One of the pet schemes of the administration and its sage advisers has exploded. The last Congress appropriated thousands of dollars for the colonization of negroes in Hayti, paying their fare and starting them in life there with a handsome sum of pocket money. After a year of trial the money is expended, the plan a failure, and the few negroes alive petitioning to be brought back. The Democrats ing to be brought back. The Democrats at the time pointed out the fallacy of the Justices fees Clerk's Certificates, and Postage. This is about one-third the sum usually charged for the university of the abolitionists, they were declared the abolitionists accordingly.

-"A Subscriber," and perhaps well wishing friend, writes us to inquire "why, we advertise patent medicines." We will here and now answer him that we do not. Our readers are aware that we have for years excluded everything of the sort, and the only seeming exception that we know of is the advertisement of Dr. J. C. Aver & Co.'s remedies, which now stands in our columns. If our friend does not know-we will inform him that these are not "patent" or even secret medicines .-Their composition has been made as publicly known as any other scientific fact, and has moreover had the approval of the highest medical authority in the land .-But what affords us perhaps still greater confidence in their worth is our personal knowledge of the man who makes them and the results that have followed from their use results as familiar to our read ers and to the whole community as they are to ourselves.

It has been our privilege to know Dr. Ayer ever since he graduated from the Penn. University in the same class with one of our personal friends, nor have we ever ceased to watch with interest his singular success in and untiring devotion to the noble profession he has chosen. If anybody will tell us what we can advertise of more interest to our patrons than remedies that will cure them when they are sick, we shall cheerfully give it the benefit of our circulation .- Tamarora [III.] Bap-. A certain " Rev." Mr. Gilbert, a gunpowder "War Christian," recently declared, in the Cornecticut Legislature, of which he is a member, that "for one, I am not afraid to say, that I had rather lie down and die in my tracks to day, than see any restoration of the Union as it was." He is just the man to volunteer then, as the best means to accomplish his object.

Several days ago the House of Representatives called upon the President to furnish a statement showing the number of re enlisted Veterans from each State. To this the President has replied enclosing a letter from the Secretary of War, who says that in his opinion it would be prejudicial to the public service to transmit to the House at the present time the information requested.

The scrofulous contamination is variously

contamination is variously caused by increarial discussed by increarial discussed by increarial discussed by increasing discrete discussion from unhealthy food, impure air, filth and filthy habits, the depressing vices, and, above all, by the venereal infection. Whatever be its origin, it is hereditary in the constitution, descending "from parents to children unto the third and fourth generation;" indeed, it seems to be the rod of Him who says. "I will visit the industies of the fathers upon their children." The diseases which it originates take various names, according to the organitatisation of finally Consumption; in the glands, swellings which suppurate and become ulcerous sores; in the atomach and bowels, derangements which produce indigestion, dyspopsis, and liver complaints; on the akin, cruptive and cutaneous affections. is compounded from the most effectual antidotes that medical science has discovered for this afflicting distemper, and for the cure of the disorders it entails. That it is far superior to any other remedy act divised, is known by all who have given it a trial. That it does combine virtues truly oxerested acress in their effect upon this deep components. transfilmary in their effect upon this class of com-pliants, is indisputably proven by the great multi-tude of publicly known and remarkable cures it has made of the following diseases: King's Eyil or Glandular Swellings, Tumors, Eruptions, Pimples, Blotches and Sores, Erysipeles, Rose or St. Anthony's Fire, Salt Rheum, Scald Head, Coughs from tuberculous deposits in the lungs, White Swellings, Debility, Dropsy, Neuralgia, Dyspepsia or Indigestion, Syphilis and Syphilitic Infections, Mercurial Diseases, Female Weaknesses, and, indeed, the whole series of complaints that arise from impurity of the blood. Minute reports of individual cases may be found in Ayre's American Almanac, which is furnished to the druggists for grantitous distribution, wherein may be learned the direction for its use, and some of the remarkable cures which is has made when all other remedies had failed to afford roller. The new cases are purposals taken found afford relief. Those cases are purposely taken from all sections of the country, in order that every reader may have access to some one who can speak to him of its benefits from personal experience. Scrofuls depresses the vital energies, and thus leaves its viewed. tims far more subject to disease and its fatal results than are healthy constitutions. Hence is tends to than are healthy constitutions. Hence is tends to shorten, and does greatly shorten, the average duration of human life. The vast importance of these considerations has led us to spend years in perfecting a remedy which is adequate to its cure. This we now offer to the public under the name of ATER'S SARSAPARILLA, although it is composed of ingredients, some of which exceed the best of Sarsaparilla in alterative power. By its nid yeu may notice yourself from the suffering and danger of these disorders. Purge out the foul corruptionations was end-fester in the blood; purge out the causes of disease, and vigorous health will follow. By its peculiar virtues this remedy stimulates the vital functions, and thus expels the distempers which lurk within the system or burseout on any part of it.

part of it.
We know the public have been deceived by many We know the public have been deceived by many compounds of Sarsaparilla, that promised much and did nothing; but they will neither be deceived nor disappointed in this. Its virtues have been proven by abundant trial, and there ramains no question of its surpassing excellence for the cure of the afflicting diseases it is intended to reach. Although under the same name, it is a very different medicine from any other efficient than been before the people, and is far more effectual than any other which has ever been available to them.

TO SLEEP WELL? A BRISK AND VIGOROUS FEELING: If you'do, use HOOFLAND'S GERMAN BITTERS. From Rev. J. Newton Brown, D. D , Editor of the Encyclopedia of Religious Knowledge. of the Encyclopedia of Religious Knowledge.

Although not disposed to favor or recommend Patent Medicines in general, thro' distrust of their ingredient and effects: I yet know of no sufficient reasons why a man may not testify to the benefits he believes himself to have received from any simple preparation in the bope that he may thus contribute to the benefit of othern. I do this the more readily in regard to Hoofand's German Bitters, prepared by Dr. C. M. Jackson, of this city because I was prejudiced against them for many year, under the impression that they were chiefly an alcobolic mixture. I am indebted to my triend Robert Shoemaker, Eag., for the remoyal of this prejudice by proper tests, and for encouragemnt to try tnem, when suffering from great and long continued debility. The use of 3 bottles of these bitters, at the beginning of the present year, was followed by evident relief, and restoration to a degree of bodily and mental vigor which I had not feltor 6 months before, and had almost despaired of regaining. I therefore thank God and my friend for directing me to the use of them.

ATTENTION, SOLDIERS!

And the Friends of Soldiers

We call the attention of all having relations or friends in the army to the fact that "HOOPLAND'S German Bitters" will cure nine-tenths of the diresses induced by exposures and privations incident to camp life. In the lists, published almost daily in the news papers, on arrival of the sick, it will be noticed that a very large portion are unfering from debility. Every case of that kind can be readily cured by Hoofland's German Bitters. Discusses resulting from disorders of the distributions. German Bitters. Discases resulting from disorders of the digestive organs are speedily removed. We have no hesitation in saying that if these Bitters were freely ned among our soldiers, hundreds of lives might be saved that otherwise will be lost.

We call attention to the following remarkable and well authenticated cure of one of the nation's heroes, where life, to use his own language, "has been eaved by the Bitters:"

**Messrs. Jones & Evans;—Weil, gentlemen, your iloof land's German Bitters has saved my life. There is no mistake in this. It is vonched for by numbers of my concrades, some of whose names are spipended, and who were cognizant of all the circumstances of my cose; am, and have been, for the last: Somy years; a member of Sherman's celebrated battery, and under the immediate command of Captain R. B. Ayres. Through the exposure attendant upon my arduous duties, I was sticked in Nov. last, with inflammation of the lungs, and was for 72 days in the hospital. This was followed by great defility, heightened by an attack of dysentery. I was then removed from the White House, and sent to this city on bedret the Steamer "State of Maine," where I landed on the 28th of June. Since that time I have been about as low as any one could be and still retain a spark of visity. For a week or more I was scarcely able to availow anything, and if I not force a morsel down, it was immediately throw my again.

I could not seven keep a glass of water on my stomach. Life could not last under these circumstances; and a cordingly, the physickans who had been working faithfully, though unsuccessfully, to rescue me from the graph of the dread archer, frankly told me they could do no more for me, and advised me to see a cleryman, and to make such disposition ofmy limited funds as pestsuited me. An acquaintance who visited me at the hospital. Mr. Frederick Steinborn, of 6th below Arch sirvet, and kindly procured a bottle. From the time I commenced taking them the gloomy shadow of death receded, and I am now thank God for its, getting better. Though I have taken but two bottles. I have pained ten pounds, and cel sugmine of being permitted to rejoin my wife and daughter, from whom I have heard nothing for 18 months: for genilemen, I am a loyal Virginian, from vicinity of Forsi Royal. To your invaluable Bitters I owe the cortain
