ease, low living, disordered digestion from unhealthy food, impure air, filth and filthy habits, the depressing vices, and, above all, by the venereal infection. Whatever be its origin, it is hereditary in the constitution, descending "from parents to children unto the third and fourth generation;" initeed, it seems to be the rod of Him who says, "I will visit the iniquities of the fathers upon their children." The diseases which it originates take various names, according to the organs t attacks. In the lungs, Scrofula produces tubercles, and finally Consumption; in the glands, swellings which suppurate and become alecrous sores; in the stomach and bowels, derangements which incoduce indigestion, dyspepsia, and liver complaints; on the skin, eruptive and cutaneous affections. These all having the same origin, require the same remedy, viz., purification and invigoration of the blood. Purify the blood, and these dangerous dis-empers leave you. With feeble, foul, or corrupted blood, you cannot have health; with that "life of the flesh" healthy, you cannot have scrofulous

Ayer's Sarsaparilla

s compounded from the most effectual antidotes that medical science has discovered for this afflict-ing distemper, and for the cure of the disorders it entails. That it is far superior to any other remedy yet devised, is known by all who have given it a trial. That it does combine virtues truly ex-traordinary in their effect upon this class of com-plaints, is indisputably proven by the great multi-tude of publicly known and remarkable cures it has made of the following diseases: King's Evil or Glandular Swellings, Tumors, Eruptions, Pimples, Blotches and Sores, Erysipelas, Rose or St. Anthony's Fire, Salt Rheum, Scald Head, Coughs from tuberculous deposits in the lungs. White Swellings, Debility, Dropsy, Neuralgia, Dyspepsia or Indigestion, Syphilis and Syphilitic Infections, Mercurial Diseases, Female Weaknesses, and indeed, the whole series of complaints that arise from impurity of the blood. Minuto reports of individual cases may be found in Aten's American Almanac, which is furnished to the druggists for gratuitons distribution, wherein may be learned the directions for its use, and some of the remarkable cures which it has made when all other remedies had failed to afford relief. Those cases are purposely taken from all sections of the country, in order that every reader may have access to some one who can speak to him of its benefits from personal experience. Scrofula depresses the vital energies, and thus leaves its victims far more subject to disease and its fatal results than are healthy constitutions. Hence it tends to than are hearthy constitutions. Hence it tends to shorten, and does greatly shorten, the average dura-tion of human life. The vast importance of these considerations has led us to spend years in perfect-ing a remedy which is adequate to its cure. For all Rheamaticand Nervous Disorders it is truly infallible and as a curative for sores, wounds, sprains, bruises, &c., its soothing, Incaling and powerful strengthening properties, excite the just wonder and astonishment of all who have ever given it a trial. Over one thousand certificates of remarkable cures, performed by it within the last two years, attest the fact.
