COUNTY AFFAIRS. Only One Bollar

Our friends will please notice that the price of the Montrose Democrat, (until otherwise stated) will be reduced to the very low rate of ONE DOLLAR per year in advance, payable in gold, or silver coin, or bills of specie-paying banks. Those who Wm Ball (14 VIII) George Reip prefet to pay in the common currency of the day, will be charged "two dollars;" Henry Harring which are now worth about 45 cents, each, Owen Headling in coin and coin is worth only its former value.::

This is an actual reduction of one-third from our old rates; and we presume no one will ask us to lose more.

Terms positively invariable.

The Secretary of the Treasury gives notice that subscriptions will be received for Conpon Treasury Notes, payable three years from Aug 15, 1864, with semi-annual interest at the rate of seven and three-tenths per cent. per shum, -principal and interest both to be paid in lawful money.

These notes will be convertible at the ontion

These notes will be convertible at the option of the holder at maturity, into six percent, gold hearing bonds, payable not leas than five nor more than iwenty years from their date, as the Government may elect. They will be issued in denominations of \$50, \$100, \$500, \$1, 000 and \$5,000, and all subscriptions must be for fifty dollars.

The notes will be transmitted to the owners free of transportation charges as soon after the receipt of the original Certificates of Deposit as they can be prepared. As the notes draw interest from August 18, persons making deposits subsequent to that date must pay the interest accrued from date of note to date of deposit.

Parties depositing twenty-five thousand dollars and upwards for these notes at any one time will be allowed a commission of one quarter often per cent, which will be paid by the Treasury Department upon the receipt of a bill for the amount, certified to by the officer with whom the deposit was made. No deductions for commissions must be made from the deposits.

SPECIAL ADVANTAGES OF THIS LOAN.

It is a National Savince Bank, offering a higher rate of inferest than any other, and the best accurity.—Any savings bank which pays its depositors in U.S. Notes, considers that it is paying in the best circulating medium of the country, and it cannot pay anything better, for its own assets are either in government securities or in notes or conds payable in government paper. It is equally convenient as a temporary or permanent investment. The notes can always be sold for within a fraction of their face and accumulated interest, and are the best security with banks as collaterals for discounts. Convertible into a Six per cent. 5-20 Gold Bonds.

In addition to the very liberal interest on the notes for three years, this privilege of conversion is now worth about three years, the per abnum, for the current rate for 5-20 Bonds is not less than nine per cent. premium, and before the war the premium on six per cent. U. S. stocks was over twenty per cent. It will be seen that the actual profit on this loan, at the present market rate, is not less than ten per cent. per annum.

Its Exemption from State or Municipal Taxation.

But aside from all the advantages we have enumerated, a special act of Congress exempts all Bonds and Treasury Notes from local taxation. On the average, this exemption is worth about two per cent. per annum, according to the rate of taxation in various parts of the country.

It is believed that no securities offer so great inducements to lenders as those issued by the government. In all other forms of indebtedness, the faith or ability of private particle, or stock companies, or separate communities, only, is pledgedfor payment, while the whole property of the country is held to secure the discharge of all the obligations of the United States.

While the government offers the most liberal terms for its loans, it believes that the very strongest appeal will be to the loyalty and patriotism of the people.

Duplicate certificates will be issued for all depositis.—

The party depositing must endorse upon the original certificate the denomination of the Notes required, and eviting the spend of the Notes required, and whether they are to be issued in blank or payable to order. When so endorsed it must be left, with the offereceiving the deposit, to be forwarded to the Treasury Department.

Department.

READ WHO SATS 5 From the Rev. Levi G. Beck, Paster of the Baptist Church, Pemberton, N. J., formerly of the North Bap-tist Church, Philadelphin:

I have known Hoofland's German Bitters a vorably for a number of years. I have used them is my own family, and have been so pleased with their effects that I was induced to recommend them to many others, and kno x that they have operated in a strikingly beneficial manner. I take great pleasure in thus publicity proclaiming this fact, and calling the attention of those afflicted with the diseases for which they are recommended, to these Bitters, knowing from experience that my recommendation will be sustained. I do this more cheerfully as Hoofland's Bitters is intended to benefit the smitched, and is 'not a rum drink.'

Although not disposed to favor or recommend Patent Medicines in general, through distrust of their ingredicule and effects. I yet know of no sefficient reasons why a man may not testify to the benefits he bulleves himself to have received from say simple preparation, in the hope that he may thus contribute to the benefit of others.

hope that he may thus contribute to the benefit of others.

I do this the more readily in regard to Hoofand's German Bitters, prepared by Dr. C. Jackson, of this city, because I was prejudiced against them for many years, ander the impression that they were chiefly an alcoholie mixture. I am indebted to my friend, Robert Shoumaker Esq., for the removal of this prejudice by proper tests, and for encouragement to try them, when suffering from great and long continued debility. The use of three bottles of there hitters at the beginning of the present year, was followed by evident relief and restoration to a degree of bodily and mental vigor which I had not felt for six months before, and had almost despaired of regaining. I therefore thank God and my friend for directing me to the use of them.

From the Rev. Jos. H. Kennard, Pastor of the 10th Reptist Church.

Dr. Jackson: Dear Sir: —I have been frequently requested to connect my name with commendations of different kinds of medicines, but regarding the practice as out of my appropriate aphere, I have in all cases declined; but with a clear proof in various instances, and particularly in my family, of the usefulness of Dr. Hoofiand's German Bitters, I depart for once from my usual course, to express my full conviction that, for general debility of the system and especially for Liver Complaint, it is a safe and valuable preparation. In some cases it may fall; but usually, I doubt not, it will be vary beneficial to those whose uffer from the above causs.

Yours, very respectfully.

From the Roy. Thomas Winter, Pastor of Roxboreagh Baptist Church. Haptist Church.

Dr. Jackson: Dear Sir:—I feel it due to your excellent preparation, Hoofand's German Blitters, to add my testimony to the deserved reputation it has obtained. I have for years, at times, been troubled with great disorder in my head and nervous system. I was advised by a friend to try a bottle of your German Blitters. I did so, and have experienced great and unexpected relief; my health has been very materially benefited. I confidently recommend the article where I meet with cases similar to my own, and have been assured by many of their good effects.

Respectfully yours.

From the Rev. J. S. Herman, of the German Reformed Church, Kurgtown, Berks county, Pa. Dr. C. M. Jackson: Respected Sir:—I have been troubled with Dyspesia nearly twenty years, and have never used any medicine that did me as much good as Hoofiand's Bitters. I am very much improved in health after having taken five bottles.

Yours, with respect.
