## HOSTETTER'S STOMACH BITTERS.

The proprietors and manufacturers of HOSTETTER'S CELEBRATED STOMACH BITTER'S can appeal with perfect confidence to physicians and citizens generally of the United States, because the article has attained a reputation heretofore unknown. A few facts upon this point will speak more powerfully than volumes of bare assertion or blaconing puffery. The consumption of Hostetter's Stomach Bitters for the last year amounted to over a half-million bottles, and from its manifest steady increase in times past, it is evident that during the coming year the consumption will reach near one million bottles. This immense amount could never have been sold but for the rare medicinal properties contained in the preparacould never have been sold out for the ran-medicinal properties contained in the prepara-tion, and the sanction of the most prominent physicians in those sections of the country where the article is best known, who not only recommend the Bitters to their patients, but

recommend the Bitters to their patients, but are ready at all times to give testimonials to its efficacy in all cases of stomachic derangements and the diseases resulting therefrom.

'This is not a temporary popularity, obtained by extraordinary efforts in the way of trumpeting the qualities of the Bitters, but a solid estimation of an invaluable medicine, which is destined to be as enduring as time itself.

Hostetter's Efomach Bitters have proved a Godsend to regions where fever and ague and various other bilious complaints have counted their victims by hundreds. To be able to state confidently that the "Bitters" are a certain cure for the Dyspepsis and like diseases, is to the proprietors a source of unalloyed pleasure. It removes all morbid matter from the stomach, purifice the blood, and alloyed pleasure. It removes all morbid matter from the stomach, purifies the blood, and imparts renewed vitality to the nerrous system, giving it that tone and energy indispensable for the restoration of health. It operates upon the stomach, liver, and other digestive organs, mildly but powerfully, and soon restores them to a condition essential to the healthy discharge of the functions of nature. Elderly persons may use the Bitters daily as per directions on the bottle, and they will find in it astimulant peculiarly adapted to comfort declining years, as it is pleasant to the palate,

in it alstimulant peculiarly adapted is comfort declining years, as it is pleasant to the palate, invigorating to the bowels, excellent as a tonic, and rejuvenating generally. We have the evidence of thousands of aged men and women who have experienced the benefit of using this preparation while suffering from stomach derangements and general debility; acting under the advice of physicians, they have abandoned all deleterious drugs and fairly tested the merits of this article. A few words to the gentler sex. There are certain periods when their cares are so harassing that many of them sink under the trial. The relation of mother and child is so absorbingly tender, that the and child is so absorbingly tender, that the mother, especially if she be young, is apt to forget her own health in her extreme anxiety for her infant. Should the period of maternity arrive during the summer season, the wear of body and mind is generally aggravated. Here, then, is a necessity for a stimulant to recuperate the energies of the system, and enable the mother to hear up under her exhausting trials and responsibilities. Nursing mothers generally prefer the Bitters to all other invigorators that receive the endorsement of physicians, because it is agreeable to the taste as well as certain to give a permanent increase of hodily strength.

well as certain to give a permanent increase of bodily strength.

All those persons to whom we have particularly referred above, to wit: sufferers from fover and ague, caused by malaria, diarrhea, dysentery, indigestion, loss of appetite, and all diseases or derangements of the stomach, superannuated invalids, persons of sedentary occupation, and nursing mothers, will consult their lown physical welfare by giving to Hostetter's Celebrated Stomach Bitters a trial.

Mesers. S. W. FOWLE & CO., Boston, — Dear Sire:
Having realized in my family important benefits from
the use of your valuable preparation, WHEAR'S BALsam OF WILD CHERRY, it affords me pleasure to
tecommend it to the public. Some eight years age one
of my daughters seemed to be in a decline, and little bopes of her recovery were entertained. I then pro-cured a bottle of your excellent Balsam, and before abo had taken the whole of the contents of the bottle there was a great improvement in her health. I have, in my individual case, made frequent use of your valuable medicine, and have always been benefited by it. I would, however, carrier the public against imposition, be-acuse there is a good deal of sparious Wister's Baleam of Wild Cherry afout throughout the country.

I tried many indicines and severy physicians, but without much relief from any thing. In the, the disorder grew worse. At length, I was rejoiced to read in the Gospel Messenger that you had prepared an aiterative (Sarsaparilla), for J. knew from your reputation that any thing you made must be good. I sent to Chechnati and got it, and used it till it cured me. I took &, as you advise, in small doses of a teaspoonful over a month, and used ilmost three bottles. New and healthy skin soon, began to form under the scab, which after a while Ril off. My skin is now clear, and I know by my feelings that the disease is gone from my system. You can well believe that I feel what I am saying when I tell you, that I hold you to be one of the apestics of the age, and remain sver gratefully. Nours,

St. Anthony's-Fire. Rose or Erysipelas,
Tetter and Salt Rheum, Scald Head, Ringworm, Sore Eyes, Dropsy.
Dr. Robert M. Preble writes from Salem, N. Y., 12th
Sept., 1859, that he has cured an inveterate case of
Dropsy, which threatened to terminate fatally, by the
persevering use of our Sarsansilla, and also a dangerous attack of Malignant Erysipelas by large doses of the
same; says he cures the common Eruptions by it constantly. Branchocele, Goltre, or Swelled Neck.

Zebulon Sican of, Prospect, Texas, writes: "Three bottles of your Sarsaparilla cured me from a Gottre—a hideous swelling on the neck, which I had suffered from ever two years."

Describes or Whites, Ovarian Tumor, Uterine Ulceration, Female Diseases.

Dr. J. B. S. Channing, of New York City, writes: "I most cheerfully comply with the request of your agent in saying I have found your sarsparilla a most excellent alterative in the numerous complaints for which whemploy such a remedy, but especially in Female Diseases of the Scrothlous diathesis. I have cured many inveterate cases of Leucorthees by it, and some where the complaint was caused by ulceration of the uterus. The ulceration itself was soon cured. Nothing within my knowledge equals it for these female derangements."

Edward S. Marrow, of Newbury, Ala, writes: "A dangerous ovarion fumor on one of the females in my family, which had defled all the remedies we could employ, has all length been completely cured by your extract of Sarsparilla. Our physician thought nothing but extirpation could afford relief, but he advised the trial of your Sarsaparilla as the last resort before entiting, and it proved effectual. After taking your remedy eight weeks no symptom of the disease remains."

Syphilis and Mercurial Disease.

NEW ORLEANS, 25th August, 1839.

Dr. J. C. AYER. Sir: I cheerfully comply with the request of your agent, and report to you some of the effects I have realized with your Sarsaparilla.

I have cured with it, in my practice, most of the complaints for which it is recommended, and have found its effects truly wonderful in the cure of Veneral and Mercurial Disease.

On J. C. AYER. Sir: I cheerfully comply with the cured-laim in five weeks. Another was attacked by accordary symptoms in his nose, and the ulceration had acten away a considerable part of it, so that I believe the disorder would soon reach his brain and kill him. But it yielded to my administration of your Sarsaparilla; the ulcers headed, and he is well again, not of course without some disfiguration of the face. A woman who had been treated for the same disorder by mercury was suffering from this poison in her bones. They had becomes sensitive to the weather t

Rheumatism, Gout, Liver Complaint.

INDEPENDENCE, Preston Co., Va., 6th July, 1850.
Dr. J. C. Ayrin. Sir: I have been afflicted with a painful chronic Rheumatism for a long time, which baffled the skill of physicians, and stuck to me in spite of all the remedies I could find, until I tried your Sarsaparilla. One bottle cured me in two weeks, and restored my general health so much that I am far better than before I was attacked. I think it a wonderful medicine. J. FREAM. Jules Y. Getchell, of St. Louis, writes: "I have been afflicted for years with an affection of the Liver, which destroyed my health. I tried every thing, and every thing falled to relieve me; and I have been a broken-down man for some years from no other cause than derangement of the Liver. My beloved pastor, the Rev. Mr. Espy, advised me to try your Sarsaparilla, because he said he knew you, and any thing you made was worth trying." By the blessing of God it has cured me, and has so purified my blood as to make a new man.of, me. I feel young again. The best that can be said of your is not half good enough."

best that can be said of you is not half good enough."

Schirrus, Caneer Tumors, Enlargement, Ulceration, Carles, and Exfoliation of the Bones.

A great variety of cases have been reported to us where cares of these formidable complaints have resulted from the use of this remedy, but our space here will not admit them. Some of them may be found in our American Almanac, which the agents below named are pleased to farnish gratis to all who call for them. Dyspepsia. Heart Disease, Fits, Epilepsy, Melancholy, Neuralgia. Many remarkable cures of these affections have been made by the alterative power of this medicine. It stimulates the tital functions into vigorous action, and thus overcomes disorders which would be supposed beyond its reach. Such a remedy has long-been required by the necessities of the people, and we are confident that this will do for them all that medicine can do.

Ayer's Cherry Pectoral, FOR THE RAPID CURE OF. lds. Influenza, Hoarsenes

Coughs, Colds, Influenza, Hoarseness, Croup, Bronchitis, Incipient Consumption, and for the Relief of Consumptive Patients, in advanced stages of the Disease.

This is a remedy so universally known to surpass any there for the cure of throat and lung complaints, that it is useless here to publish the evidence of its virtues. Its unrivalled excellence for coughs and colds, and its truly wonderful cures of pulmonary disease, have made it known throughout the civilized nations of the earth. Few are the communities, or even families, among them who have not some personal experience of its effects—some living trophy in their midst of its victory over the subtle and dangerous disorders of the throat and lungs. As all know the dreadful fatality of these disorders, and as they know, too, the effects of this remedy, we need not do more than to assure them that it has now all the virtues that it did have when making the cures which have won so strongly upon the confidence of mankind.
