Now is the time to take a newspaper ion, and the rule of the white man.

Come singly or in clubs. For every bead being severed from his body. club of six, paid for, we will give one copy, free !

If Democrats want men to vote right, they must see that every one reads the the Engineer and Fireman. White Union papers, at once.

to next January, and bring us at least one new subscriber.

Get up clubs in every school district; a vigorous effort will scon enable us to enlarge the paper.

Send the money during April court.

Aliens, Take Notice.

The elections this year will in a measure decide whether the Union is to be restored and ruled by white men, or divi ded and controlled by negroes.

Every alien should take out his naturalization papers, and be prepared to vote. Let every man talk with his neighbors

on this subject, and see that no one is overlooked. Soldiers who have been in the country

one year can get full papers at once. April Court is the time to attend to

this matter.

Federal Office Holders.

We are frequently asked : "Howstand the federal office holders in this county, towards the President." It is not our duty to answer; those gentlemen must stand them ! If they endorse him at all, tain him and repudiate his enemies. They stamp duty as a promissory note. will support Johnson or he must cease to support them.

About Postmasters.

Some of our Postmasters, during a few past years, have interfered in various ways with the circulation of newspapers which did not endorse all the acts of the President. We seldom complained, but waited patiently until complaints would be listened to. It is now time to begin to speak! Some postmasters now obstruct the circulation of newspapers because they endorse the President ! A remarkable change, but a fact; and we csspecially request our friends to report to us all cases of interference with or hostility shown towards papers or documents which approve Andrew Johnson's resto ration policy. No matter whether it be a P. M., a deputy, or a clerk, report the facts.

A large rock fell upon the track which threw the Engine off, and it rolled down the bank for some feet. The Engincer and Fireman escaped unharmed. Internal Revenue Decision.

The Commissioner of Internal Revenue

in reply to a letter in relation to the stamp duty on a subscription paper where the subscribers each agreed to take stock in a railroad company, has decided that such subscription, unless the sum subscribed is paid when the list is signed. is held to create a promise to pay a definite and certain sum of money, and therefore each person signing his name and not paying his subscription at the time should affix and cancel a stamp appropriate to a promissory note of the amount subscribed.
