

FOR GOVERNOR:
HIESTER CLYMER,
OF BERKS COUNTY.

Organize! Organize!

Let us not lose sight of the fact that an important election is approaching. We have a Governor, Congressman, and other important officers to elect.

The disunionists boast that the Philadelphia negroes have raised \$1,280,500 to aid in circulating radical documents.

The Negro above the Mechanic.

But there is still another class for whom no one has yet spoken on this floor, who have contributed to your success not less than the soldier or the creditor.

Consistent in Disunion.

In Congress, on the 3d day of March, 1862, Mr. Holman, of Indiana, (Democrat), offered the following resolution:

Resolved, That in the judgment of this House, the unfortunate civil war into which the Government of the United States has been forced by the treasonable attempt of the Southern Secessionists to destroy the Union, should not be prosecuted for any other purpose than the restoration of the authority of the Constitution.

Negro Equality.

In the Pennsylvania House of Representatives, a few weeks ago a bill was passed prohibiting city passenger railways from refusing to carry negro and white passengers in this same car.

The President's Position.

"I believe the maintenance of this Union depends upon the policy which I have indicated to Congress, and those who sustain that policy are my friends, and those who oppose that policy I certainly have no desire to see elected to any office."

The Colorado Bill.

The House Committee on Territories are understood to be in favor of the passage of the Senate bill for the admission of Colorado. The Republicans will no doubt make a party thing of it, and in that way they can readily get it through the House.

The Civil Rights Bill.

The Civil rights Bill, so called, is a statute to override and set aside the State laws which do not recognize negro equality with the white. Nay, more, it punishes with fine and imprisonment all who make any distinction of color in their acts.

Washing and Wringing Machines.

We would advise all who are interested in labor-saving and economical machines for the household, to pay a visit to the establishment of Mr. R. C. Browning, of the Metropolitan Washing Machine Co., 32 Courtland-st., where the Doty Washing Machine and the Universal Wringing Machine can be seen washing and wringing clothes so well with so little labor.

The Magnificent Johnster.

The prodigy of the menage, a superb specimen of blood, symmetry and intelligence, will be introduced by Madam Robinson. Dr. Stevens' troupe of educated DOGS & MONKEYS, from Ashley Amphitheatre, London. The Famous Trick Mules, Sancho and Paul Pry, unhesitatingly pronounced the wonders of the mule family, will be exhibited at each performance by the trainer, Mr. Covello.

Notice.

My Notes and Accounts will be in the hands of G. L. Stone & Co., a short time for collection.

Disunion Officials Removed.

The President has sent to the Senate the nomination of W. Hampton, Esq., as postmaster at Pittsburgh, Pa., in place of S. F. Von Bouhorst.

The Colorado Bill.

The House Committee on Territories are understood to be in favor of the passage of the Senate bill for the admission of Colorado. The Republicans will no doubt make a party thing of it, and in that way they can readily get it through the House.

The Civil Rights Bill.

The Civil rights Bill, so called, is a statute to override and set aside the State laws which do not recognize negro equality with the white. Nay, more, it punishes with fine and imprisonment all who make any distinction of color in their acts.

Honest Confession.

On the 6th inst., Mr. Lane, of Kansas, in the course of a speech in the Senate on his plan of "Reconstruction," when asked if the President had assured him that he was in favor of the project, said:

Sharp upon the Radicals.

The New York Times, a republican paper, has a sharp article on the radicals in Congress, of whom it says:

Threatened Rebellion.

The Pittsburgh Gazette, an organ of the "traitors at the other end of the line," don't like to see a Union man appointed to the office of Revenue Collector, and proposes to resist or rebel against it as follows:

The President's Position.

"I believe the maintenance of this Union depends upon the policy which I have indicated to Congress, and those who sustain that policy are my friends, and those who oppose that policy I certainly have no desire to see elected to any office."

Clymers Prospects.

From all quarters of the State, we have the most cheering accounts of the popularity of our candidate for Governor, Hiestor Clymer. The Democratic press is most cordial and enthusiastic in his support, and by conversation with and letters from prominent members of the party in various counties, we have reliable information of large accessions to the Democratic ranks, and the most positive assurances of a heavily increased vote.

The Cholera at New York.

The latest news from the cholera is as follows: NEW YORK, April 27.—The cholera down the lower bay, it would seem, is on the decrease, and cases now under treatment are of a less virulent character than those which have been under medicinal care for the past week.

THE TRICK HORSES AND EDUCATED MULES.

Are marvels of equine sagacity, and the latter, while falsifying the old adage of "stubborn as a mule," completely bewilder the spectator with humanlike intellect and comprehensive facile power—in short, in every particular, the Southwestern Circus can lay claim to the title of the Hippo-eronic Model of the Age.
