#### Robbery in Montrose.

A robbery took place in town on Tuesday night last; a brief statement of which is about as follows :

Thos. F. Dunn, Gregg Mulvihiell and George Dennis were arrested and held on suspicion; and we give a brief of main facts and evidence brought out at a hearing before C. Avery, Esq, yesterday.

Alfred Carpenter, a stranger here, for some years and until last month an Eneineer on the Erie Railway, now residing in Deposit, arrived here on the stage at 4 o'clock ; spent the evening mostly at the bi liard saloon, playing billiards and cards, and drinking treely. At a late hour, when the saloon was closed, he went with his companions to Searle's and, after further drinking, proposed to stay all night; but was told that they were full and he had better return to his room at Tarbells. le started, and when in front of the meat urket says he saw a person within arm's ngth, in the act of striking. He rememers no more, except that on recovering omewhat, he was kicked in the mouth. twould appear that he was knocked lown and beaten, as blood was left on the side walk, and a trail as if he was lagged into Searle's barn yard, where here was blood and evidence of some farther violence. When he recovered, he was chilled, and not knowing where he was, crept into a coach, which stood under the shed near him. In the morning, hearing a noise he came out and was discovered by the hostlers. He bore evi-Lace of having been badly beaten about the head and face.

He says he was robbed of about \$290, money, and a silver watch worth about he same amount. John Murray left town next day, and is suspected of complicity, as will be seen from reward notice in another column.

Gregg's clothing had marks of blood,

Endorsement of President Johnson. An immense mass meeting of the friends of President Johnson was held in the Academy of Music, Philadelphia, on Saturday evening 19th. Speeches were made by Senators Cowan, Doolittle and made by Senators Cowan, Doolittle and Norton, and resolutions unanimously passed sustaining, the restoration policy of the President. The meeting was gotten up under the auspices of the "Na-tional Union Johnson Club," of Philadelphia, an organization composed of men who have heretofore been Republicans of the straightest sect.

We extract the following planks from their platform :

3. Resolved, That we indorse the resolution of Congress of July, 1861, declaring the object of the war ou our part to be the defense and maintenance of the supremacy of the Constitution and the preservation of the Union, with the dignity, with maker's warranty, at \$10 to \$15 less equality, and rights of the several States unimpaired.

5. Resolved, That under the Constitution of the United States is reserved to the several States the right to prescribe the qualification of electors therein ; and that it would be subversive of the principles of our government for Congress to force universal suffrage upon portion of the country in opposition to the known wishes of the citizens thereof.

7. Resolved, That all the States of the Union are entitled by the Constitution of the United States to representation in the councils of the nation, and that all loyal members duly elected and returned having the requisite qualifications as prescribed by law, should be admitted to their seats in Congress without unnecessary delay by the respective houses, each house being the judge of the election returns and qualifications of its own membe**r**s.

-The Easton Gengewart, the German organ of the Republicans of Northampton county, has hauled down the Geary flag for Governor. The editor can no longer support the negro suffrage doctrines of Thad: Stevens & Co.

-General Meagher Secretary and Acting Governor of Montana, says the Idaho World, appears to have cut himself loose from the Radical Republican element of that Territory and is acting with the people-that is with the Democratic party.

-Wliether he ever married her or not, it is notorious that Thad Stevens over thirty years ago, stole away the wife of a yellow barber residing in Harrisburg; and it is equally well known that she afterwards presented him with several pledges of her affection, in the shape of thumping babies, who, when they grew up were bountifully endowed with the beauty

of their father. -On the Hudson River Railroad, on Tuesday, a loconiotive ran against a man near Poughkeepsie; picking him np and carrying him ten miles before discovering affairs. Some of his bone state of

We believe there is a Democratic majority in Pennsylvania, but it eannot be made effective at the polls without a well organized effort to bring it out. In no other manner can we counteract the powerful organization of the Union League, which spreads over the country like a great net work. The campaign will open in July, and before that time our forces must be on hand to take an active part in the contest. Organize then,
