Remarks.

The Society is now out of debt, and the legacy left by Mr. C. Carmalt is in the hands of the Treasurer, but the amount for fitting up, the grounds and erecting suitable buildings is not one-half what the Butter and Cheese. Best firkin or tub society need for that purpose, and as the place and time to see and welcome our friends, we again hope to see a large attendance, that the receipts may be several hundred dollars over the premiums offered, to add to the amount on hand, which will soon be expended upon the grounds. The Committee will endeavor to make the coming fair as interesting as possible with music and other entertainments.-Come one, and all.

We anticipate a large exhibition of stock, and that all other departments will be well filled. As fruit is abundant, we shall expect to see the hall filled; also the ladies' hall.

I have known Hoofland's German Bitters favorably for a number of years. I have used them in my own family, and have been so pleased with their rifects that I was induced to recommend them to many others, and know that they have operated in a strikingly henreficial manner. I take great pleasure in thus publicty proclaiming this fact, and calling the attention of those afflicted with the discuses for which they are recommended, to these batters, knowing from experience that my recommendation will be sustained. I do this more cheerfully as Hoofland's Bitters is intended to beneat the afflicted, and is "not a rum drink."

I do this the more readily in regard to Hoofland's German Bitters, prepared by Dr. C. Jackson, of this city he cause I was prejudiced against them for many years and er the impression that shey were chiefly an alcoholic mixture. I am indebted to my friend. Robert Shoopen ker Eaq. for the removal of this prejudice by proper tests, and for encouragement to try them, when sunfering from great and long continued debility. The use of three bottles of these bitters at the beginning of the present year, was followed by ordernt relief and rostomion to a degree of bodily and mental vigor which, thad not sight for six months before; and had almost despitived of regalands. I therefore thank God and my friend for directing me to the use of them.

Dr. Jackson: Dear Sir: I have been frequently reconnect my name with commendations of Dr. Jackson: Dear Sir:—I have been frequently requested to connect my name with commendations of different kinds of medicines, but regarding the practice as out of my appropriate sphere. I have in all cases declined; but with a clear proof in various instances, and particularly in my family, of the usefulness of Dr. Hoofinand a German Bitters, I depart for once from my insual course, to express my full conviction that, for general debility of the system and especially for Liver Complaint, it is a safe and valuable preparation. In some cases it may fail; but usually, I doubt not, it will be very beneficial to those who suffer from the above cause.
