HOSTETTER'S STOMACH BITTERS.

The proprietors and manufacturers of HOS-TETTER'S CELEBRATED STOMACH BIT-TERS can appeal with perfect confidence to physicians and citizens generally of the United States, because the article has attained a reputation heretofore unknown. A few facts upon this point will speak more powerfully than volumes of bare assertion or blaconing puffery. The consumption of Horester's Stomach Bit-ters for the last year amounted to over a half-million bottles, and from its manifest steady increase in times past, it is evident that during the coming year the consumption will reach near one million bottles. This imnense amount. could never have been sold but for the rare medicinal properties contained in the prepara-tion, and the sanction of the most prominen physicians in those sections of the country where the article is best known, who not only recommend the Bitters to their patients, but are ready stall times to give testimonials to its efficery in all cases of stomachic derangements and the diseases resulting therefrom. and the diseases resulting incorron.

'This is not a temporary popularity, obtained by extraordinary chorts in the way of trumpeting the qualities of the Bitters, but a solid

estimation of an invaluable medicine, which is destined to be se enduring as time itself. Hostetter's Stomach Litters have proved a Godsend to regions where fever and ague and various other billions complaints have counted their victims by hundreds. To be able to size confidently that the "Bitters" are a certain cure for the Dyspensia and like diseases, is to the proprietors a source of un-alloyed pleasure. It removes all morbid matter from the storaged, purifies the blood, and imparts redewed whalky to the nervous system, giving it that tone and energy indispensable for the restoration of health. It operates upon the stomach, liver, and other digestive organs, mildly but powerfully, and soon restorts them to a condition essential to the healthy discharge

of the functions of nature.

Elderly persons may use the Bitters daily as per directions on the bottle, and they will find in it a site file at coordinary adapted to comfort declining years, as it is pleasant to the palate, invigorating to the bowels, excellent as a fonce, and reinventifung generally. We have the evi-dence of thodsen is of aged men and women who have experienced the benefit of using this preparation while suffering from stemach de rangements and general debility; acting under the advice of physicians, they have abandoned all deleterance organic fairly tested the merity of this article. A few words to the gentler sex. There are certain periods when their cares are so himseling that many of them sink under the trial. The relation of mother and child is so alteratingly tenfler, that the mother, especially if the he young, is apt to forget her own health in her extreme anxiety for her inlant. Should the period of maternity arrive during the summer season, the wear of body and min till senerally aggravated. Here, then, is a necessity for a stimulant to recurs Tate the energies of the system and enable the mother to bear up under her exhausting trials and responsibilities. Nursing mothers gene-rally prefer the Biners to all other invigora-tors that receive the endorsement of physi-

cians, because it is agreeable to the taste as well as certain to give a permanent increase bodily strength.
All those persons, to whom we have particularly referred above, to wit: sufferers from fever and ague, caused by malaria, diarrhoa, dysentery, indigestion, loss of appetite, and all diseases or derangements of the stoumch, superannuated invalids, persons of sedentary eccupation, and nursing mothers, will consultheir own physical welfare by giving to Hos-tetter's Celebrated Stomach Litters a trial. CAUTION.—We caution the public against using any of the many imitations or counterfeits, but ask for Hostetter's Celebraten

STONACH BITTERS, and see that each bottle has the words "Dr. J. Hostetter's Stomach Bitters" blown on the side of the bottle, and stamped on the metallic cap covering the cork, and abserve that our autograph signature is on the lavel.

The Rev. Jacob Sechler, Fill known and much respected among the German paya-lation of this country, makes the following statement for the benefit of the afficient.

HANOVER, PA., Feb. 16, 1852.
Mesers. S. W. FOWLE & Co., Boston, — Dear Sire: Having realized in my family important benefits from the use of your valuable preparation, WISTAE'S BAL-ZAR OF WILD CHERRY, it affords me pleasure to erroramend it to the public. Some eight years age one of my daughtern secured to be fix a decline, and little? hopes of her recovery were entertained. I then pro-sured a bottle of your excellent Salsam, and before she had taken the whole of the contents of the bottle there was a great improvement in her bealth. I have, in my individual case, made frequent use of your valuable modicine, and have glower been benefited by it. I would, howester, caution the public against imposition, because there is a good deal of spurious Vistor's Balsom of And Charry about throughout the country.

\$JACOB EECHLEB.

Virginia Testimony. Swifted from ME. NORBORNE NORTON, of the Examiner Office, Richmond, RICHMOND, VA., Feb. 23, 1860.

feren. S. W. FOWLE & Co., Resion, - Gentlemen: I with pleasure testify to the great merit of your insluable lung medicine, In. WISTAR'S BALSAM OF WILD CHEERY, which is likewise highly valued by many of our esteemed citizens, who have tested its virtues by trizl.

I first made use of this Balsam some three years elece

for a violent and distressing cough which hafiled the skill of physicians, and, to my joy, experienced such gratifying railed as to induce me to persevere in its use. I always keep it by me, and ever find it to be unfailing in its effects. No medicine that I have ever used has given such speedy relief. Yours truly,
NORBORNE NORTON.

From Jesse Smith, Esq., . President of the Morris County Bank, and who is well known and much estermed throughout New Jersey.

MORRISTOWN, N. J., Jan. 9, 1860 Mesers, S. W. Powle & Co., - Dear Sirs: Having used In. WISTAR'S BALSAN OF WILD CHERRY for about fifteen years, and having realized its beneficial results in my family, it affords me great pleasure in recommending it to the public as a valuable remedy in cases of wrat inngs, coids, coughs, 4%, and a remody which I consider to be entirely innocent, and may be taken with perfect safety by the most delicate in health. Yours very respectfully,

Becare of vile and worthless counterfaits? The only Genuine, Pure, and Medicinal Balsom has the name of "L BUTTS," written with a pen,

and the printed name of the proprietors, " S. W. FOWLE & CO.," on the outer wrapper. All who suffer with any disease of the Throat, Lungs, or Chest, can obtain like relief by using Wister's Balsam of Wild Cherry,

Your Fills work like a charm-cure Headache almost
instante. Truly yours, Wm FILLER. Mr. Spaldiny. Sir : Ypsilanti, Mich., Jan. 24.

Sir:
Not long since I sent to you for a box of Cephalic Pilifor the cure of the Nervous Headache and Costiveness and received the same, and they had so good an effect I was induced to send for more.

Pleasisend by return mail. Direct to
A. R. WHEELER.

Yp-llanti, Mich. anta, andreas granders.

From the Examiner Norfolk Va. Cephalic Pilleaccomplish the object for which they were made, viz.; cure of headache in all its forms. From the Examiner, Norfolk, Va.

They have been tested in more than a thousand cases with entire success. From the Democrat, St. Cloud, Minn. If you are, or have been troubled with the headache end for a box of cephalic pills, so that you may have hem in case of an attack.

---From the Advertiser, Providence, R I The Cephalic Pills are said to be a remarkably effective remedy for the headache, and one of the very best for that very frequent complaint which has ever been dis-covered.

From the Western R. R. Gazette, Chicago We heartfly endorse Mr. Spalding, and his unrivalled ephalic Pills. From the Valley Star, Kanawha, Va.

We are sure that persons suffering with the headache, who try them, will stick to them. From the Path Finder, New Orleans, La Try them! you that are afflicted, and we are sure that rour testimony can be added to the already numerous ist that has received beneats that no other medicine can produce.

From the St. Louis Democrat The immense demand for the article (cephalic pills) is apidly increasing. From the Gazette, Davenport, Iona.

Mr. Spalding would not connect his name with an ar-icle heddenet know to poseess real merit. From the Advertiser, Providence R 1

The testimony in their favor is strong, from the me spectable quarters. From the Daily News, Newport, R I Cephalic Pills are taking the place of all kinds.

By the use of these Pills the periodic stacks of Nerrous or Sick Heddache may be prevented; and if taken at the commencement of an attack, immediate relief from pain and sickness will be obtained.

They seldom fall in removing the Nausca and Headache to which females are so subject.

They act gently upon the bowels, -removing Costineness. For Literary, Men. Students. Delicate Fensales, and all persons of sectedary habits, they are valuable as a laxadite, improving the appetite, giving tone and vigor to the digestive organs, and restoring the natural clasticity and strength of the whole system.

The CEPHALIC PILLS are the result of long investigation and carefully conducted experiments, having been in use many years, during which time they have prevented and relieved a vast amount of pain and saffering from Headache, whether originating in the nervous system of rum a deranged state of the stomach.

They are cuttrely vegetable in their composition, and symbe taken at altimes with perfect safety without making any change of diet, and he absence of any disagreeable taste error is a commission of Counterfeits.

Beware of Counterfeits. The genuine have five signatures of Henry C. Spalding

oneach box.
Sold by Druggists and other Dealers in Medicines.

DAILY MAIL ROUTE BETWEEN

Ayer's Sarsaparilla, FOR PURIFYING THE BLOOD.

And for the speedy care of the subjoined varieties of Scrofula and Scrofulous Affections, such as Tumors. Ulcora Seesa

Scrofila and Scrofilous Affections, such as Tumors, Ulcers, Sores, Ernptions, Pinnples, Pustules, Blotches, Boils, Blains, and all Skin Diseases.

OAKLAND, Ind., 5th June, 1852.

J. C. Ayri & Co. Gents: I feel it my duty to acknowledge what your Saragarilla-has done, for me. Having inherited a Scroulous infection, I have suffered from it in various ways for years. Sometimes it bortout in Ulcers on my hands and arms; sometimes it turned inward and distressed me at the stomach. Two years ago it broke out on my bead and covered my scalp and ear with one sore, which was painful and loathsome beyond description. I tried many mediches and severably and ear with one sore, which was painful and loathsome beyond description. I tried many mediches and severably sirians, but without much relief from any thing. In fact, the disorder grew worse. At length I was rejoiced to read in the Gospel Messenger that you list purpased an alterative (Sarsaparilla), for I knew from your reputation that any thing you made must be good. I sent to Cincinnati and got it, and used it till it cured me. I took it, as you advise, in small doses of a tempeonful over a mouth, and used almost three bottles. New and healthy skin son began to form under the scale, which after a while fell of. My skin is now clear, and I know by my feelings that the disease is gone from my system. You can well believe that I feel what I am saying when I tell you, that, I hold you to be one of the spostles of the age, and remain ever gratefully.

St. Anthony's Fire. Rose or Frysipelas,

St. Anthony's Fire. Rose or Erystpelas,
Tester and Salt Rhenna Scald Head, Hingworm, Sore Eyes, Dröpsy.
Dr. Robert M. Preble writes from Salem, N. Y., 12th,
Sept.. 1859, that he has cured an inveterate case of
Droppy which threatched to terminate fatally, by the
persecring use of our Sarsaparilla, and also a dauger
ous attack of Matignout Erystpelus by large dose bot the
same; says he cures the common Eruptions by it constantly.

Bronchocele, Goitre, or Swelled Neck. Zebulon Sloan of, Prospect, Texas, writes: "Threo ottles of your Sarsaparilla cured me from a Goltre—a lideous swrelling on the neck, which I had suffered from yer two years."

Lencorrhea or Whites, Overien Tumor, Uterine Ulceration, Female Diseases. Userina. Uterration, Fernale Diseases.

Dr. J. B. S. Channing, of New York City, writes: "I most cheerfully compily with the request of your agent in saying 1-have found your Sarsaparilla a most excellent alterative, in the numerous complaints for which we employ such a remedy, but capecially in Fenule Diseases of the Scrotholus disthesis. I have cured many inveterate chases of Leucorrhors by it, and some where the complaint was caused by wiceration of the uternus. The uteration lited! was soon cured. Nothing within my knowledge equals it for these female derangements."

Betward S. Diarrow, of Newbury, Ala, writes: "A dangerous occuries itsesor on one of the females in my family, which had defied all the femeles we could employ, has at length been completely cured by your extract of Sarsaparilla. Our physician thought nothing but extirpation could afford relief, but he advised the trial of your Sarsaparilla as the last report before cutting, and it proved effectual. After taking your remedy eight weeks no symptom of the disease remains."

Syphtlis and Mercurial Disease.

Syphilis and Mercurial Disease.

New Onleans, 25th August, 1859.

Dr. J. C. Ayer. Sir: I cheerfully comply with the request of your agent, and report to you some of the effects of have realized with your Sarasparilla.

I have cured with it, in my practice, most of the complaints for which it is recommended, and have found its effects truly wonderful in the cure of Tenered and Mercurial Disease. One of my patients and Syphillite ulcers in his throat, which were consuming his palate and the top of his mouth. Your Sarasparilla, steadily taken, cared him in five weeks. Another was attacked by secondary symptoms in his mose, and the ulceration had eaten away a considerable part of tig, so that I believe the disorder would soon reach his brain and kil him. But it yielded to my similarization of your Sarasparilla: the ulcers lealed, and he is well again, not of course without some disaiguration of the face. A woman who had been treated for the same disorder by mercury was suffering from this poison in her bones. They had become so sensitive to the weather that on a damp day she suffered excruciating pain in her joints and bones. She, too, was cured entirely by your Sarasparilla in a few weeks. I know from its formula, which your agent gave me, that this Preparation from your laboratory must be a great remedy; consequently, these truly remarkable results with it have not surprised me.

Fraternally, yours, G. V. LARIMER, M. D.

Rheumatism, Gont, Liver Complaint. Syphilis and Mercurial Disease.

Rheumatism, Goat, Liver Complaint.

INDEPENDENCE, Proston Co., Va., 6th July, 1852.
DR. J. G. AYER. Sir: I have been afflicted with a painful chronic Rheumatism for a long time, which ladled the skill of physicians, and stuck to me. in splite of all the remedies I could find, until I tried your Sarsuparilla. One bottle cured me in two weeks, and restored my general health so much thist I am far better than before I was attacked. I think it a wonderful medicine. S. FREAM. Jules Y. Getchell, of St. Louis, writes: "I have been afflicted for years with an affection of the Liver, which destroyed my health. I tried every thing, and overy thing falled to relieve me; and I have been a broken-down man for some years from no other cause than derangement of the Liver. My beloved pastor, the Rev. Mr. Espy, advised me to try your Sarsaparilla, because he said he knew you, and my thing you made was worth trying. By the bloods as to make a new man of me. I feel young again. The best that can be said of you is not half good enough."

Schirrus, Cancer Tumors, Enlargement, Ul-Rheumatism, Gont, Liver Complaint.

Schirrus, Cancer Tumors. Enlargement, Ul-ceration, Carles, and Exfoliation of the Bones. A great variety of eases have been reported to us where cures of these formidable complaints have resulted from the use of this remedy, but our since here will not ad-mit them. Some of them may be found in our American Alminac, which the agents below named are pleased to furnish gratis to all who call for them.

Dyspepsia. Heart Disease, Fits, Epilopsy, Melancholy, Neuralgia.

Many remarkable cures of these affections have been made by the alterative power of this medicine. It stimulates the sital functions into vigorous action, and thus overcomes disorders which would be supposed beyond its reach. Such a remedy has long been required by the necessities of the people, and we are confident that this will do for them all that medicine can do.

for THE RAPID CURE OF
Coughs, Colds, Influenza, Hoarseness,
Croup, Bronchitis, Incipient Consumption, and for the Relief of Consumptive Patients, in advanced
stages of the Disease.

This is a remedy to universally known to surpass any other for the cure of throat and lung complaints, that it is uscless here to publish the evidence of its virtues. Its unrivalled excellence for coughs and colla, and its truly wonderful cures of pulmonary disease, have made it known throughout the civilized nations of the earth. Few are the communities, or even families, among them who have not some personal experience of its cilects—some living trophy in their midst of its victory over the subtlet and dangerous disorders of the throat and lungs. As all know the dreadful fatality of these disorders, and as they know, too, the effects of this remedy, we need not do more than to assure them that it has now all the virtues that it did have when making the cures which have won so strongly upon the confidence of mankind. Prepared by Dr. J. C. AYER & CO., Lowell, Mass.

and the control of th REPORT OF SOLON ROBINSON

OF THE NEW YORK TRIBUNE, VINELAND SETTLEMENT. The following is an extract from the report o Bolon Robinson. Esq., published in the New York Tribone, in reference to Vineland. All persons can read this report with interest.

Advantages of Farming near Home-Vineland-Re marks upon Marl-Soil, its great Fertility-lhe Cause of Fertility-Amount of Crops Produced-

Cause of Fertility - Amount of Crops ProducedPractical Evidence.

It is certainly one of the most extensive fertile Aracts in an almost level position, and suitable condition for pleasant farming that we know of this side of the western prairies. We found some of the older farms apparently just as profitably productive as when first cleared of forset fifty or a hundred years ago.

The geologist would soon discover the cause of this continued fertility. The whole country is a marine is positional all through the soil we found evidences of the careons substances, generally in the form of indulated calcareous mart, showing many distinct forms of ancats shells, of the tertiary formation and this marily substance is contered all through the soil, in a very comminate form, and in the care condition most carly assimilation by such plants as the farmer desires to cuit, ans.

Marl, in all far forms has been used to fertile or crops in England, from the time it was occupsed by the Renard and apread over the field. How most more valuable than a valuable hed of manner, that can be different carted and apread over the field. How most more valuable than the men found already mixed that call the soil, where new particies will be turned as and exposen and transformed to the owner's use 'every time he stire the earth.

Having then satisfied our minds with the careo, they

it must the when found already mixed that each the son, where new particles will be turned a, and expoeen, and transformed to the owner's use "every time he safes the earth.

Having then satisfied one minds with the came, they will not be excited with wonder at seeing indivitable exidence of fertility of a coil which in our situations, having the same general characteristics or at least appears, the earth of the minds in the teather in the same general characteristics or at least appears, the earth of the promoted by artineial fertilization.

A few words about the quality and value of this land for cultivation, of which we have some errong proof.

Our first visit was to William D. Wilson. Frankin township, Gloucester county, who purchased some which miles north of Miellle, about three years ago, for the purpose of establishing a steam mill, to work up the timber into lumber, to send off by the new radinoad, as well as the freewood and coal, for which he would not do not hade the mile and a half long. He also farnished stateen miles with the road whith ties, and had no doubt made the mile profitable, though his main object was to open a firm having become convinced that the soil was valual is to cultivation. In this he has not been disappeint, do as some or his crops prove. For instance, the sectad time of cropping, 306 bushels of potators, on one acre, worse 60 cents a highel in the field. This year, seven acre, without manure, produced 335 bushels of data. In our field, the first crop was polators, planned and server without manure, produced 355 bushels of data. In our field in first case, seven acre, without manure, produced 355 bushels of data, in our field under and sown to buckwheat which yields o 325 bushels; and the substitution, which gave as a first crop 24, done per aire.

The fertilizer applied to these crops were first, as farmed under and sown to buckwheat which yields o 325 bushels; and then the special power of the State.

At Mary Barrow's, an old yield Jone per aire.

The fertilizers applied to the soft was not interfuced in the truck patiely had not been clowered, and had been in cultivation long enough to obtine at all signs of the forest.

Our next visit was to the large farm of Andrew Sharp, five miles north of Milville, from half to a hile cast of the railroad, and just about in the centre of Vine and Mr. Sharp commenced work here in December, 1888, ag on 470 agrees. In less than three years he has got 25% or the railroad, and just about in the centre of Vine and Mr. Sharp commenced work here in December, 1888, ag on 470 agrees. In less than three years he has got 25% or forty feet, and a smaller house for farm index rail or jode fende; has built a two-story dwelling, about thurly stable got 25% of forty feet, and a smaller house for farm index re, and a stable and granary and some other, outbuildings.

Considerable part of the land was cleared for the pibot at 9th chlars an are, and on some of the first crop was backwheat, limed with 50 ushole in powfer per acre. This crop may be put in from July 4th to 20th, and was backwheat, limed with 50 ushole with 150 pounds of Peruvian guano and seeded with 150 pounds of Peruvian guano and seeded with type, yielded 12 to 15 bushels per acre and ten dollars you'll of stray. The restubble turned, after knocking off a large growth, of oak sprouts, and dressed again with guano and seeded with respectively the was the plant grain, and the straw's very heavy.

We went over the stubble and found the wheat got 15 miles were the stubble and found the wheat with out harrowing, looking as well as we ever san it upon any old entities of arm, and with a fittle work done to the wife to the land was planted with a fittle work done to the wife to the land was planted with a fittle work done to the wife to the land was planted with postatores for a fire-rop, which yielded ste handred and twenty bushels perace, a cover 15 bushels perace, and the land was planted with postatores for a fire-rop, which yielded ste handred and twenty bushels perace, a over 15 bushels perace, a

over 15 bushets per acre, and the closes how nows out that.

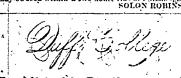

Other portions have been planted with corn, as a first-rap, which yielded thirty bushels of yellow first corn, and the second crop forty bushels, and the third cross treated 150 pounds of guano, we are sure no one would estimate below forty bushels per acre.

[The reafter will recoiled that the writer's now speaking of lands perfectly new and which can senecely be founded and out of the product of the produ Ayer's Cherry Pectoral
