#### AFFAIRS.

#### Soldiers' Aid-Supper.

The Montrose Soldiers' Aid Society will give their Supper on Friday evening of the present week, at the Keystone Hall, in place of Kirby & Bacon's, on account of more ample reception rooms.

Here is an opportunity for every one to do their part toward sending warmth and comfort and good cheer to the poor soldiers for the coming winter.

So come to the Supper. Don't fail to come, and bring your friends, to the Sup-Mrs. H. C. TYLER, Sec'y.

#### Price of Wood.

Wood has been in demand at \$2 a cord, but the result of the election and the certainty of what necessarily follows has put the price up from 25 to 50 cts. We used to get a cord and a half for our paper one year, and now we ought to have a cord. We hope, however, that men who sell a load of wood for \$2,50, won't think that \$2 is too much to pay for a newspaper.

Montrose Railroad. The examination of a route down the Snake Creek, heretofore referred to in this paper, shows a possibility of building the road-an event greatly advantageous to votes with. the land and business interests within the vicinity of the route.

#### Notice to Subscribers.

If the present extortionate price of paper. (28 cts. a lb) continues, we shall be compelled to raise the subscription price of the Gazette to \$2,50 at least, if not \$3,00 a year. This course will be as disagreeable to us, as it will be unacceptable to our readers, but positive necessity drives us to it. When we raised our terms to \$2 a year, paper was held at 18 cts., and we did not dream that it could go higher; as that was an advance of 125 per cent. on the old price; but since then, it has been steadily going up, until it has reached 28 cents, or 250 per cent. higher than it was in 1862 and previous. At this rate every number of the Gazette we issue is a loss to us, which is more than we can bear. We are willing to do without profit while these times last, but we cannot, if we would, work at a loss; and we feel certain that our customers do not desire us to do so.—Reading Gazette.

#### Salt River Trip.

Very little is said by shoddy about the "copperheads" being sent up Salt River; and one may think this queer, for as "the war will end in 'sixty days,' " the " traitors' should be sent away lest they keep ding to be a Democrat, is not possessed of the war a going by "sympathizing with that faith in the Union and moral courage the rebels." But there is a powerful obiection with knowing shoddies against sending off the "despicable traitors here in our midst." They dread several more "last drafts" for 300,000 more, and they want somebody besides "loyal men" to fill their quota.

#### Only One Dollar.

Our friends will please notice that the price of the Montrose DEMOCRAT, (until otherwise stated) will be reduced to the which is warranted to exclude the drafts very low rate of ONE DOLLAR per year in advance, payable in gold, or silver coin, or doors. Many recommend the neat little bills of specie-paying banks. Those who invention very highly, as it also excludes prefer to pay in the common currency of the rain. Call on Mr. H#zleton and look the day, will be charged "two dollars;" which are now worth about 45 cents, each, He charges nothing for an examination, in coin-and coin is worth only its former

This is an actual reduction of one-third from our old rates; and we presume no of wood this winter, and make your house one will ask us to lose more.

Terms positively invariable.

-The Southwark Bank, Philadelphia, and the Pittsburgh Bank, are the only ones in this State that now pay specie and all the banks in other States, like the Government, have suspended specie payment till after shoddy tumbles in pieces.

#### Death of Abram Fordham

We observe in the list of deceased federal prisoners of war, published in the N. Y. Times of Monday last, the name of A. Fordham, Co. D. 50th Penn's Volunteers. Mr. Fordham died at Andersonville, Geo., June 26th, 1864. He was taken prisoner by the rebels while on detached duty, in Tennessee, about a year ago, incarcerated for a short time at Libby prison, Rich. mond, and afterwards sent to Andersonville, where, like many other brave fellows, he perished in a miserable death.

#### The Soldier Vote.

As returned, the soldier vote for this county foots up, McClellan 104, Lincoln 357. Total county vote: McClellan 2,999, Lincoln 4208. It is the largest Democratic vote ever polled in the county, and the abolition majority is over 700 less than in 1860.

-Among other means used to chest the soldiers, and increase Lincoln's vote, was the circulation, among Democratic soldiers of the Lincoln electoral ticket with McClellan's portrait at their head, So we learn from a soldier,

#### Teachers' Association.

The Susquehanna County Teachers Association adjourned to meet at Montrose on the last Monday in Dec. (26th) to continne in session for one week.

Eminent educators have agreed to be present. Every teacher who can possibly attend, is strenuously urged to do so. He or she can thus benefit himself or herself, benefit others, and benefit the cause.

Those who desire Certificates now, or next Spring, or any time hereafter, can save time and make it advantageous to come and work.

Particulars to be published soon. E. A. WESTON, Co. Sup't. Brooklyn, Nov. 21, 1864.

#### Beware of Croaking.

Mr. Editor: Some persons have been disgusted at hearing it said that "there never will be another presidential election in this country." The object, or at least the effect of such talk, would tend toward strengthening the shoddy party by inducing Democrats to abandon hope instead of standing firm and preparing to win future victories at the polls. I suspect that any man who uses language like that quoted above, is either a sholldy-spy, a man who talks without thinking, or, if pretenand perseverance, which are essential elements in a DEMOCRAT.

#### Avoid the Drafts.

Every one is aware that a series of severe drafts must be endured before spring, and each family would like to know how to escape them at a small cost. The best way of which we hear is to call on J. B. Hazleton, in Montrose, and order "Clay's Patent Weather Strip," of cold air which come in around outside at it, and buy or not, just as you choose. and an explanation of its merits, but invites all to come and see it.

#### Suicide in Wyalusing.

Isaac Middaugh, an esteemed citizen of Wyalusing township, apparently in usual health, arose on the morning of the 6th of October, and attended to his chores, ate his breakfast as usual, took his gun and rake, and went a short distance from his house to a buckwheat field, apparently to rake buckwheat, and as appeared by cir-cumstances, sat down, took the shoe and stocking from his right foot, placed his powder horn in his shoe, took the ramrod from his gun, it extending a little beyond the end, placed the muzzle of the gun in his mouth and pulled it off with his toe; it was loaded with shot, a part of which passed on the outside of his cheek bone and came out, passing through the rim of his hat, the rest of the charge passed in-side killing him instantly. When discov-ered not long after, he lay extended on the ground with his gun lying on his body. SPECIAL ADVANTAGES OF THIS LOAN. It is a National Savinos Bank, offering a higher rate of interest than any other, and the best security.—Any savings bank which pays its depositors in U.S. Notes, considers that it is paying in the best circulating medium of the country, and it cannot pay anything better, for its own assets are either in government securities or in notes or bonds payable in government paper. It is equally convenient as a temporary or permanent investment. The notes can always be sold for within a fraction of their face and accumulated interest, and are the bestseenity with banks as collaters for discounts.

Convertible into a Six per cent. 5-20 Gold Honds. In addition to the very liberal interest on the notes for three years, this privilege of conversion is now, worth about three per cent. per annum, for the current rate for 5-20 Bonds is not less than nine per cent. premium, and before the war the premium on six per cent. U. S. stocks was over twenty per cent. It will be seen that the actual profit on this loan, at the present market rate, is not less than ten per cent. per annum.

Its Exemption from State or Hunicipal Taxation. But aside from all the advantages we have enumerated, a special act of Congress exempts all Bonds and Treasury Notes from local taxation. On the average, this exemption is worth about two per cent, per annum, according to the rate of taxation in various parts of the country.

this exemption is worth about two per cent. Per annum, according to the rate of taxation in various parts of the country.

It is believed that no securities offer so great inducements to lenders as those issued by the government. In all other forms of indebtedness, the faith or ability of private parties, or stock companies, or separate communities, only, is pledgedfor payment, while the whole property of the country is held to secure the discharge of all the obligations of the United States.

While the government offers the most liberal forms for fits loans, it believes that the very strongest appeal will be to the loyalty and patriodism of the people.

Duplicate cartificates will be issued for all deposits,—The party depositing must endorsa upon the original certificate the denomination of the Notes required, and whether they are to be issued in blank or payable to order. From the Rev. Levi G. Bock, Pastor of the Baptist Church, Pemberton, N. J., formerly of the North Rep-tist Church, Philadelphia: I have known Hooftseed. German Bitters favorably for a number of years. I have used them in my own family, and have been so pleased with their effects that I was induced to recommend them to many others, and kno s that they have operated in a strikingly beneficial manner. I take great pleasure in thus publicly proclaiming this fact, and calling the attention of those afflicted with the discusses for which they are recommended, to these Bitters, knowing from experience that my recommendation will be sustained. I do this more cheerfully as Hooftand's Bitters is intended to benefit the afflicted, and is "not a rum drink."

Yours Truly, LEVI G. BECE.

From Rev. J. Newton Brown. D. D., Editor of the En-orclopia of Religious Knowledge, and Christian Chron-icle, Philadelphia.

Although not disposed to favor or recommend Patent Medicines in general, through distrust of their ingredi-cats and effects. I yet know of no sufficient reasons why a man may not testify to the benefits he believes himself to have received from my simple preparation, in the hope that he may thus contribute to the benefit of oth-ers.

bope that he may thus contribute to the benefit of others.

I do this the more readily in regard to Hoofland's German Bitters, prepared by Dr. C. Jackson, of this city, because I was prejudiced against them for many years amount of the impression that they were chiefly an alcoholid mixture. I am indubted to my friend, Robert Shoemaker F.q., for the removal of this prejudice by proper tests, and for encouragement to try them, when suferious from great and long continued debility. The use of three bottles of these bitters at the beginning of the present year, was followed by evident relief and restoration to a degree of bodily and mental vigor which I had not felt for six months before, and had almost despaired of regalning. I therefore thank God and my friend for directing me to the use of them.

From the Rev. Jos. H. Kennard, Pastor of the 10th Bap-tist Church.

Dr. Jackson:—Dear Sir:—I have been frequently re-quested to connect my name with commendations of Br. Jackson:—Dear Sir:—I have been frequently requested to connect my name with commendations of different kinds of medicines, but regarding the practice as out of my appropriate sphere, i have in all cases declined; but with a clear proof in various instances, and narticularly in my family. of the usefulness of Dr. Hoofland's German Bitters, I depart for once from my usual course, to express my full conviction that, for general debility of the system and especially for Liver Complaint, it is a safe and valuable preparation. In some case it may fail; but usually, I doubt not, it will be very beneficial to those who suffer from the above cause, Yours, very respectfully.
