SUMMARY OF WAR NEWS-The Way Army Resolutions are made.

Democrats, whose sentiments are known, from McClellan down, bave been dismissed from the army and abolitionists appointed. The administration writes resolutions, where officers cannot, and they are presented to regiments to be vovote for these resolutions under the penalty of that tyranny which always ensures some sort of punishment, and no officer (if he wished) dare refuse to sign them ban of excommunication. Readers of Republican papers have doubtless seen within the past few weeks, a string of resolutions condemnatory of democrats, purporting to have been passed by a regiment of diafted men from Monroe and Lehigh counties. We had the pleasure of seeing and conversing last week with Capt. Schadt, of the 167th Pennsylvania Militia, who refused his signature to these resolutions and was for that reason dismissed from his command without pay !--Capt. Schadt informed us that the resolutions were brought to the men by the officers-that no meeting of the regiment was called-and that every man was informed that whoever did not vote for and sign them was to be regarded as: a traitor !! Capt S., as was said before, refusd, when one of the Colonels immediatethreatened him with the consequences, and in two days after he received his "dishonorable discharge" from the War Department! This is the way public sentiment is manufactured in the army. Capt. Schadt, however, will be taken care of by his people. We shall not be surprised to see him in the legislative halls next Winter as the representative of Lehigh county.

Another striking instance of the practical freedom allowed by this "free speech party," is found in the case of Lieut. A. J. Edgerly, of the 4th New Hampshire volunteers, who was sent home to vote, and afterwards dismissed by the WarDepartment for voting the democratic ticket.! What private, captain or lieutenant, therefore, date oppose the schemes of theabolitionists? They get up resolutions, and no. wonder they pass! No wonder they pass unanimously! Such is abolition manhood ! Let their truckling press crow no more over resolutions from the army .- Luzerne Union.

A Significant Fact.

You cannot find a Democrat north of Mason and Dixon's line that has ever utof the Union. You cannot find ong who does not claim a faithful observance of the Constitution and the due execution of the laws. This cannot be truthfully said of Black Republicans. Men who are in the highest favor at Washington have denounced the Union accursed, and the Constitution a compact with Beelzebub; and yet these are the men who denounce Democrats as traitors, and who desire to carry out their long cherished purpose of disruption by force, intimidation, and nuarit.
