Towanda Mail Route.

Heretofore three trips a week between Montrose and Towanda was satisfactory to the people, and mails went through in one day. But to gratify two or three men, nine trips are now made, but two days are required to reach Towards and two more to return; and even then the routes do not properly connect. How so stupid a scheme could be devised, we are not informed. Two stages per day, over part of the same route, leaving at the same time, is a big thing for Old Abe. It is perhaps a military necessity, to spend a pile-of Greenbacks in such a way as to do the public an injury. A change will be demanded, and powers that be had better comply.

Significant Soldier's Letter.

The following is from the late editor of the Tunkhannock Republican—a Republican sheet:

NEAR PETERSBURG, Va.,) ~July 3, 1864.

DEAR WIFE:-A great many want to know, I suppose, how the last battle went, My answer is, invariably, that we have had but one, and that commenced on the fifth day of May last. The soldiers all console themselves with the belief that this season will end the war, and I believe so myself. If we can't whip them by fall we never can. The soldiers will stand it no longer. They will go for a new administration. In fact I have changed my views considerable from what they were when I left home. There is too much nigger in the present administration, and too many lies published in newspapers.— I find if I want to approximate anywhere near the truth, I have to take it from

Democratic papers. Inclosed you will find a silver dollar, (if it ever reaches you,) which I send to the little "cherub," and one which I prize quite highly for two reasons; one is, because they are very scarce, and the other FARM FOR SALE, is because it is a relic from the battle-field near Petersburg, and was once the property of some Reb. I chanced to pick it up shortly after the battle.

IMPORTANT INVALIDS! IRON IN THE BLOOD:

Tis well known to the medical profession that IRON is the vital principle or life element of the blood.—
This is derived principally from the food we eat; but if the food is not properly digested, or if, from any cause whatever, the necessary quantity of iron is not taken into the circulation, or becomes reduced, the whole system suffers. The bad blood will irritate the heart, will clog up the lungs, will stupefy the brain, will obstruct the liver, and will send its disease producing elements to all parts of the system, and every one will suffer in whatever organ may be predisposed to disease.

The great value of

Iron as a Medicine. is well known and acknowledged b, all medical men—
The difficulty has been to obtain such a preparation of it
as will enter the circulation and assimilate at once with
the blood. This point, says Dr. Hays, Masschusetts
State Chemist, has been attained in the Peruvian Syrup,
by combination in a way before unknown.

The Peruvian Syrup is a protected solution of the protextic of Iron. A new discovery in Medicine that strikes at the Root of Dis-case by supplying the blood with its Vital Principle or Life Element—IRON.

The Peruvian Syrup Cures Dyspepsia, Liver Complaint, Drousy, Pever and Ague, Loss of Energy, Low|Spirits. The Peruvian Syrup es strength, vigor, and new life into the and builds up an "Iron Constitution. The Peruvian. Syrup Cures Chronic Diarrhea, Scrofula, Bolls, Scurvy, Loss of Constitutional Vigor. The Peruvian Syrup

Nervous Affections, Female Complaints, and all diseases of the Kidneys and Bladder. The Peruvian Syrup Is a specific for all diseases originating in a bad state of the Blood, or accompanied by Debility or a low state of the System.
