to press, that Hon. E. B. Chase, District Attorney of this county, breathed his last on Monday night. Mr. C. was a man of fine attainments, and his death is a public loss. The man was in town last week who

Valuable Mining Enterprise.

We have received a copy of the Chief Engineer's "Report on the Property of the Montesuma Copper Mining Company, of Santa Fr, New Mexico." The exist-ence of rich mines in that region was known to the aborigines long before the arrival of the Spanish conquerors, and feeble efforts have been made at different periods to work the mines; but not until 1840 was any considerable success attainat the Keystone Hotel, by Col. C. M. ed. In 1861 the Legislative Assembly of Gere. Netwithstanding the storm, there New Mexico incorporated this Company, was a good attendance, and when supper which is making preparations for a more was aanounced, the tables in the cat- energetic effort to develope the untold company and friends. The Montezuma's estates in the Territory are chiefly located in Manzana, Organ, and San Mignel mountains on the east, Another supper was given to the Co., at and the Jemez Chama and Sierra Ladrone

Some of the Directors of this Company are well known to our readers. They are: Ephraim Marsh, Benjamin G. Clarke, Joseph H. Scranton, John J. Flanagan, C. W. Keiser, Thomas Dickson, Seldon T. Scranton, M. C. Tyler, of Montrose, and Walter E. Lawton.

We understand, that our townsman, Indge Tyler, is also largely interested in some gold mining companies in Colorado, in connection with the present Goverflor, Evans, and others of that Territory and New York City. He is also agent for the as brief as convenient, in their own style, sale of the treasury stock, &c. in two companies-the Eagle and the Hopeboth owning and about to open mines for Incidents and Accidents, Fires, Crimes, the development to the world of the pre- etc., etc., are note-worthy matters. Our cions hidden treasures.

With the settlement of our national items of interest and items of items of interest and items of ite told fortunes must be realized from this new eldorado, (for many of the mines Dundaff. with imperfect working pay a large pro-fit,) and our people will be gratified to know that a citizen of our county-a self-made, energetic, and successful business man, is largely interested, and cannot fail to realize a handsome return for his investments.

What has become of our " patriotic sol-diers friend" that we heard of before election? Then his zeal and efforts to better the condition of the soldier was untiring, and his work never to be remitted. It ap pears to me that the Governor of 1864 is not the same person. He cannot do as some of the Democratic governors in our sister states are doing; give such bounties as will induce the filling our quotas by volunteering, on account of doing injustice to some of the counties that have adopted the large bounty system. He admires the devotion of the people of Pennsylvania in sustaining the government in the one of 0, and a boy of 3. Enquire of W. war against the rebellion, yet has not the W. Shirn and C. N.
