THE PENINSULA CAMPAIGN.

The appended letter from Gen. McClellan to Secretary of War Stanton, appears in the General's forth-coming report, and will be read with interest. It is dated: "Head-quarters Army of the Potomac, Savage's Station, June 28, 1862," and says:

"I now know the full history of the day. On this side of the river—the right bank—we repulsed several strong attacks. On the left bank our men did all that men could do, all that soldiers could accomplish; but they were overwhelmed by vastly superior numbers, even after I brought my last reserves into action. The loss on both sides is terrible. I believe it will prove to be the most terrible battle of the war. The sad remnants of my men behave as men, those battalions who fought most bravely and suffered most, are still in the best order. The regulars were superb, and I count upon what are left to turn another battle in company with their gallant comrades of the volunteers. Had I 20,000, or even 10,000 fresh troops to use to-morrow, I could take Richmond; but I have not a man in reserve and shall be glad to cover my retreat, and save the material and *personnel* of the army. If we have lost the day, we have yet preserved our honor, and no one need blush for the Army of the Potomac. I have lost this battle because my force was too small. I again repeat that I am not responsible for this, and say with the earnestness of a General who feels in his heart the loss of every brave man who has been needlessly sacrificed to-day. I still hope to retrieve our fortunes; but to do this the Government must view the matter in the same earnest light that I do. You must send me very large reinforcements, and send them at once. I shall draw back to this side of the Chickahominy, and I think I can withdraw all our material. Please understand that in this battle we have lost nothing but men, and those the best we have. In addition to what I have already said I only wish to say to the President that I think he is wrong in regarding me as ungenerous when I said that my force was too weak,—I merely intimated a truth which to-day has been too plainly proven. If, at this instant, I could dispose of 10,000 fresh men I could gain the victory to-morrow. I know that a few thousand more men wo'd have changed the battle from a defeat to a victory. As it is, the Government must not, and cannot, hold me responsible for the result. I feel too earnestly to-night,—I have seen too many dead and wounded comrades to feel otherwise than that the Government has not sustained the army. If you do not do so now, the game is lost. If I save this army now, I tell you plainly that I owe no thanks to you, or to any other person in Washington. You have done your best to sacrifice this army.

G. B. McCLELLAN.

To Hon. E. M. Stanton.

We also copy extracts from letters from Lincoln to McClellan:

July 3d he said: I am satisfied that yourself, officers and men, have done the best you could. All accounts say that better fighting never was done. Ten thousands thanks for it.

July 5th he said: Be assured the heroism and skill of yourself and officers and men, is, and for ever will be appreciated.

Was Harrison a Traitor?

Gen. Harrison, during the memorable campaign of 1840, which elevated him to the Presidential chair, made a speech at Fort Meigs, Ohio, in which the following is an extract. If the noble sentiments to which he gave utterance were justly applicable to that period, how much more are they to these times, when corruption, fanaticisism, perjury and lawlessness run rampant:

"The old fashioned republican rule is to *watch the Government*. See that the Government does not acquire too much power. Keep a check upon your rulers. Do this, and liberty is safe. And if your efforts should result successfully, and I should be placed in the Presidential chair, I shall invite a recurrence to the old republican rule, to watch the Administration, and condemn all its acts which are not in accordance with strictest mode of republicanism. Our rulers, fellow-citizens, must be watched. Power is insinuatings. Few men are satisfied with less power that they can obtain. If the ladies whom I see around me were near enough to hear me, and of sufficient age to give an experimental answer, they would tell you that no lover is satisfied with the first smile of his mistress.

It is necessary, therefore, to watch, not the political opponents of an administration, *but the administration itself*, and see that it keeps within the bounds of the Constitution and the laws of the land."

ROBBERY AT THE PHILADELPHIA CUSTOM HOUSE.—Two bags containing together six thousand seven hundred dollars in gold, disappeared rather singularly, at the Custom-house, Philadelphia, a day or two ago. The Cashier, Mr. Allen, had made up a deposit of twenty-one thousand dollars, which was placed in five bags, and left inside his enclosed office, while he went in search of the messenger, to take it to the Treasurer's office, at the mint. The assistant cashier was in the counting room at the time, but being engaged with his duties, his back was towards the money. When the messenger arrived he found but three bags, which he took to the mint, where a count was made and the deficiency discovered. Two of the bags had disappered while the casher was in search of the messenger.

WOOLY THIEVES.—Stealing seems to be the loyal rule with Lincoln's office-holders, and none are punished. Recently three weighmasters in Brooklyn were detected in stealing wool from the wharf.

A Keen War Widow.

A romantic incident occurred in Allegany county, New York, a short time since. A couple were married. The bride was beautiful—eyes like the sun, and all that. The husband was patriotic, he enlisted,—went to war. A libertine of Chautauque county saw the beautiful bride, sought her society, and apparently won her confidence. He proposed an elopement, and she assented. He gave her ten $50 greenbacks to make necessary arrangements. (He must have been a very loyal contractor.) Of course she took the greenbacks. The hour was set, and the villain went to smoke the tardy hours away, when the following tender note was put in his hands:

Mr. ——: I have to inform you that circumstances beyond my control will prevent me from fulfilling my engagement to elope with you to-night. I expect my husband home on furlough soon, to spend Christmas and New Years, when we shall enjoy a hearty laugh at your discomfiture. Meanwhile, I will keep your money as a Christmas present for him, and when this cruel war is over, it will come handy to assist him in business.

Yours, "tenderly," C. T. N.

Nos. 2½ and 3 have no Cogs. All others are warranted. No. 2 is the size generally used in private families.

Orange Judd, of the "American Agriculturist," says of the UNIVERSAL CLOTHES WRINGER:

"A child can readily wring out a tub full of clothes in a few minutes. It is in reality a clothes saver! A time saver! and, strength saver! The saving of garments will alone pay a large per centage on its cost.—We think the machine much more than pays for itself every year in the saving of garments! There are several kinds, nearly alike in general construction, but we consider it important that the Wringer be fitted with Cogs, otherwise a mass of garments may clog the rollers, and the rollers upon the crank-shaft slip and tear the clothes, or the rubber break loose from the shaft.—Our own is one of the first make, and it is as good as new after nearly four years' constant use."

Every Wringer with Cog Wheels is warranted in every particular. No Wringer can be durable without cog-wheels.

A good Canvasser wanted in every town.

☞ On receipt of the price from places where no one is selling, we will send the Wringer free of expense.

The Great "American Remedies," Known as Helmbold's

GENUINE PREPARATIONS, Viz:

HELMBOLD'S EXTRACT "BUCHU."

SARSAPARILLA.

IMPROVED ROSE WASH.

HELMBOLD'S GENUINE PREPARATION,

"Highly Concentrated" Compound

Fluid Extract Buchu,

A positive and Specific Remedy for diseases of the

Bladder, Kidneys, Gravel, and Dropsical Swellings.

This Medicine increases the power of digestion, and excites the absorbents into healthy action, by which the watery or calcerous depositions, and all unnatural enlargements are reduced, as well as pain and inflamation, and is good for men, women or children.

HELMBOLD'S EXTRACT BUCHU

FOR WEAKNESS

Arising from Excesses, habits of Dissipation, Early Indiscretion, or Abuse,

Attended with the following symptoms:

Indisposition to Exertion	Loss of Power,
Loss of Memory,	Difficulty of Breathing,
Weak Nerves,	Trembling,
Horror of Disease,	Wakefulness,
Dimness of Vision,	Pain in the Back,
Universal lassitude of the Muscular System,	Flushing of the Body,
Hot Hands,	Eruptions on the Face,
Dryness of the Skin,	Pallid Countenance,

These symptoms, if allowed to go on, which this medicine invariably removes, soon follow

IMPOTENCY, FATUITY, EPILEPTIC FITS,

In one of which the patient may expire. Who can say that they are not frequently followed by those "direful diseases."

Insanity and Consumption.

Many are aware of the cause of their suffering, but none will confess. The records of the insane asylums and the melancholly deaths by Consumption, bear ample witness to the truth of the assertion.

The Constitution, once affected with organic weakness,

Requires the aid of medicine to strengthen and invigorate the system, which HELMBOLD'S EXTRACT BUCHU invariably does. A trial will convince the most skeptical.

Females, Females, Females,

Old or young, single, married, or contemplating marriage,

In many affections peculiar to Females the Extract Buchu is unequalled by any other remedy, as in Chlorosis or Retention, Irregularity, Painfulness, or Suppression of the Customary Evacuations, Ulcerated or Schirrous state of the Uterus, Leucorrhœa or Whites, Sterility, and for all complaints incident to the sex, whether arising from Indiscretion, Habits of Dissipation, or in the

as no Balsam, Mercury, or unpleasant medicine for unpleasant and dangerous diseases.

HELMBOLD'S EXTRACT BUCHU

AND NO EXPOSURE.

It causes frequent desire, and gives strength to Urinate, thereby removing obstructions, preventing and curing Strictures of the Urethra, allaying pain and inflammation, so frequent in this class of diseases, and expelling Poisonous, diseased, and worn-out matter.

Thousands upon Thousands

WHO HAVE BEEN THE VICTIM OF QUACKS,

And who have paid HEAVY FEES to be cured in a short time, have found they were deceived, and that the "Poison" has, by the use of "Powerful Astringents," been dried up in the system, to break out in an aggravated form, and

PERHAPS AFTER MARRIAGE.

FRANKLIN FRASER,

Attorney and Counsellor-at-Law, and J. P.

Montrose, Pa., Aug. 20, 1863.

The particular taint or infection which we call Scrofula lurks in the constitutions of multitudes of men. It either produces or is followed by an enfeebled, vitiated state of the blood, wherein that fluid becomes incompetent to sustain the vital forces in their vigorous action, and leaves the system to fall into disorder and decay. The scrofulous contamination is variously caused by mercurial disease, low living, disordered digestion from unhealthy food, impure air, filth and filthy habits, the depressing vices, and, above all, by the venereal infection. Whatever be its origin, it is hereditary in the constitution, descending "from parents to children unto the third and fourth generation;" indeed, it seems to be the rod of Him who says, "I will visit the iniquities of the fathers upon their children." The disease which it originates take various names, according to the organs it attacks. In the lungs, Scrofula produces tubercles, and finally Consumption; in the glands, swellings which suppurate and become ulcerous sores; in the stomach and bowels, derangements which produce indigestion, dyspepsia, and liver complaints; on the skin, eruptive and cutaneous affections. These all having the same origin, require the same remedy, viz., purification and invigoration of the blood. Purify the blood, and these dangerous distempers leave you. With feeble, foul, or corrupted blood, you cannot have health; with that "life of the flesh" healthy, you cannot have scrofulous disease.

Ayer's Sarsaparilla

is compounded from the most effectual antidotes that medical science has discovered for this afflicting distemper, and for the cure of the disorders it entails. That it is far superior to any other remedy yet devised, is known by all who have given it a trial. That it does combine virtues truly extraordinary in their effect upon this class of complaints, is indisputably proven by the great multitude of publicly known and remarkable cures it has made of the following diseases: King's Evil or Glandular Swellings, Tumors, Eruptions, Pimples, Blotches and Sores, Erysipelas, Rose or St. Anthony's Fire, Salt Rheum, Scald Head, Coughs from tuberculous deposits in the lungs, White Swellings, Debility, Dropsy, Neuralgia, Dyspepsia or Indigestion, Syphilis and Syphilitic Infections, Mercurial Diseases, Female Weaknesses, and, indeed, the whole series of complaints that arise from impurity of the blood. Minute reports of individual cases may be found in AYER'S AMERICAN ALMANAC, which is furnished to the druggists for gratuitous distribution, wherein may be learned the directions for its use, and some of the remarkable cures which it has made when all other remedies had failed to afford relief. Those cases are purposely taken from all sections of the country, in order that every reader may have access to some one who can speak to him of its benefits from personal experience. Scrofula depresses the vital energies, and thus leaves its victims far more subject to disease and its fatal results than are healthy constitutions. Hence it tends to shorten, and does greatly shorten, the average duration of human life. The vast importance of these considerations has led us to spend years in perfecting a remedy which is adequate to its cure. This we now offer to the public under the name of AYER'S SARSAPARILLA, although it is composed of ingredients, some of which exceed the best of *Sarsaparilla*, in alterative power. By its aid, you may protect yourself from the suffering and danger of these disorders. Purge out the foul *corruptions* that rot and fester in the blood; purge out the causes of disease, and vigorous health will follow. By its peculiar virtues this remedy stimulates the vital functions, and thus expels the distempers which lurk within the system or burst out on any part of it.

We know the public have been deceived by many compounds of *Sarsaparilla*, that promised much and did nothing; but they will neither be deceived nor disappointed in this. Its virtues have been proven by abundant trial, and there remains no question of its surpassing excellence for the cure of the afflicting diseases it is intended to reach. Although under the same name, it is a very different medicine from any other which has been before the people, and is far more effectual than any other which has ever been available to them.

AYER'S

CHERRY PECTORAL,

The World's Great Remedy for Coughs, Colds, Incipient Consumption, and for the relief of Consumptive patients in advanced stages of the disease.

This has been so long used and so universally known, that we need do no more than assure the public that its quality is kept up to the best it ever has been, and that it may be relied on to do all it has ever done.
