

he has given us on this occasion shall outlive the malice of his detractors and form a bright chapter in his unassailed history. (Great cheering.) And recalling what has been said in injury of him and the attacks which have been made upon our friends for the part they have taken in the struggle of the last few months, and in consideration of the change in public opinion that is going on around us, I call to mind the language of a favorite poet:

Though thoughts brood o'er the past, our eyes
With smiling features gleam;
For lo! our day bursts up the sky,
Lean out our souls and listen.

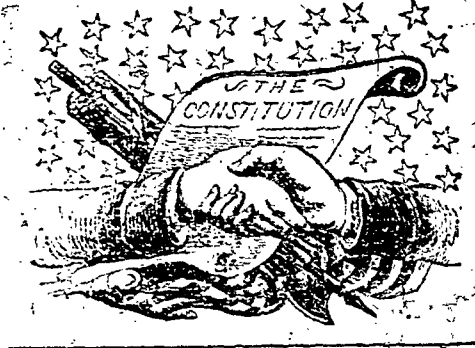

The world rolls freedom's radiant wave,
And ripens with her sorrows;
Keep heart, who bear the cross to-day
Shall wear the crown to-morrow.

(Great and continued cheering.)

The chairman then stepped forward with a very pretty bouquet in his hand received from two young ladies in the audience—as patriots, as they were beautiful—and presented it to Governor Seymour, with the remark:

"I am requested by some young ladies in the house to tender you this bouquet in the full and confident belief that before these flowers fade you will be elected Governor of Connecticut." (Great cheering.)

MASS CONVENTION.

The Democratic citizens of Susquehanna County are invited to meet in Mass Convention at the Court-house, in Montrose, on Monday evening, April 6th, 1863, to appoint Delegates to our State Convention, for the nomination of State Officers, &c.

C. M. GERE,
Ch'n Co. Com.
Montrose, March 16, 1863.

At the municipal election in Harrisburg on Friday last, A. L. Roumfort, Democrat, was elected Mayor.

Dr. E. P. Brush, of Springville, has received a commission as Assistant Surgeon in the army, and starts immediately to join his regiment. "Dr. B. looks like a man who could stand 'the tug of war'."

Read the extracts from old files of Greeley's Tribune, in another column. They show, when compared with his present attitude, what fearful plunges and floundering a demagogue can make when guided solely by the devil.

A NEW DODGE.

The Abolition party, which has changed its name almost as often as there are letters in the alphabet, knowing that both the party and its principles have become odious in the eyes of the people, and that numbers of the Republicans are leaving it as rats quit a sinking ship, the leaders have hit upon a new name, and acting upon the old plan, as soon as they saw defeat overwhelming them, they resort to an alias, changing their name, hoping in the disguise to blind the people. It won't do—the disguise is too flimsy—it is already seen through. The iniquities of your party are too great to be concealed in any other way than by an overwhelming defeat at the next election. Your party may swear its members into the "League," but it will be of no avail, you are still the same Abolition party that has robbed the Government and deceived the people by false promises and rank deception. Your dark lanterns and illegal oaths will not save you. The handwriting is upon the wall, the people are indignant, and will hurl you from power.

DESTRUCTIVE FIRE IN MONTROSE.

TRIPLE FOUNDRY BURNT!

Loss Estimated at \$50,000!

About 3 o'clock on Friday morning last the large Iron Foundry and Shops of Messrs. Sayre Brothers, in this village, were discovered to be on fire. When first discovered, the main building, including the Moulding room, Machine shop and Store room, Smith-shop, &c, was all in a blaze. Nothing was saved from this building. All the buildings being of wood, the flames spread rapidly to the adjoining sheds and out-houses, all of which were burned, together with the large building known as the Plow shop. There being but little wind, by hard fighting the fire was confined to the block on which the Foundry was situated. Had there been a high wind, such was the headway of the fire when first discovered, some of the surrounding dwelling-houses must have been destroyed. The firemen and citizens worked well, but the old story, "scarcity of water," was a serious drawback.

Some stock and tools were saved from the Wood shop, but the mass of stock, materials, tools, &c, were destroyed. Mr. Osgood, Scale manufacturer, in the main building, lost everything. Messrs. Sayre lose some \$40,000, about one-fourth of which, we learn, is covered by insurance. B. S. Bentley, Esq. loses \$7,000. Some 50 or 60 workmen are thrown out of employment by this unfortunate affair. The origin of the fire is unknown.

Public Meeting.

At a meeting of the citizens of Montrose and vicinity, convened at the Court House Saturday evening, March 21st, to devise ways and means to assist our fellow townsmen, Messrs. Sayre Bros., for the immediate erection of Buildings and machinery for the continuing of the Foundry and other Manufacturing Business—lately destroyed by fire.

The meeting was called to order by S. Mitchell, Esq.

On motion, Wm. H. Jessup was elected Chairman, and C. M. Gere, Secy.

Remarks were then made by B. S. Bentley, F. B. Streeter, A. Chamberlin, B. S. Bentley Jr., A. Lathrop, Dr. E. Patrick and Hon. M. C. Tyler.

On motion of C. E. Brown—

Resolved, That this meeting deem it highly important that ways and means be devised to aid our unfortunate fellow citizens, Messrs. Sayre Bros., in the immediate erection of buildings and machinery for the continuing of the Foundry and manufacturing business, lately destroyed by fire, and that this meeting tender their sympathy to them, and Mr. Osgood also, a sufferer by the fire.

Resolved, That a committee of three be appointed to ascertain the amount of debts owing by Sayre Bros., and the names of their creditors, to devise a plan to be adopted by all the creditors for the postponement of their claims, and to procure the assent of the creditors to the same, and to report at a subsequent meeting.

Resolved, That said committee consist of Messrs. A. Lathrop, G. V. Bentley and M. C. Tyler.

Resolved, That a proper subscription paper be prepared by said committee to be presented to the citizens of Montrose and vicinity for their donation, &c.

Resolved, That the proceedings of this meeting be published, and that the meeting adjourn to meet at the Court House, Tuesday evening, March 31st.

OUR HARRISBURG LETTER.

CAPITOL HILL, March 20.

The bill relative to the publication of Sheriff's Sales, to which I referred in my letter of three weeks ago, has passed both branches. As it is of some local importance, I quote it in full.

AN ACT
Relating to Sheriff's Sales in Susquehanna county:

SECTION 1. Be it enacted by the Senate and House of Representatives of the Commonwealth of Pennsylvania in General Assembly met, and it is hereby enacted by authority of the same, That the provisions of an act entitled "An act relating to Sheriff's Sales in Luzerne county," approved the 18th day of April, anno domini, one thousand eight hundred and sixty-one, be and the same are hereby extended to the county of Susquehanna. Provided, That said selection shall not be restricted to newspapers published at the county seat, but the said notices may be directed to be published in any papers in the county, anything in the act to which this is a supplement to the contrary notwithstanding; and if no such directions be given by the party or his attorney, then the Sheriff shall make the publication as heretofore.

The Luzerne Act is as follows:

AN ACT Relating to Sheriff's Sales in the county of Luzerne.

SECTION 1. Be it enacted by the Senate and House of Representatives of the Commonwealth of Pennsylvania in General Assembly met, and it is hereby enacted by authority of the same, That from and after the passage of this act, in all cases of sheriff's sales of real estate in the county of Luzerne, the publication of notices of said sales shall be made in any two newspapers published at the county seat of said county, and may be directed by the attorney or party issuing or having charge of the writs, upon which direction shall be indorsed on the precept to the prothonotary, and by him indorsed on the writ; and so much of any law as is inconsistent herewith, is hereby repealed, so far as relates to said county.

Approved April 18th, 1861.

An act has been passed reviving the charter of the Jefferson Railroad company. It provides for building a railroad from Hawley, in Wayne county, through Honesdale, and thence to connect with the Erie Railway at the mouth of Starucca Creek, near Lauesboro. Urbane Burrows, John Smiley, Ira Nichols, J. B. Gregg, and Samuel Falkenbury are among the corporators.

The city election comes off here to-day. The abolition party are using every effort to defeat the will of the people. About 500 soldiers have been sent away from here within the past two days, to prevent them from voting, as they would mostly have voted the Democratic ticket. The shameless prostitution of its military power to political purposes by the administration is beginning to be realized by the people, and a day of retribution must follow.

The House has voted to adjourn from the 27th of March to the 26th of May.—The resolution goes to the Senate for concurrence. A. J. G.

ITEMS.

The reason assigned at the Treasury Department for suspending the printing of the postal currency, 25 and 50 cent notes, is that there is already a sufficient amount of such paper in proportion to the other denominations. The fact that there are counterfeits did not influence this action.

A public speaker in New Hampshire recently stated that Mr. Lincoln stated in his presence that "the radicals threatened to place a Dictator over him if he did not issue the emancipation proclamation." And these radicals are the men who talk about "supporting the government." They would be ready to overthrow the government to-morrow if it did not suit them.

White man and black man had a talk in Baltimore. White told Black, "this is your war; you ought to fight." Black retorted, "nigger has nuffin to do wid dis war." "Two dogs fight over a bone." "Did you ever see de Bone fight?"

The Judiciary Committee of the Pennsylvania House of Representatives has reported a bill to prevent the immigration of negroes and mulattoes into the State. It prevents any such persons from coming into Pennsylvania, either temporarily or permanently.

A letter from Tybee Island, below Savannah, says: On the evening of the 9th a steamer came into the harbor, fired two guns, and left again before the guns of the fortification, six in number, could be brought to bear on her. The fort was in charge of Lieut. Albert F. Miller, with a detachment of the 48th New York. It is supposed, that she was the Alabama, or the Florida, or a blockade runner.

The admirers of the immortal bard claimed for him a foresight as little short of inspired prophecy. He wrote not for a day, but for all time. It would certainly seem that when he wrote "he who steals my purse steals trash," he referred prophetically to pocket books containing postage stamps and shipplasters.

We understand that efforts have been made not only in the Department of Gen. Banks, but at Newburn and other places, to induce the Nine Months troops to enlist for the war, and extra efforts in some cases have been made. There are but few who are willing to forego the prospect of a visit to their homes at the end of their term of service, after which, doubtless, a considerable number would be willing to rejoin the Union armies in the field.—Boston Traveler.

A long letter from Parson Brownlow, dated Nashville, March 6th, among other things says:—I told the people of the North, in my speeches, as thousands of them will recollect, what I now repeat—that is to say, one half of all the slaves in the seceded States will fight for their owners, and fight to perpetuate their own bondage.

A telegram from Charleston, in the Richmond papers of the 18th, states our signal corps on Hilton Head was recently captured en masse by the rebels.

From Fernandina, via Port Royal, we receive news indicating a reverse met by the force of 1,000 negroes which ascended St. Mary's river on the 9th of March, and it was even thought that it had probably been captured. The object of this expedition was to supply arms to all slaves whom it could incite to insurrection. Colonels Higginson and Montgomery commanded the blacks. If taken they and other white officers were probably shot.

Washington, March 17, 1863.—Major Gen-Fremont left for New York to-night, his interview with the Secretary this morning having proved unsatisfactory.—Before the adjournment of Congress several leading Republican Senators were assured on the highest possible authority that he was about to be restored to active service in a field that would satisfy his friends.

Much speculation is indulged in concerning the action of the government respecting the affairs of Utah. Private parties have suggested different courses of policy. From what has transpired to-day it is probable that Gov. Harding and the judges complained of by the Mormons will be sustained. It is said by gentlemen well acquainted with Utah affairs, that the arrest of Brigham Young by Judge Kinney was an arrangement agreed upon between the two to test the constitutionality of the anti-polygamy law, and to create the impression that there is no resistance to judicial process in that territory.

The hopeful news that we have been receiving from Vicksburg is somewhat dampened by the last report in regard to the Yazoo Pass expedition. Yazoo City still flies the rebel flag, and the story of the capture of the enemy's transports in the Yazoo River is pronounced bosh.—One of our gunboats was seriously worsted last Friday in an encounter with a rebel battery at the junction of the Yalabusha and Tallahatchie Rivers. The Lake Providence Canal was finished, and water was probably let in on the 18th inst.

The Richmond Whig of the 17th says that Admiral Farragut attacked Port Hudson at 12 o'clock on the night of the 14th, attempting to run by the batteries under cover of the darkness. One of his vessels was burned to the water's edge, another shot through and through, and a third badly crippled. One only succeeded in getting past; the rest were driven back.

The Journal, of Louisville, Ky., is alarmed as to the safety of that city, and recommends that it be immediately made secure by fortifications.

It is said in Washington that a draft of five hundred thousand men is soon to be ordered, and that arrangements have been made to enforce the conscription without difficulty. How is that to be done? We should like to know. "Enforce it without difficulty." The Union Leagues are probably depended upon for that purpose.

Scarcely had these fond parents left the grave of their lovely little, before they were again called to weep over the loss of their only son. Clouds and darkness seem to gather about them, "but He who doeth all things well," we trust has ordered it for their good.

State Convention.

The Democratic State Central Committee of Pennsylvania, some months since met in Reading and fixed the time for holding the next State Convention at Harrisburg on the 17th of June, to nominate a candidate for Governor and Judge of the Supreme Court. Subsequently some of the members of the Committee who were not in attendance at Reading, requested the Chairman to call the Committee together again for the purpose of reconsidering the former action. The Committee met on Saturday evening the 7th inst., at the Merchant's Hotel, in Philadelphia; twenty-seven members being present, and after a full discussion of the subject and interchange of sentiment, the motion to change the day was voted down. The day originally fixed upon, therefore remains, which is Wednesday the 17th of June. This gives four months for the campaign, which in the present unsettled condition of the country is ample time for a vigorous canvass. The Democracy will go into the contest with a determination to succeed, and their efforts will be crowned with success.

CONFESED AT LAST—That Herrick Allen's Gold Medal Saleratus is the best article known for making nice light Bread, Biscuit, Pies, Puddings, &c. Baseless imitators are trying to palm off to the public their article, saying it is Gold Medal, or as good; therefore, all who would preserve their stomachs and health, look and see that the name of Herrick Allen is on the wrapper and be not put off with the spurious because the Merchant tells you that it is as good. Have nothing but the genuine Gold Medal. Dyanpeptics can use it, and it will do them good. Try it.
