-Counterfeit and altered Treasury notes, of every denomination, are becoming quite plenty. Those handling money han better keep a sharp lookout.

-Itas said that a careful calculation shows that in some of the agricultural districts the tax levied by the federal government, will not pay the cost of collect-

The will of President Van Buren has been admitted to probate at Hudson. It is dated January 18th, 1860, and com-mences as follows:—"I, Martin Van Buren, of the town of Kinderhook, county of Columbia, and State of New York, heretofore Governor of the State, and more recently President of the United States, but for the last and happiest year of my life a farmer in my native town, do make and declaro the following to be my last will and testament," &c.

Those of the drafted men who have not yet reported will be sent for by the Provost Marshal in a few days. They will saye a good deal of trouble and expense by reporting at once.

The Radicals before the election sentenced Gov. Seymour to be hang. The people, however, commuted the sentence to two years confinement in the Executive Mansion at Albany.

European Government are still considering the question of intervention.-Mr. Cameron states that three immense iron clad steam rams are being constructed in England, with which it is supposed an attack will be made upon our North-ern cities. The sympathy for the Rebels in Europe is represented to be increasing

-The Providence Post has a letter from a distinguished officer at Hilton Head, which states that the recent expedition to Pocotaligo, captured three colored soldiers, dressed in the uniform, and armed with the muskets which they had received from Gen. Hunter. They were of those who deserted to the rebels.

-It is conceded by officers in the armv, that McClellan was marching his for ces with more regularity and celerity than at any other period during the war, when he was relieved of his command.-The entire movement was thoroughly organized. One is naturally inclined to ask if this were the cause of his removal.

LET 'EM MARCH. - "Old John Brown's soul is marching on," and the Abolition party is marching after it. Everybody knows where to. A safe journey and a long stay to the beauties.

The report of the new Government loan has gone through the country like the news of a victory, and been received with as much gladness by the friends of the Union. The facts explain themselves even when given with telegraphic brevi ty. The Secretary offered a loan of thir teen millions of 7-30 Treasury bonds, for two years from the 1st October last .-Thirty millions were bid for it at rates va rying from par to 4 1-8 per cent. premium. On the 14th, inst. the bids were o pened. \$9,505,000 were accepted at prices above \$103-05, and the balance of the loan, \$4,108,000, was apportioned among bids amounting to \$6,910,000 at \$103.05.
