near one million bottles. This immense shount could never have been sold but for the rare medicinal properties contained in the preparation, and the sanction of the most prominent physicians in those sections of the country where the article is best known, who not only recommend the Bitters to their patients, but are ready at all times to give testimonials to its efficacy in all cases of stomachic derangements and the diseases resulting therefrom. and the discases resulting therefrom.

This is not a temporary popularity, obtained by extraordinary efforts in the way of trumpeting the qualities of the Bitters, but a solid estimation of an invaluable medicine, which is destined to be as enduring as time itself.

Hostetter's Stomach Bitters have proved.

a Godsenter's atomach Bitters have proven and ague and various other bilious complaints have counted their victims by hundreds. To be able to state confidently that the "Bitters" are a certain cure for the Dyspepsia and like diseases, is to the proprietors a source of unalloyed pleasure. It removes all morbid matter
from the stomach, purifies the blood, and
imparts renewed vitality to the nervous system,
giving it that tone and energy indispensable
for the restoration of health. It operates upon
the stomach, liver, and other digestive organs,
mildly but powerfully, and soon restores them
to a condition lessential to the healthy discharge
of the functions of nature.

Elderly persons may use the Bitters daily as
per directions on the bottle, and they will find
in it a stimulant peculiarly adapted to comfort
declining years, as it is pleasant to the palate,
lavigorating to the bowels, excellent as a tonic,
and rejuvenating generally. We have the evidiseases, is to the proprietors a source of un-

We have the evidence of thousands of aged men and women who have experienced the benefit of using this preparation while suffering from stomach derangements and general debility; acting under the advice of physicians, they have abandoned all deleterious drugs and fairly tested the merits of this article. A few words to the gentler sex. There are certain periods when their cares are so harassing that many of them sink under the trial. The relation of mother and child is so absorbingly tender, that the mother, especially if she be young, is apt to forget her own health in her extreme anxiety for her infant; Should the period of maternity arrive during the summer season, the wear of arrive during the summer season, the wear-of body and mind is generally aggravated. Here, then, is a necessity for a stimulant to recupe-rate the energies of the system, and enable the mother to hear up under her exhausting trials and responsibilities. Nursing mothers gene-rally prefer the Bitters to all other invigorators that receive the endorsement of physicians, because it is agreeable to the taste as

well as certain to give a permanent increase of bodily strength.

All those persons, to whom we have particularly referred above, to wit: sufferers from fever and ague, caused by malaria, diarrhes, dysentery, indigestion, loss of appetite, and all diseases or derangements of the stomach, superannuated invalids, persons of sedentary occupation, and nursing mothers, will consult their own physical welfare by giving to Hostetter's Celebrated Stomach Bitters a trial.

And for the speedy care of the subjoined varieties of Disease:

Scrofula and Screfuleus Affectious, such as Tamoors, Ulcers, Seres, Eruptious, Plusquist, Plastenes, Bletches, Bolls, Hains, and all Shim Diseases.

J. C. AYER & Co. Gents: I feel it my duty to acknowledge what your Sarsaparilla has done for me. Having interited a Scrofulous infection, I have suffered from ft in various ways for years. Sometimes it burst out in Illeers on my hands and arms; sometimes it turned inward and distressed in at the stomach. Two years ugo it broke out on my head and covered my scalp and ears with one sore, which was painful and loathsome beyond description, I tried many medicines and severaphysicians, but without much relief from any thing. In fact, the disorder grew worse. At length I was rejoiced to read in the Goapel Heasenger that you had prepared an alternive (Sarsaparilla), for I knew from your repartion that any thing you made must be good. I sent to Cincinnate and got if, and used it till it cured me. I took if, as you advise, in small dones of a teaspoonful over a month, and used almost three bottles. New and healthy skin soon began to form under the seab, which after a while fell of. My skin is now clear, and I know by my feelings that the disease is gone from my system. You can well believe that I feel what I am asying when I tell you, that I hold you to be one of the apositics of the age, and remain ever gratefully.

Dr. Robert M. Preble writes from Salem, N. Y., 12th Sept. 1859, that he has cured an inveterate case of Dropsy, which threatened to terminate fatally, by the perservering use of our Saraparilla, and also a danger ous attack of Malignant Erysipelas by Iarge doose of the same; says he cures the common Eruptions by it constantly.

Lewcorrhiem or Whites, Overtan Tumor, Uterine Ulceration, Femals Diseases.

Dr. J. B. S. Channing, of New York City, writes: "I most cheerfully comply with the request of your agent in asying I have found year Sarsaparilla a most excellent alterative in the numerous complaints for which we employ such a remedy, interpecially in France Diseases of the Scrofulous diathesis. I have cured many invoterate case of Leavorrhea by it, and some where the complaint was caused by ulceration of the sterns. The bleeration itself was soon cured. Nothing within my knowledge equals it for these female derangements."

Edward S. Marrow, of Newbury, Ala, writes: "A dangerous overlan tumor on one of the females in my family, which had defied all the remedies we could exploy, has at length been completely cured by your extract of Sarsaparilla. Our physician thought nothing but extirpation could afford relief, but he advised the trial of your Sarsaparilla as the last resort before cutting, and it proved effectual. After taking your remedy eight weeks no symptom of the disease remains."

Syphilis and Mercurial Disease.

New Obleans, 25th August, 1850.

Dr. J. C. Ayer. Sir: I cheerfully comply with the request of your agent, and report to you some of the effects I have realized with your Sarsaparilla.

I have cured with it in my practice, most of the complaints for which it is recommended, and lave found its effects truly wonderful in the cure of Veneral and Mercurial Disease. One of my patients had Syphilitic alcerain his throat, which were consuming his palate and the top of his mouth. Your Sarsaparilla, ricadily taken; cared him in five weeks. Another was attacked by secondary symptoms in his noos, and the ulceration had esten away a considerable part of it, so that I believe the disorder would soon reach his brain and kill him. But it yielded to my administration of your Sarsaparilis; the ulcera healed, and he is well again, not of course without some disfiguration of the face. A woman who had been treated for the same disorder by mercury was suffering from this poison in her bones. They had become so sensitive to the weather that, on a damp day she suffered exercicating pain in her joints and bones. She, too, was cured entirely by your Sarsaparilla in a few weeks. I know from its formula which your agent gave me, that this Preparation from your laboratory must be a great remedy; consequently, these truly remarkable results with!!I have not surprised me.

Fraternally yours, G. V. LARIMER, M. D.

Rheumatism, Gout, Liver Complaint.

INDEPENDENCE, Preston Co., Va., 6th July, 1859.
DR. J. C. Ayen. Sir; I have been afflicted with a painful chronic Rheumatism for a long time, which baffled the remedies I could find, until I tried your Farnaparilla. One bottle cured me in two weeks, fand restored my general health so much that I am far better than before I was attacked. I think it a wonderful medicine. J. FIEEA M. Jules Y. Getchell, of St., Louis, writers: "I have been afflicted for years with an offection of the Liver, which destroyed my health. I tried every thing, and every thing falled to relieve me; and I have been a broken-down man for some years from no other cause than demagnicant of the Liver. By beloved pastor, the Rev. Mr. Eapy, advised me to try your Sarsaparilla, because he said he knew you, and any thing you made was worth trying. By the blessing of God it has curedjime, and has so purified my blood as to make a new man of me. I feel young again. The best that can be said of you is not half good emongh." Ayer's Cherry Pectoral, FOR THE HAPID CURE OF Coughs, Colds, Influenzs, Hourseness, Croup, Brouchitts, Incipient Consump-tion, and for the Relief of Consump-tive Patients, in advanced stages of the Disease.

This is a remedy so universally known to surpass any other for the cure of throat and lung complaints; that it is uscless here to publish the evidence of its virtues. Its universalled excellence for coughs and colds, and its truly wonderful cures of pulmoinry disease, have made it known throughout the civilized nations of the carth. Few are the communities, or even families, among them who have not some personal experience of its effects—some living trophy in their midst of its victory over the subtle and dangerous disorders of the throat and lungs. As all know the dreadful fatality of these disorders, and as they know, too, the effects of this remedy, we need not do more than to assure them that it has now all the virtues that it did have when making the cures which have won so strongly upon the confidence of markind.
