A Strange Dose.

One pleasant Sunday morning, when the liquor law was somewhat enforced in Boston, a tall, rugged Scotchman entered an apothecary store and asked:

"Have ye any spirits of alcohol? The shops are closed, and I canna get a gunigh o'Glenival or Islap. I'm thirsty. Canna ye gie me a wee drap o' somethin' warm in' ?"

It really seemed a hard case, and the good-hearted apothecary helped him to what he supposed to be an uncommonly stiff horn of pure spirits of alcohol.

The man who drank it off gave one wild look, then spread his two hands suddenly over the abdominal portion of his person, and immediately vacated the premises.

The apothecary was startled. What was the matter? He took down the vessel from which he had poured the devouring fluid, and found that he had given the man by mistake a bumper of aquafortis!

He was frightened half to death. The man had left his hat behind him, and the apothecary, bare-headed, rushed out it with it in his hand, his hair flying in the wind, and made hot pursuit after the fugitive; but he was hopelessly gone.

What a life the poor fellow lived for three months! He was afraid to open the daily newspapers, lest he should see recorded the mysterious and melancholy death of his victim in the public streets. At length, however, his fears had died away.

Nothing was heard of the missing sufferer until about six weeks after the event when one Sunday morning who should walk in but the individual himself!

"Have you got any more o' that liquor ye gied me the last time I was here?" said he to the astonished apothecary. "If ye have, gie me a horn. I never tasted anything like it. It went right to the spot, and I felt it for a fortnight!"

But the apothecary contented himself this time by giving his returned customer a glass of pure spirits, and his old hat which he had left the time before.

Traitors.

Not long since a lady residing in the State of New York, while en route for Toledo to visit a friend, met in our depot the lady whom she was wishing to see.—Luckily the latter lady was on her way home, and thus the two traveled the remainder of the journey together. During the trip the following conversation chanc'd to arise:

Toledo—Have you any "Copperhead" Democrats in New York?

New York—Well, no, none that I ever heard of.

Toledo—Have you any "Butternuts" or "Secessionists" there?

New York—I think not. I never heard anything said about them; but perhaps they are known by some other name?

Toledo—Well, have you any traitors in your section?

New York—Traitors? Oh yes, plenty of them; but we call them by a different name in New York—we call them abolitionists there.

The Toledo lady was perfectly dumbfounded by this reply, and had nothing more to say.

From that time until arriving at Toledo the subject of "copperheads" and "traitors" was totally eschewed.

The above narrated occurrence is a fact.—*Cleveland Plaindealer.*

A CUTE TRICK.—A dandy was recently walking under the arcades of the Rue de Rivoli, in Paris, holding in his hand a gold headed cane of splendid workmanship. A man supported by two crutches came up, and asked for alms in a pitiful tone. The dandy, moved to pity, gave the beggar a small silver coin. At the same moment a person near him suddenly exclaimed, "How can you, sir, allow this rogue to deceive you! Please to lend me your cane, and I will show you that this rascal runs better than I can." The dandy, without reflecting, lent his cane; the beggar, the moment he perceived it in his detector's hands, threw away his crutches and took to his heels, and was followed by the man with the cane, whilst the spectators and the dandy particularly, remained in convulsion of laughter at the sight, and exclaiming alternately, "Oh, he will be caught!"—"No, he will not be caught!" But both the racing heroes disappeared at the next turning in the street, and their victim remained waiting for his splendid cane.

Woolyheads and Despots.

The woolyheads are having a grand time with the Russian snobs—suppers, parties, races, dissipation and obsequiousness till one is disgusted. How it looks to see Americans thus feting the nabobs of the most accursed despotism on the face of earth. They are drinking wine, waltzing with shoddy, and being honored by abolition doughfaces because they came from a land where women are knouted till the quivering flesh falls to the ground from their bleeding backs! and where wives of the Polanders are stripped, tied to racks and whipped till death, more generous than humanity, takes the victim to its own heart for shelter. Because they come from the nation, that has sent weeping and bitterness to bleeding and unhappy Poland—that has filled the eyes of Polish mothers with tears—the hearts of Polish maidens of Lithuania to the unbridled lusts of brutal and beastly Cossacks! When America was in the bloody day of its national dawning, brave sons of Poland drew their swords and spilt their blood in our behalf. Poland is now oppressed—Russia is wresting the life blood from that persecuted people and the snobs, nabobs and scullah of America lies and fug the illustrious tyrants,

Vandalism.

From the Dubuque (Iowa) Herald.

A few Republicans, in Iowa, will get a glimpse, at the truth if they read the correspondence of Judge Murdock, which we find published in the McGregor *News*. Judge Murdock is a Republican, undeviating so far as we know, but he has a kind heart in him and drives a candid pen.—He is one of the commissioners to take the vote of the Iowa soldiers, and while at Vicksburg writes home an account of what he saw, which, being published in a Republican paper, will be read by a few members of the Republican party, a little grain of truth, we hope, that will grow how scanty soever the soil it finds a lodgment in.

"Costly edifices," he says, "rural retreats, decorated halls, all perish through wantonness. All along the beautiful streets of Vicksburg are shade trees of every name, to which daily are tied horses and mules until they are stripped of bark, and wither and die. Not a shade tree will be left in the city to put forth its leaves next year. A most beautiful hedge of red cedars is utterly destroyed by the mules that are tied to it to strip it of its bark. The most beautiful and tasty flower gardens are going in the same way. On every plantation outside the city the same spirit of destruction rages. Orchards are cut down and everything planted to make the earth look lovely is uprooted or despoiled." Judge Murdock in conclusion, well asks what all this vandalism is to accomplish. He says:

"The Government may think that the more destruction, the more vandalism that is committed here on this people and their property, the better they will love Union when they return. It may be well enough to try the experiment, but I fear the mistake. My knowledge of human nature teaches me better, and as an humble citizen of this great Republic I enter my protest against laying this county a wide waste of ruins, so that neither soldier, negro, Union man or rebel, can take any good from it."

No. 3.	Small do	5 50
No. 3.	Large Hotel do	14 00
No. 18.	Medium Laundry, { to run by steam	18 00
No. 22.	Large do or hand,	30 00

Nos. 2½ and 3 have no Cogs. All others are warranted. No. 2 is the size generally used in private families.

Orange Judd, of the "American Agriculturist," says of the UNIVERSAL CLOTHES WRINGER:

"A child can readily wring out a tubfull of clothes in a few minutes. It is in reality a clothes saver! A time saver! and and strength saver! The saving of garments will alone pay a large per centage on its cost.—We think the machine much more than pays for itself every year in the saving of garments? There are several kinds, nearly alike in general construction, but we consider it important that the Wringer be fitted with Cogs, otherwise a mass of garments may clog the rollers, and the rollers upon the crank shaft, slip and tear the clothes, or the rubber break loose from the shaft.—Our own is one of the first make, and it is as good as new after nearly four years' constant use."

Every Wringer with Cog Wheels is warranted in every particular. No Wringer can be durable without cog-wheels.

A good Canvasser wanted in every town.

☞ On receipt of the price from places where no one is selling, we will send the Wringer free of expense.

THE ALL SUFFICIENT THREE!
The Great "American Remedies,"
Known as Helmbold's
GENUINE PREPARATIONS, Viz:
HELMBOLD'S EXTRACT BUCHU,
" SARSAPARILLA,
" IMPROVED ROSE WASH.

HELMBOLD'S GENUINE PREPARATION,
"Highly Concentrated" Compound
Fluid Extract Buchu,
A positive and Specific Remedy for diseases of the
Bladder, Kidneys, Gravel, and Dropsical Swellings.

This Medicine increases the power of digestion, and excites the absorbents into healthy action, by which the watery or calcerous depositions, and all unnatural enlargements are reduced, as well as pain and inflamation, and is good for men, woman or children.

HELMBOLD'S EXTRACT BUCHU
FOR WEAKNESSES
Arising from Excesses, habits of Dissipation, Early Indiscretion, or Abuse,

Attended with the following symptoms:

Indisposition to Exertion, Loss of Memory, Weak Nerves, Horror of Disease, Dimness of Vision, Universal lassitude of the Muscular System, Hot Hands, Dryness of the Skin, Difficulty of Breathing, Trembling, Wakefulness, Pain in the Back, Flushing of the Body, Eruptions on the Face, Pallid Countenance, of Power.

These symptoms, if allowed to go on, which this medicine invariably removes, soon follow
IMPOTENCY, FATUITY, EPILEPTIC FITS,

In one of which the patient may expire. Who can say that they are not frequently followed by those "direful diseases,"

Insanity and Consumption.

Many are aware of the cause of their suffering, but none will confess. The records of the insane asylums and the melancholly deaths by Consumption, bear ample witness to the truth of the assertion.

The Constitution, once affected with organic weakness,

Requires the aid of medicine to strengthen and invigorate the system, which HELMBOLD'S EXTRACT BUCHU invariably does. A trial will convince the most skeptical.

Females, Females, Females,

Old or young, single, married, or contemplating marriage,

In many affections peculiar to Females the Extract Buchu is unequalled by any other remedy, as in Chlorosis or Retention, Irregularity, Painfulness, or Suppression of the Customary Evacuations, Ulcerated or Schirrous state of the Uterus, Leuchorrhea or Whites, Sterility, and for all complaints incident to the sex, whether arising from Indiscretion, Habits of Dissipation, or in the

DECLINE OR CHANGE OF LIFE.

Take no Balsam, Mercury, or unpleasant medicine for unpleasant and dangerous diseases.

HELMBOLD'S EXTRACT BUCHU
CURES SECRET DISEASES

In all their stages: at little expense; little or no change in diet, no inconvenience.

TIME NO OBJECT.

It causes frequent desire, and gives strength to Urinate, thereby removing obstructions, preventing and curing Strictures of the Urethra, allaying pain and inflamation, so frequent in this class of diseases, and expelling Poisonous, diseased, and worn-out matter.

Thousands upon Thousands
WHO HAVE BEEN THE VICTIM OF QUACKS,

And who have paid HEAVY FEES to be cured in a short time, have found they were deceived; and that the "Poison," has, by the use of "Powerful Astringents," been dried up in the system, to break out in an aggravated form, and

PERHAPS AFTER MARRIAGE.

USE

HELMBOLD'S EXTRACT BUCHU
For all Affections and Diseases of
The Urinary Organs,

Whether existing in MALE OR FEMALE, from whatever cause originating, and no matter
OF HOW LONG STANDING.

Helmbold's Highly Concentrated Compound
Fluid Extract Sarsaparilla,
SYPHILIS.

This is an effection of the Blood, and attacks the Sexual organs, Linings of the Nose, Ears, Throat, Windpipe, and other Mucus Surfaces, making its appearance in the form of Ulcers. Helmbold's Extract Sarsaparilla purifies the Blood and removes all Scaly Eruptions of the Skin giving to the Complexion a Clear and Healthy Color. It being prepared expressly for this class of complaints, its Blood-Purifying Properties are preserved to a greater extent than any other preparation of Sarsaparilla.

Ayer's
SARSAPARILLA,
THE WORLD'S GREAT REMEDY
FOR
SCROFULA AND SCROFULOUS DISEASES.

From Emery Eddy, a well-known merchant of Oxford, Maine.

"I have sold large quantities of your SARSAPARILLA, but never yet one bottle which failed of the desired effect and full satisfaction to those who took it. As fast as our people try it, they agree there has been no medicine like it before in our community."

Eruptions, Pimples, Blotches, Pustules, Ulcers, Sores, and all Diseases of the Skin.

From Rev. Robt. Stratton, Bristol, England.

"I only do my duty to you and the public, when I add my testimony to that you publish of the medicinal virtues of your SARSAPARILLA. My daughter, aged ten, had an afflicting humor in her ears, eyes and hair for years, which we were unable to cure until we tried your SARSAPARILLA. She has been well for some months."

From Mrs. Jane E. Rice, a well known and much-esteemed lady of Dennisville, Cape May Co., N. J.

"My daughter has suffered for a year past with a scrofulous eruption, which was very troublesome. Nothing afforded any relief until we tried your SARSAPARILLA, which soon completely cured her."

From Charles P. Gage, Esq., of the widely-known firm of Gage, Murray, & Co., manufacturers of enamelled papers in Nashua, N. H.

"I had for several years a very troublesome humor in my face, which grew constantly worse until it disfigured my features and became an intolerable affliction. I tried almost everything a man could of both advice and medicine, but without any relief whatever, until I took your SARSAPARILLA. It immediately made my face worse, as you told me it might for a time; but in a few weeks the new skin began to form under the blotches, and continued until my face is as smooth as anybody's, and I am without a symptom of the disease that I know of. I enjoy perfect health, and without a doubt owe it to your SARSAPARILLA."

Erysipelas—General Debility—Purify the Blood.

From Dr. Robt. Sawin, Houston St., N. Y.

DR. AYER: I seldom fail to remove *Eruptions* and *Scrofulous Sores* by the perseveringuse of your SARSAPARILLA, and I have just now cured an attack of *Malignant Erysipelas* with it. No alterative we possess equals the SARSAPARILLA you have supplied to the profession as well as to the people."

From J. E. Johnston, Esq., Wakeman, Ohio.

"For twelve years I had the yellow Erysipelas on my right arm, during which time I tried all the celebrated physicians I could reach, and took hundreds of dollars worth of medicines. The ulcers were so bad that the bone became visible, and the doctors decided that my arm must be amputated. I began taking your SARSAPARILLA. Took two bottles, and some of your PILLS together they have cured me. I am now as well and round as anybody. Being in a public place, my case is known to everybody in this community, and excites the wonder of all."

From Hon. Henry Monro, M. P. P., of Newcastle, C. W., a leading member of the Canadian Parliament.

"I have used your SARSAPARILLA in my family, for general *debility*, and for *purifying the blood*, with very beneficial results, and feel confidence in commending it to the afflicted."

St. Anthony's Fire, Rose, Salt Rheum, Scald Head, Sore Eyes.

From Harvey Stetler, Esq., the able editor of the Tunkhannock Democrat, Pennsylvania.

"Our only child, about three years of age, was attacked by pimples on his forehead. They rapidly spread until they formed a loathsome and virulent sore, which covered his face, and actually blinded his eyes for some days. A skilful physician applied nitrate of silver and other remedies, without any apparent effect. For fifteen days we guarded his hands, lest with them he should tear open the festering and corrupt wound which covered his whole face. Having tried every thing else we had any hope from, we began giving your SARSAPARILLA, and applying the iodide of potash lotion, as you directed. The sore began to heal when we had given the first bottle, and was well when we had finished the second. The child's eyelashes, which had come out, grew again, and he is now as healthy and fair as any other. The whole neighborhood predicted that the child must die."

Syphilis and Mercurial Disease.

From Dr. Hiram Sloat, of St. Louis, Missouri.

"I find your SARSAPARILLA a more effectual remedy for the secondary symptoms of *Syphilis*, and for syphilitic disease than any other we possess. The profession are indebted to you for some of the best medicines we have."

From A. J. French, M. D., a eminent physician of Lawrence, Mass., who is a prominent member of the Legislature of Massachusetts.

"DR. AYER—My dear Sir: I have found your SARSAPARILLA an excellent remedy for *Syphilis*, both of the *primary* and *secondary* type, and effectual in some cases that were too obstinate to yield to other remedies. I do not know what we can employ with more certainty of success, where a powerful alterative is required."

Mr. Chas. S. Van Liew, of New Brunswick, N. J., had fearful ulcers on his legs, caused by the effects of mercury, or *mercurial disease*, which grew more and more aggravated for years, in spite of every remedy or treatment that could be applied, until the persevering use of AYER'S SARSAPARILLA relieved him. Few cases can be found more inveterate and distressing than this, and it took several dozen bottles to cure him.

Leucorrhœa, Whites, Female Weakness,

are generally produced by internal *Scrofulous Ulceration*, and are very often cured by the alterative effect of this SARSAPARILLA. Some cases require, however, in aid of the SARSAPARILLA, the skilful application of local remedies.

From the well-known and widely-celebrated Dr. Jacob Morrill, of Cincinnati.

"I have found your SARSAPARILLA an excellent alterative in diseases of females. Many cases of irregularity, Leucorrhœa, Internal Ulceration, and local debility, arising from the scrofulous diathesis, have yielded fast, and there are few that do not, when the effect is properly aided by local treatment."

A lady, unwilling to allow the publication of her name, writes:

"My daughter and myself have been cured of a very debilitating Leucorrhœa of long standing, by two bottles of your SARSAPARILLA."

Rheumatism, Gout, Liver Complaint, Dyspepsia, Heart Disease, Neuralgia,

when caused by *Scrofula* in the system, are rapidly cured by this EXT. SARSAPARILLA.

AYER'S
CATHARTIC PILLS,

possess so many advantages over the other purgatives in the market, and their superior virtues are so universally known, that we need not do more than to assure the public their quality is maintained equal to the best it ever has been and that they may be depended on to do all that they have ever done.
