Price of Papers.

The prices of all newspapers have been raised so far as we have learned, except this; but unless the elections shall result in a change of Administration we shall increase the price to balance, in part, the depreciation of the currency-Greenbacks being now worth about 44 cents, and sure to be worth less if present policy contin-

Denison's Majority.

Our paper was in type last week when we received the official soldier vote of Luzerne county, and we did not therefore announce the precise majority. Denison's majority on the home vote was 1,241; Ketcham's on the army vote, as returned, 735-leaving Denison's majority, 506; which is not bad for a district that gave Lincoln about 2,500 majority in 1860—s Democratic gain of 3,000 in four years.

Sensation Falsehoods.

When it is remembered that the political, military, and financial stories of the abolition party, for the last few years have been characterized by the grossest falsehoods, the appended letter, copied from the New York Tribune of last Friday, will appear as an average sample of the truth and de-cency of shoddy. This, and Seward's de-spatch are similar to many other reports set afloat just before election, in various parts of the country. See what the lying sneak in Montrose says:

To the Editor of The N.Y. Tribune. Sin: I fear our people are not awake to their duty in the coming election. I have, until within the last three or four weeks, been opposed to the election of Abraham Lincoln, and have had abundant opportunities to learn the spirit and feelings that actuate the enemies of Freedom, Union and Right. The leaders in the Copperhead party in this section, thinking one of them in principle and wish, have let me into their secret conclaves, and I write what I know, when I say that the supporters of McClellan will stop at nothing necessary to carry the election. Among the States set down by them as sure are ALL THAT BORDER ON CANADA. They say Vermont will cast her first vote against the opponents of Democracy in November. Ask them how such a change is possible, and they answer: "There's time enough to colonize every waste place with Democrats before the 8th. One of the leading Mc-Clellan men in this county, who has for the last ten years been the prime mover in every gathering and demonstration of the party, and has recently returned from a tour through New-York State, having spent some time in Albany, made a re mark the other evening that I consider worthy of notice. Five or six Copper-heads were listening to the recital of incidents coming under his notice while in

"Any hopes? By G-we'll carry New-York, Pennsylvania, four of the Eastern States, New-Jersey, and almost the entire

Albany. Said one of them: "Do you

think B-there's any hopes of our suc-

 $\mathbf{West.}$ "I hope you're right," was the reply, " but I declare it looks dubious." " That's because you ain't in the ring," replied B "I've learned more since I was away then I ever thought of before. I can't tell you the particulars now, but you may bet your life there'll be more revolvers at the polls in November than at any election we ever had yet. McClellan must be elected .-Every Democratic vote will be polled, but you'll see that it will be too warm for all the Montrose, will be liberally rewarded. tf

This is the temper exhibited by the New York Wholesale Prices, Copperheads here. I know they expect to carry the election by fraud in spots.-Wherever they are strong enough, the Union ists will be bullied and browbeaten and forced from the polls. Rebels and sympathizers will swarm from Canada border and overwhelm the loyal, legal citizens. This is the only hope of the miscreants who plot to overthrow our Government. Lay the subject before your readers, and impress upon them the necessity of being prepared

It is the duty, Sir, of the loyal lovers of law and order to go to the polls armed to the teeth. Let the young men arm themselves with pistols or rifles, or both, in every election district within 200 miles of the border. Let them go thus prepared to the polls—cast their ballots, and then remain ready and willing to " cast their bullets," should it be necessary.

From the Rev Levi G. Beck, Pastor of the Baptist Church, Pemberton, N. J., formerly of the North Baptist Church, Pemberton, N. J., formerly of the North Baptist-Dinrch, Philadelphia:

I have known Hoofland's German Bitters favorably for a number of years. I have used them in my own family, and have been so pleased with their effects that I was induced to recommend them to many others, and know that they have operated in a strikingly beneficial manner. I take great pleasure in thus publicly proclaiming this fact, and calling the attention of those smilicted with the diseases for which they are recommended, to these Bitters, knowing from experience that my recommendation will be sustained. I do this more cheerfully as Hoofland's Bitters is intended to benefit the afflicted, and is 'not a rum drink.'

Yours Truly.

LEVI G. BECK.

Although not disposed to favor or recommend Patent Medicine in general, through distrust of their ingredients and effects, I yet know of no sufficient reasons why a man may not testify to the benefits he believes himself to have received from ray simple preparation, in the hope that he may thus contribute to the benefit of others.

hope that he may thus contribute to the beneat of others.

I do this the more readily in regard to Hoofland's German Bitters, prepared by Dr. C. Jackson, of this city, because I was prejudiced against them for many years, under the impression that they were chiefly an alcoholic mixture. I am indebted to my friend. Robert Shoemsker Eaq., for the removal of this, prejudice by proper tests, and for encouragement to try them, when suffering from great and long continued debility. The use of three bottles of these bitters at the beginning of the present year, was followed by evident relief and restoration to adegree of bodily and mental vigor which I had not felt for six months before, and had almost despaired of regaining. I therefore thank God and my viried for

that Church.

Dr. Jackson:—Dear Sir:—I have been frequently requested to connect my name with commendations of different kinds of medicines, but regarding the practice as out of my appropriate sphere, i have in all cases declined; but with a clear proof in various instances, and particularly in my family, of the usefulness of Dr. Hoof-land's German Bitters, I depart for once from my usual course, to express my full conviction that, for general abbility of the system and especially for Liver Complaint, it is a safe and valuable preparation. In some cases it may fail; but usually, I doubt not, it will be resybeneficial to those who suffer from the above cause.

Yours, very respectfully,
J. R. KENNARD.

From the Rev. Thomas Winter, Pastor of Roxborough Baptist Church.

Dr. Jackson: Dear Sir:—I feel it due to your excellent preparation, Hoofand's German Bitters, to add my testimony to the deserved reputation it has obtained. I have for years, at times, been troubled with great disorder in my head and nervous system. I was advised by a friend to try a bottle of your German Bitters. I did so, and have axperienced great and unexpected relief; my health has been very materially benefited. I confidently, recommend the article where I ment with cases similar to my own, and have been assured by many of their good effects.

Respectfully yours.

T. WINTER, Rexborough, Ps.

From the Rev. J. S. Herman, of the German Reformed Church, Kutziown, Berks county, Pa. Dr. C. M. Jackson:—Respected Sir:—I have been troubled with Dyspeplanearly twenty years, and have never used any medicine that did me as much good as Hoodand's Bitters. I am very much improved in health after having taken five bottles.

Yours, with respect,

J. S. HERMAN.
