I did not get a furlough as I expected. The reason is because there are too many away now from this corps.

SUMMARY OF WAR NEWS.

The news from Vicksburg is still unde cisive and unsatisfactory. Gen. Grant seems likely to be able to maintain the siege until he burns out or starves out the rebel forces. On the 8th, we had reports that the enemy had but ten days supply, and could not hold out much longer. A terrific hombardment was at once opened upon the city; but later reports state that they can hold out thirty days upon one meal a day.

Those cases are purposely taken from all sections of the country, in order that every reader may have access to some one who can speak to him of its benefits from personal experience. Scrofula depresses the vital energies, and thus leaves its vic-tims far more subject to disease and its fatal results than are healthy constitutions. Hence it tends to shorten, and does greatly shorten, the average dura-tion of human life. The siege of Vicksbirg was favorably pro-gressing, and the Union army seems still, confident of ability to protect its rear.
