Bank Robbery.

On Friday night last the banking house of Chase, Chandler & Co., of Great Bend, was entered by some one through the window, leading into the back part of the building, used as a printing office; and a sack of pennies that happened to be left out of the safe, about \$1 worth of postage stamps, and some change from the drawer of the News Office, on the other side of the building were taken. Whoever it was, found that the treasures supposed to be in a bank, are not so easily accessible, even after the room is entered .- Pennsyl.

Affection of the Spine Cured.

Hantfond, Conn., Nov. 11th, 1861.

Messrs. Thos. Allcock & Co.:—Please send with dispatch twelve dozen Allcock's Porous Plasters. Our daily experience confirms their very superior excellence. At this moment of writing, a man applies for one, who by entanglement in the shaft of machinery, had both his legs broken, spine severely injured, and was for nearly a year entirely helpless. This man found relief very soon by the application of a plaster to his spine. He was soon enabled to work, and now he labors as well as ever. He would cheerfully pay \$5 for a single Plaster if they could not be had at a lower rate. I am surprised that surgeons do not make use of these perforated plasters, to the exclusion of all others, as their flexibility sud adhesiveness are greatly in advance of all other plasters with which I am acquainted; while the perforations peculiar to them rendered them greatly superior to all others for ordilary surgical uses. Knowing the Plasters to be so useful, I have no scruples that my sentiments should be known.

IMPORTANT TO EVERYBODY

THE preservation of the natural Teeth is unquestionably one of the most important considerations that claims the attention of all thoughtful, sensible persons. To accomplish this, some of the most skillful and talented men of our country have been and are still engred. Among them we will mention Dr. J. 8, Smith, of New York, who has spent the last thirty-five years constantly at the eperating chair—never in all that time meddling with plate work, or allowing his sitention to be distracted from the great object and triumph of the profession, viz: the preservation of the Natural Teeth. At the solicitation of the people of Hopbottom and vicinity I have made arrangements with him to visit that place on the 221 of the present month, and remain as long as the prompt patronage of the people in that vicinity will warrant.

SCHENCK'S MANDRAKE PILIS FOR LIVER COMPLAINT.

A SUBSTITUTE FOR CALOMEL. If your bowels are costive. TRY THEM. If you have worms TRY TREM. If your breath is bad. TRY THEM.

If you feel drowsy, TRY THEM. If you are low spirited, TRY THEM. If you have a sick headache, TRY THEM. If you have taken a drop too much

They only cost 25 cents a box. TARE A FULL DOSE. TRY THEM. Blue Mass, and other preparations of Mercury, actually produce more suffering and death than the disenses which they profess to cure. And yet this corresive mineral so denounced by the alloyathic doctors, is prescribed by them almost universally in Liver Com-

plaint. Consumption of Lungs, &c. THE MANDRAKE PILLS

are composed entirely of racts and herbs, obtained from the great storehouse of Nature, and their salutary effects will appear as soon as the medicine is brought to the test of a fair experiment. SCHENK'S MAND. RAKE PHLIS do not produce any nausea or sickness of the stomach; but when given for Dyspepsia, it may be proper to use them in connection with SCHENCK'S SEAWEED TONIC. By this judicious treatment the digestive faculties are speedily restored to their full vigor, and the worst cases of indigestion may be cured. When we reflect that the liver is the largest internal organ of the body, that to it is assigned the important duty of filtering the blood and preparing the bile, that it is subject to many disorders, and that when it is discassed or inactive the whole body suffers sympathetically it is not surprising that a medicine which can restore the healthy operations of the Liver should produce wonderful changes in the greenal health, and effect cures which may appear almost mirsculous. Headache of long continuance, severe pains in the side, breast and shoulders, aching of the limbs, a feeling of general weakness and wretchednes, and other alarming and distressing symptoms, indicative of imperfect or disordered action of the liver, are speedily removed by the use of SCHENK'S MANDRAKE PILLS.

Costiveness, piles, bitter or sour eructations, and that indescribable feeling of oppression, mental anxiety, larguor. lethargy, and dopression of spirits which unit a man for the management of business and the enjoyment of life, are relieved by the use of SCHENCK'S MANDRAKE PILLS.

a man for the management of business and the enjoyment of life, are relieved by the use of SCHENCK'S MANDRAKE PILLS.

Da. SCHENCK.—Dear Sir: I take pleasure in sending you a certificate in addition to many you have aiready received from suffering humanity. I can scarcely find language sufficiently strong to express my heartfelt gratification of the wonderful cares your MANDRAKE PILLS and SEAWEED TONIC have effected in the entire care of one of the most stubborn cases of the affection of the liver. For three years I suffered beyond description; all my friends, as well as myself, came to the conclusion that my time in this life was short. So terrible was the condition to which I was reduced that life to me had bocome a burden; my whole system was in a state of inflammation; I could not eat, nor sleep; my whole body was filled with pain; swelling would a rise in my wrists and ankles, rendring them totally useless. On several occasions I was stacked with a rush of blood to the head, which would fell me to the ground, and I would be carried away for dead. I applied to several eminent physicians of our city, who administered all the medicines that they thought would reach my case, but of no savil.

One of them said he could do no more for me, and advised me, as a last resort, to drink cod liver oil. Not reliching the horrid trash I declined to take it. Accident put your advertisement in my hands. I called on you; you examined me and told me the nature of my disease. You then ordered me the Pills and Tonic with an observance of diet. pledging your word that in one week I would find myselfanother man. I followed your advice, and, as you predicted, an astonishing cure was effected. I continued your Pills and Tonic for some time, and now thank God for his goodness, and your variable medicine, I am once more restored to perfect health. I most earnestly recommend those who are suffering from affection of the liver to give your Pills and Tonic a fair trial, and a cure will be effected. I have sent many persons to you, and t
